

The mission of the Advisory Commission on International Relationships (ACIR) is to promote, facilitate, and nurture international relationships for the City of Great Falls serving as a liaison for information and opportunities. These would relate to areas such as culture, medical, educational, or business.

The vision for the subcommittee is to form a network of Great Falls citizens who are interested in identifying and developing deeper relationships with international citizens in the Great Falls community and surrounding area. This network would meet periodically and be a support to foreign exchange students in Great Falls at both the high school and college level.
