Support Resolution to Study Madison Food Park Impact

Status: Open

I urge your support of the resolutions developed by Mary Moe and the Neighborhood Councils to request the State and County require an in-depth study of the proposed Madison Food Park. The potential impacts this project could have on our city are massive and should not be ignored. It would be shortsighted to allow this to be developed in a piecemeal fashion without a full analysis. Please get behind this citizen-generated effort to guide the development of our city and county.
