Subject: Fire dept response

Hello,

This is Kevin Westie at 602 35th St. N., GTF. During a working session for the commission the Fire Chief gave a brief on response times. In the briefing it was shown the fire dept. is only able to get to

an emergency call with in 4 minutes about 60% of the time. This is an example for 1 of the fire stations. My question is: Will the purchase of the 2019 Pierce Enforcer Fire Apparatus raise the on time response percentage of the fire dept. emergency equipment/personnel?

Thank you,

Kevin Westie
