Subject: Tourism BidBudget Amendment item #13
Date: Tuesday, June 16, 2020 3:33:43 PM

My name is Shyla Patera. I reside at 1013 7th Ave. NW. I wish to comment on the TBID budget amendment that is up for a Public Hearing on tonight's commission agenda.

I view tourism as As an anthem untapped market for this area and Great Falls. Our city needs to focus upon all of its neighborhoods and highlight all of its gems not just those In our downtown district. Our community has much to offer travelers and citizens alike. However if only one area or aspect of growth is highlighted others may never know how unique our city truly is. Great Falls does need to grow not only its tourism industry but also it's community accessibility and affordability options for all.
