Subject: 33% increase in ambulance service rates.
Date: Tuesday, June 16, 2020 4:32:17 PM

Dear Commissioners,

33% increase in payments for anything is outrageous.

Even with Medicare plus insurance it cost me nearly \$400 for a trip

To the hospital within the past year or two. Few elderly persons can take this

Unconscionable raise in cost. And neither can young families.

Maybe the \$10 million should be moved to this need rather than the
Swimming pool etc on the agenda. Just a need based plea for those who
Need ambulance and EMS services.

Have a good meeting.
