Craig,

First of all, thanks to you and Bruce for meeting with us yesterday. We are looking forward to working with both of you regarding proposed Ordinance 3219. At this time, we would ask that you postpone setting a public hearing date for 30 days. We have only had the opportunity to meet one time to discuss the ordinance in depth and would like to have the input of all

interested parties before going forward.

Thank You

Subject: Ordinance 3219

Lisa and Craig,

I am writing this email to request that the commission postpone setting the public hearing for this ordinance for 30 days.

Over the last few months due to circumstances unforeseen by all of us we have not had much opportunity to sit in a room and discuss the details of this proposed ordinance. We had a very good conversation about the intricacies of this ordinance with City staff today, we would like to continue you this type of with design professionals within the community prior to taking any action. I

understand that this only sets the public hearing and that there is time before a vote is taken, however with everything starting to open back up I feel it will be difficult to arrange time in everyone's busy schedule to coordinate these meetings.

Thank you
