Subject: Way finding grant
Date: Monday, April 5, 2021 2:51:43 PM

My name Shyla Patera. As a citizen of Great Falls, I wish to applaud the City of Great Falls for pursuing grants to assist in wayfinding. Wayfinding is a great opportunity to showcase our city and region not only for tourists but residents alike. As a person with a disability who has advocated for way finding and other accessible opportunities and funding for our city, I also hope that we continue community discussions regarding accessible , universally designed housing stock as well accessible and continuous sidewalks.
