

Great Falls Public Schools
COVID-19 Overview
Great Falls City Commissioners

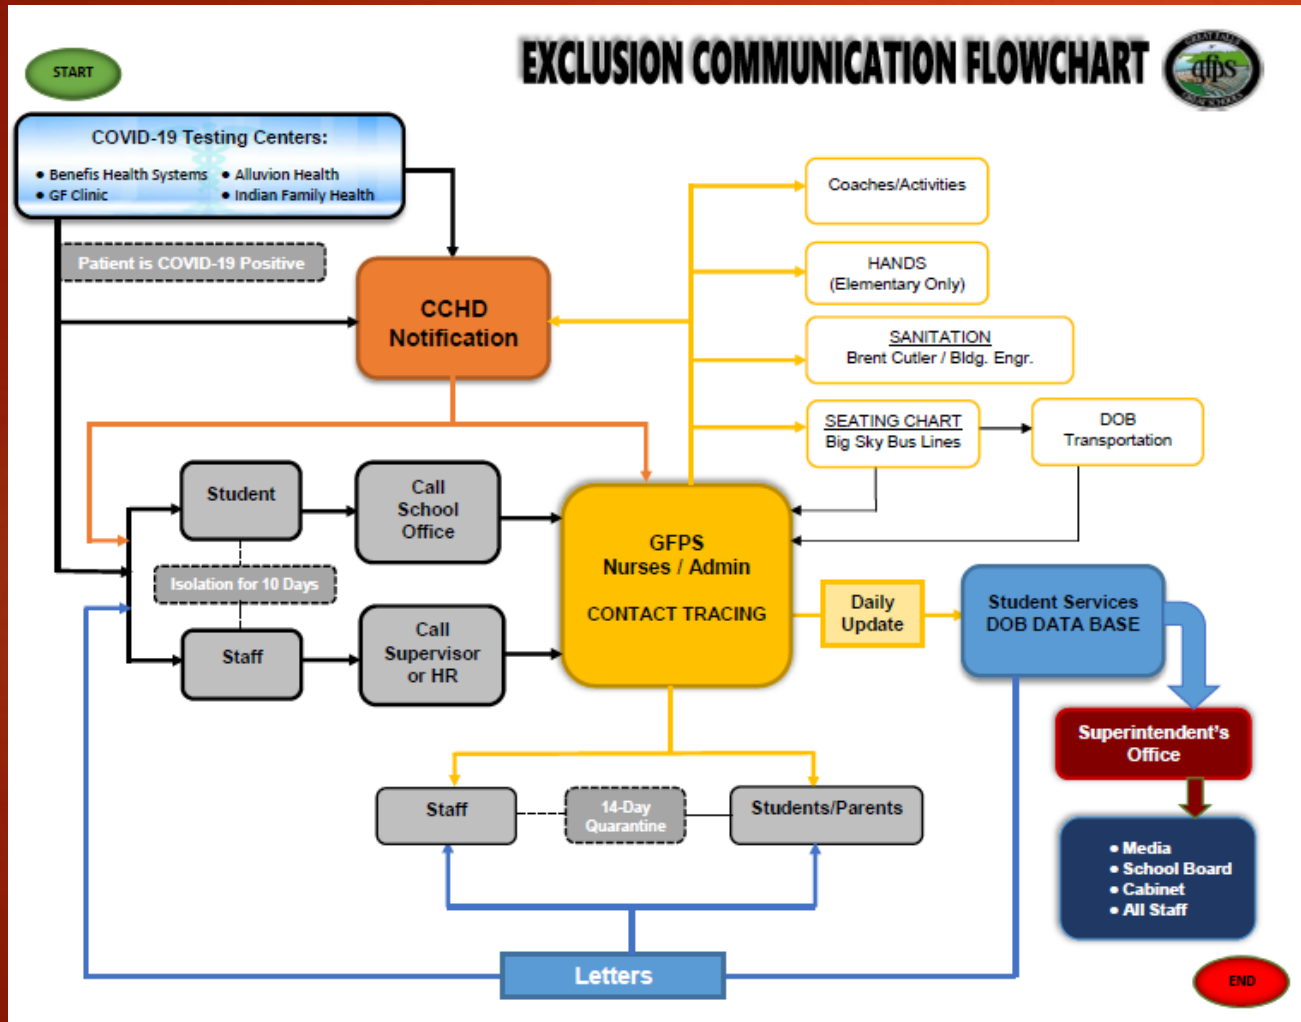

When
you can't control
what's happening,
challenge yourself
to control the
way you respond
to what's happening.
That's where
your power is!

**We can do
HARD
things.**

Great Falls Public Schools | Back to School – 2020/2021

The Plan for Returning to school

The Great Falls Public School's Mission Statement says that, "We will successfully educate students to navigate their futures". Nothing has changed regarding that banner which guides the work we do with our students. However, we will be changing how and what we do within our schools to provide for the health and safety of all students and staff, to the best of our abilities. This guidance document is designed to serve as a framework for the administration of educational activity in a healthy and safe manner in our schools, relative to the phase or level of COVID-19 spread we are experiencing at the state and local level. The components of this plan will remain flexible and adaptable to the potential changes in the phases and levels of concern for individual and public health. Therefore, this document will be dynamic and updated regularly as new information becomes available and/or additional requirements are requested of the School District.

KEY POINTS

- The health and well-being of students and staff is first and foremost, starting day one.
- To the extent possible, we will make this a good learning year for all students.
- In conjunction with local health officials, we will work diligently to respond rapidly to COVID-19 positive cases in our schools.

**REENGAGEMENT, REINTEGRATION AND REMEDIATION PLAN FOR STUDENTS & STAFF
2021/2022**

Purpose:

Develop a plan to address the adverse affects of COVID-19 on the academic achievement and the social/emotional welfare of students and staff.
