Subject: 1915 6th Ave North burnt and condemned home

Where do i start , my name is Dann Young and I live at 1913 6th Ave north . I have put up with the meth heads next door for 20 years or so. The garbage in the back yard is not going away - the one brother is living in the camper out back with generator that runs all the time. He doesn't work and the drug traffic is getting worse . I hear a noise in the middle of the night, and I am up looking out back ... cars coming and going all the time ... the burnt house he is in all the time , it is not if they are going to burn my house but WHEN!! The morning of the fire I

was woke up to very bright curtains and when i looked out my front door all I saw was flames and the meth head neighbor on the corner of my house with a garden hose trying to put out a fully engulfed house fire , didn't even bother to see if I was awake or warn me. He is always parking behind my house even though I have put up orange cones, no trespassing and no parking signs. I would like to have my peace and sanity back in the home that I love. The sooner they are gone the better.. that's about all I got to say ... ANYTHING YOU CAN DO TO HELP WOULD BE GREATLY APPRECIATED!

Thank you,

Dann
