

General Comments

At the July 18 city commission meeting during general comments, I mentioned that a number of meeting minutes for various committees and boards were missing from the city's website. I believe I specifically mentioned the Historic Preservation Advisory Board. I got an email response from the city clerk on July 20 that the HPAC minutes ARE there and lo and behold, when I checked again, those minutes were posted on the page.

To prove that indeed those minutes were missing and added after I spoke at the commission meeting, ~~I've include the city meeting web page saved by the internet.~~ *I will send a ~~screen shot of said page.~~ web archive of the page.*  
In addition, to prove that this is an ongoing problem, I've documented the missing items on the city meetings web pages from the beginning of 2023 to ~~just over one week from today.~~ *Aug 18.* I have attached screen shots of the pages as proof. Please note — these are meetings that weren't cancelled.

To be clear, I'm not putting the blame on the city clerk. She can only post what she receives from these committees and boards. I do blame the city manager and the city commission for not enforcing transparency requirements on these committees and board by demanding that they turn over the minutes to their meetings. There was total of 34 city board/commission meetings with no minutes since January 1, 2023. In addition, the Historic Preservation Advisory Committee agendas are posted after the meeting has past. I have saved web archives on that but didn't bring those pages today.

Do you call this government transparency?

GF Transit District — Missing Agenda/Incorrect Time?

The GF Transit website mentions a Mill Levy Public Hearing on Wednesday, August 23rd, 2023 at 6:30 pm, yet on the city meeting web page, the meeting is listed at 7 pm and with no agenda. Is it listed incorrectly on the city web page to deny opportunity for public comment?

## Excerpt from Jenny Dodd handout 9/5/23 with Staff Responses

At the July 18 city commission meeting during general comments, I mentioned that a number of meeting minutes for various committees and boards were missing from the city's website. I believe I specifically mentioned the Historic Preservation Advisory Board. I got an email response from the city clerk on July 20 that the HPAC minutes ARE there and lo and behold, when I checked again, those minutes were posted on the page.

Below is a report from the City's Website. The Updated date column on the far right shows the dates that the HPAC Meetings were last updated. This would be when the Approved minutes were posted. Minutes are approved at the Board/Commission's next meeting and are generally posted within the week of that meeting.

As of August 18, the following items are missing from City of Great Falls meetings web pages:

Staff Response: Meeting Minutes are posted once they are approved by the corresponding Board or Commission. This is usually done at their following meeting. Several Boards, Commissions and Councils do not meet during the summer months or meetings have been cancelled. For those meetings below I have identified as: "Board hasn't approved minutes yet"

It also appears that some of the minutes for the various Boards were recently updated. The last updated date is listed next to those meetings.

I have requested the remaining Minutes and will have them posted to the website as soon as I receive them.

GF Transit District - Missing Agenda/Incorrect Time?

The GF Transit website mentions a Mill Levy Public Hearing on Wednesday, August 23rd, 2023 at 6:30 pm, yet on the city meeting web page, the meeting is listed at 7 pm and with no agenda. Is it listed incorrectly on the city web page to deny opportunity for public comment?

- Agendas were posted on 8/21/2023 with the information provided from Transit District.
- Followed up with Transit 9/6/23 and they forgot to update the time on the agenda that was provided to the City. It was posted correctly on their site.

\*Police Commission Minutes haven't been posted as the meetings are moved into Executive Session in accordance to Montana Code

Pursuant to MCA § 2-3-203 (3) The presiding officer of any meeting may close the meeting during the time the discussion relates to a matter of individual privacy and then if and only if the presiding officer determines that the demands of individual privacy clearly exceed the merits of public disclosure. The right to individual privacy may be waived by the individual about whom the discussion pertains and, in that event, the meeting must be open.

Staff will begin posting these minutes but they will be redacted and will contain limited information. Past Meeting Minutes will be added to Website.

\*\* Technical Advisory Committee and Policy Coordinating Committee are meetings for a separate entity “The Metropolitan Planning Organization” and we have not been posting minutes for this meetings. We are checking to see if these meetings need to be posted on the City’s Website and if so, we will post both the Agendas and the Minutes.
