Good Morning Anitra – thank you for the follow-up, which will be shared with the members of the Commission and appropriate staff. Mayor Kelly is working on a proclamation to present at the next Commission meeting on November 7, 2023 as November 12-18 is United Against Hate Week.

Best regards,

Lisa Kunz

To Lisa Kintz,
I addressed the commission on Oct 17. A friend told me that I should have given the commissioners and you a copy of the hate flyer that was left in my yard. Attached is a copy of that flyer and the written statement I presented to the commission on October 17.

Sincerely,

Anitra Hall

For the record, my name is Anitra Hall and I am a resident in the Charles Russell addition of Great Falls, MT.

Mayor Kelly and commissioners thank you for this opportunity to speak to you on my concerns and consider my request for a proclamation.

"On the morning of Sunday, Oct. 1st, I woke to find hate propaganda on my lawn. Under the cloak of darkness, cowards distributed this hate propaganda throughout my neighborhood. I understand this group has the right to free speech, however, activities such this as only serve to spread hate, and division in our community. It also makes me wonder who are these people? Why is it they only distribute their materials when no one is awake to see them do so? "I could go on about the littering and trespass of this violation but today I want to focus on the message and people it victimizes.

Great Falls' Hispanic population is approximately 5%. These are hard working, honorable people who positively contribute to our community. While this material specifically targets Mexicans, the phrase "Foreign Kinds Bring Foreign Crimes," attacks all of us of any foreign

nationality.

If you were of Hispanic lineage and you woke up to find this on your lawn and in your buses, how would you feel? Would you think your home and children would be safe? Would you fear your neighbors? Your co-workers? Needless to say it's a bit unnerving thinking that these folks are out and about at night engaging in this sort of activity. I'm reminded of another group, that also spread its hate and intimidation, under the cloak of darkness.

This is not the first time these flyers have been distributed in town and targeted neighborhoods, but I have heard nothing from the city on how it is being addressed.

This flyer calls for us to "Love Your Race." It's because I do love my race, the human race, that I'm asking the city commission to issue some form of proclamation denouncing and condemning this hate activity in Great Falls.

There's a cancer of hate growing in the midst of our community and I pray that it doesn't metastasize.

Thank you for your time and your consideration.

INVADERS ARE POISONING MONTANA!

Fentanyl, an opioid 50x stronger than heroin, has flooded Montanan communities. Montanans are under attack.

206,955 dosage units were seized in 2022, up 11,000% from 2019. This coincides with reported overdose deaths increasing 51% in a single year.

Up to 60% of illicit fentanyl units contain lethal doses. Those seized alone could kill every single adult and child in any Montana city.

Fentanyl is now the #1 killer of Americans under 50, more than disease or homicide. 72% of all overdose deaths come from opioids, and the lion's share from illicit fentanyl.

MEXICAN CARTELS ARE TO BLAME

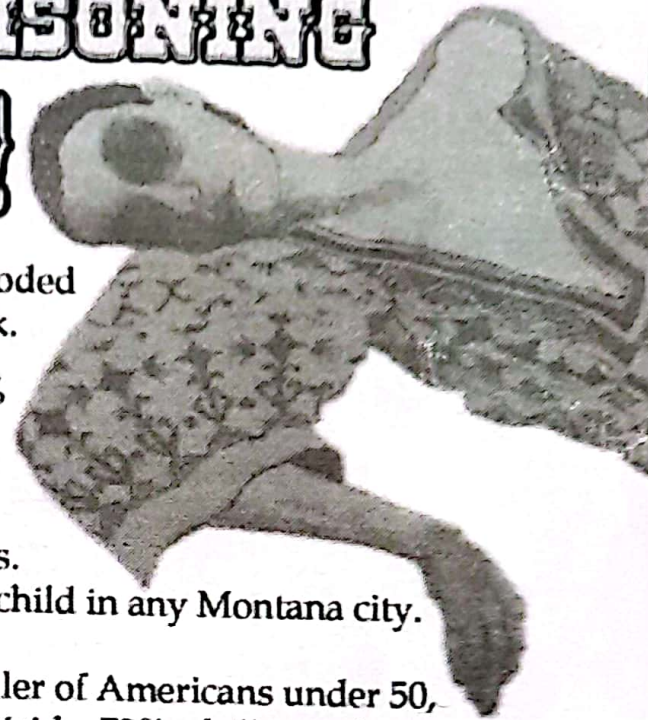

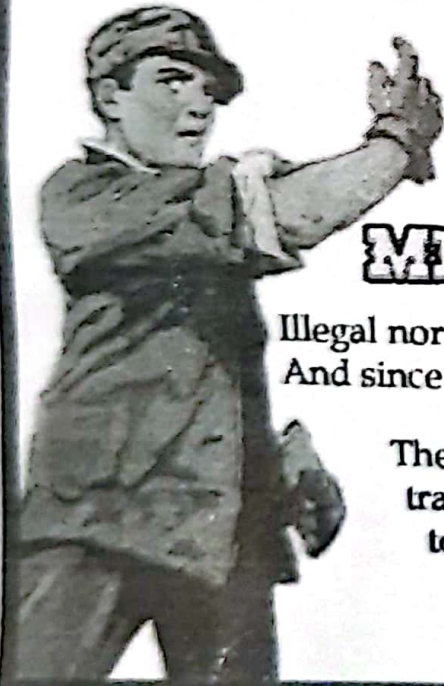

Illegal northern border crossings tripled since 2022, and most are Mexicans. And since 2010, Montana's Mexican population has swollen by over 66%.

The Sinaloa and Jalisco Cartels inject vile poisons and traffick their opportunistic kinsmen into our homes to prey on and destroy our Montanan way of life.

ENOUGH IS ENOUGH

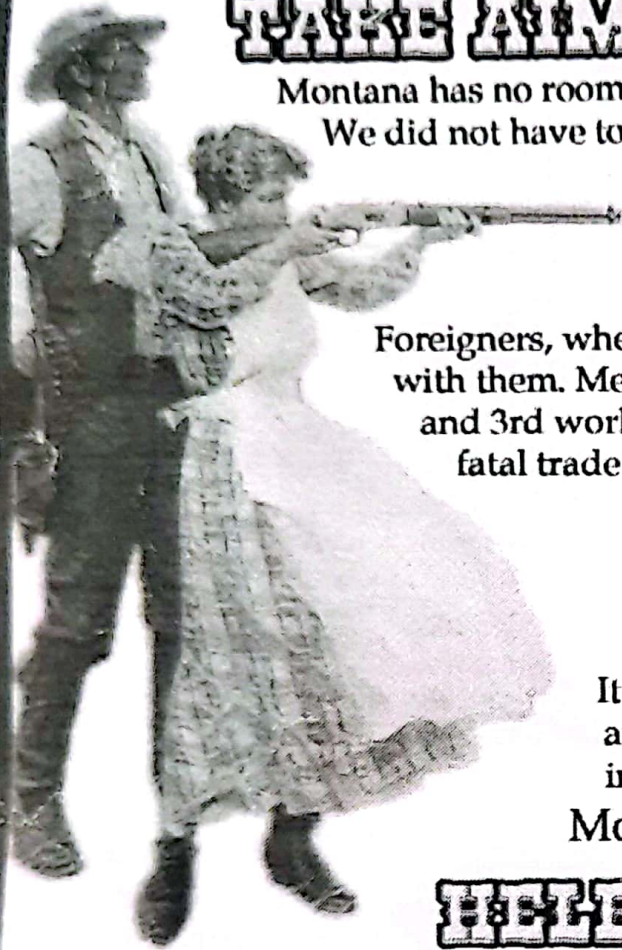

WHITE LIVES MATTER

TAKE AIM AT THE REAL ISSUE

Montana has no room for racial invaders or their filth, drugs, and crime.
We did not have to worry about any of these issues just a decade ago.

MEXICAN MIGRANTS BRING MEXICAN PROBLEMS

Foreigners, whether criminal or friendly, bring their home-countries with them. Mexican Cartels rely on the safe harbor, participation, and 3rd world culture that their Mexican kin provide to ply their fatal trade. Do you want Montana to become another Mexico?

FOREIGN HANDS BRING FOREIGN CRIMES

It is not enough to remove just druglords, traffickers, and murderers among them. To fully reject Mexican incursion into our land, we must reject all invaders.

Montana is our home, not their next Mexico!
