**Bolded** positions denote Elected Officials and Department Heads.

The City Commission has final authority and responsibility for budget development in the City. The City Charter requires the City Manager to "prepare and present the budget to the City Commission". The Budget is prepared by the Finance Department under the direction of the City Manager. Although Finance coordinates budget development and creates the budget document, it represents a major effort by all City departments.

**I) The Budget Cycle**

**1) February**

- City Commission Special Work Session – Commission Priorities Retreat

**2) April**

- Distribution of budget instructions and forms to Departments
- Training sessions offered for Administrative Staff and Department Heads on personnel budgeting, budget entry, budget inquiry, and reports
- Development of departments' requested budgets

**3) May**

- Development of departments' requested budgets – budgets were developed by the Administrative Staff and Department Heads with Finance Staff asked to review entries
- Finalize fixed and internal service charges to departments
- Departments submit Above & Beyond and Travel Requests to Finance and City Manager
- Capital Improvement Plan (CIP) departments submit CIP Requests to Finance and City Manager

**4) June-July**

- City Manager's Budget Review – Departmental meetings with managers
- Finalization of manager's proposed budget
- Manager's proposed budget presented to the City Commission
- July 1 - start of new fiscal year
- Public hearing scheduling and advertisement
- Proposed budget available for public inspection
- Formal public hearing on the proposed budget
- Annual budget resolution - City Commission adoption

**5) August-September**

- Certified taxable values received from DOR

- Annual tax levies fixed by City Commission action on or before the first Thursday in September or 30 days after receiving taxable valuation from the Montana Department of Revenue
- Preparation of the final budget document

## II) Budget Documents

There are two bound documents prepared by the Finance Department each year.

### 1) Manager's Proposed Budget

The Manager's proposed budget is presented to the City Commission and made available to the public in June or July. This document is the basis for the public hearing on the budget. Various resources are created to aid in preparation, which include:

- Department Requested Budgets
- Above & Beyond Requests
- General Fund Subsidies
- Fund Health: Meets or Does not Meet Requirements
- Internal Service Charges
- Capital Improvement Plans (CIPs)

### 2) Final Budget

This document is the City Commission's adopted budget document and is made available in September.

## III) Budget Finalization

The formal conclusion of the budget development process occurs on or before the second Monday in August. For this FY2024/2025 budget:

- The annual proposed budget will be presented on June 18, 2024 and July 2, 2024.
- The budget hearing on the proposed budget is scheduled to be set on July 2, 2024.
- The budget hearing on the proposed budget is scheduled for July 16, 2024.
- The annual budget is proposed to be adopted July 16, 2024, or thereafter.
- Subsequent tax valuation information may require mid-year budget revisions.
- The resolution to fix annual tax levy adoption is scheduled for August 20, 2024.

State statutes, 7-6-4024 and 7-6-4036, MCA require the City Commission to adopt the final budget, and then fix the tax levy on or before the first Thursday in September or within 30 calendar days after receiving certified taxable values from the Montana Department of Revenue. This is one month after the beginning of the year being budgeted. The reason for this late legal finalization of the budget/tax levy is the timing of tax valuation information. Budget revenue estimates and tax levies are dependent upon tax valuation information.

Accordingly, the budget is subject to revision, and not considered legally finalized, until the tax levy is fixed by City Commission resolution.

**IV) Budget Amendment Procedure**

The budget may be amended as authorized by the annual budget resolution. The City Manager has budget amendment authority for the expenditure of funds for any or all of the following:

- Appropriation carry-overs
- Appropriated reserves
- Contingency allocations
- Special assessments, grants, donations, trusts, agencies.

**I) Public Notice**

**A) Public Budget Meetings**

In June or July the City Commission holds a public work session to review presentations of revenue forecasts, major issues, and budget implications. A budget work session agenda is provided to the news media and made available to the public prior to the first work session. All supporting documents are also available to the media and the public. Work sessions are televised live on City190 and also available for viewing on the City website at:

<https://greatfallsmt.net/meetings>

**B) Manager’s Proposed Budget**

In June or July of each year the City Manager presents the Proposed Budget Document to the City Commission at a regular City Commission Work Session. Copies are immediately provided to the news media and made available to the public by hard copy or through the City's website. Work sessions are televised live on City190 and also available for viewing on the City website at:

<https://greatfallsmt.net/meetings>

**C) Public Budget Hearing**

Following the City Manager’s presentation of the proposed budget, notice of public hearing on the proposed budget is published. The proposed budget and any proposed changes are made available to the news media and the public before the hearing. The annual public hearing on the budget is scheduled for the second regular City Commission meeting in July. Work sessions and Commission meetings are televised live on City190 and also available for viewing on the City website at:

<https://greatfallsmt.net/meetings>

**II) Public Participation**

**A) Regular Commission Meetings**

The City Commission meets regularly at 7:00 p.m. the first and third Tuesdays of each month. The public is invited to attend and participate. In addition to scheduled public hearings, time is set aside at the end of each commission meeting for open comment from the public. Commission meetings are televised live on City190 and also available for viewing on the City website at:

<https://greatfallsmt.net/meetings>

**B) Advisory Boards**

The City Commission has nine neighborhood councils and a large number of advisory boards. Any city resident may seek election to their neighborhood council or apply for appointment to an advisory board through the City Manager’s office. For appointed boards,

the city limits an individual's term and appointments in order to encourage widespread citizen participation and fresh ideas on the advisory boards.

**C) City commission’s Budget Development Meetings**

At the public budget work sessions, each segment of the city operation and budget document is presented and discussed with the City Commission. These are open meetings, usually attended by the news media. Work sessions and Commission meetings are televised live on City190 and also available for viewing on the City website at:

<https://greatfallsmt.net/meetings>

**D) Annual Budget Hearing**

In accordance with state statute, a public hearing on the budget is held following public notice. The hearing is held in conjunction with a regular City Commission meeting usually at the second meeting in July. Commission meetings are televised live on City190 and also available for viewing on the City website at:

<https://greatfallsmt.net/meetings>

**Management Plans**

Full detail documentation underlying the budget are considered management plans. The plans are the basis of management control in the accounting records. Although only summary detail is presented in this budget document, full detail is available to the public through the Budget Office.

**Budget Conforms to Accounting Structure**

The line item presentation in the budget document is actually a summary of the line items used in the City's accounting systems; thus, the budget document provides an overview of the City financial plan without the volume of full depth detail.

**Basis of Budgeting**

- **Modified Accrual for Governmental Funds**

Governmental funds are the general fund, special revenue funds, debt service funds, and capital project funds. Revenues are recognized in the period they become susceptible to accrual by being measurable and available to finance expenditures. Expenditures rather than expenses are recorded to show the decreases in net financial resources of the current period. Debt service requirements are accounted for as expenditures in the year of payment. Depreciation allocations and compensated absence accruals are not included in the City's governmental fund budgets.

- **Accrual Basis for Proprietary Funds with Exceptions**

Proprietary Funds are the enterprise funds and internal service funds. Under accrual basis of accounting, most transactions are recorded when they occur, regardless of when cash is received or disbursed. The budget exceptions are as follows:

- Capital expenditures and debt principal are budgeted as appropriations,
- Debt issuance proceeds are budgeted as issuance of debt,
- Depreciation allocations and compensated absence accruals are not budgeted.

**GAAP Presentation**

State and federal regulations require the City to follow Generally Accepted Accounting Principles (GAAP) for Governmental Entities. The Governmental Accounting Standards Board (GASB) is recognized as the authority for GAAP rules. The Codification of Governmental Accounting and Financial Reporting Standards (GASB Cod.) is the authoritative reference for governmental accounting published by GASB.

**Fund Accounting**

The City's fund structure is summarized in:

- Appendix A. Balances and Changes by Fund

**Double Counting**

Fund accounting clearly enhances the accountability of the City; however, when summaries are presented which combine total revenues and expenditures for the City as a whole, some costs are duplicated. These duplicated costs fall into the following two major categories:

## 1) Internal Service Transactions

- Internal Service Charges represent proper revenue and expenditure transactions between City funds and operations. The transactions must be recorded for proper cost accounting in the individual operations, but the City as a whole has not disbursed or received any additional cash.
- Internal service operations include centralized accounting, budget, human resources, information technology, computer, and central garage operations. It would be less efficient and more costly if each operation had to separately provide for these services. Internal service charges represent proper allocation of centrally provided service costs.

## 2) Interfund Transfers

- Interfund transfers are exchanges of assets between funds. The transfers do not represent interfund payment for services received, but are still transactions which must be recorded for proper accountability among funds. Again, the City as a whole has not dispersed or received any additional cash.
- Interfund transfers generally occur from the General Fund to provide general purpose revenue support to operations accounted for within other funds, such as:
  - Recreation
  - Natural Resources
  - Planning and Community Development
  - Swimming Pools

**RESOLUTION NO. 10551**  
**ANNUAL BUDGET RESOLUTION**  
**A RESOLUTION RELATING TO FINAL BUDGETS AND ANNUAL**  
**APPROPRIATIONS FOR THE FISCAL YEAR**  
**BEGINNING JULY 1, 2024 AND ENDING JUNE 30, 2025**

**WHEREAS,** Montana Code Annotated (MCA), 7-6-4024, requires that the budget be approved and adopted by resolution by the later of the first Thursday after the first Tuesday in September or within 30 calendar days of receiving certified taxable values from the Department of Revenue, and

**WHEREAS,** the notice of hearing on preliminary budget was published in accordance with Section 7-1-4127, MCA, as required by Section 7-6-4021, MCA, and

**WHEREAS,** the hearing on preliminary budget from property taxes was held in accordance with Section 7-1-4131, MCA, and Section 7-6-4024, MCA, and,

**WHEREAS,** the Official City Code of the City of Great Falls, Title 2, Chapter 3, Section 2.3.040 states the Municipal Court Clerk salary set by Commission resolution, and,

**WHEREAS,** the Government Finance Officers Association recommends an unreserved fund balance in the General Fund of “no less than two months of regular general operating revenues or regular general fund operating expenditures”,

**NOW, THEREFORE, BE IT RESOLVED BY THE CITY COMMISSION OF THE CITY OF GREAT FALLS, MONTANA:**

Section 1. - Legal Spending Limits

The legal spending limits of the City of Great Falls are established at the fund level. Appendix A establishes each fund’s level. (7-6-4030, MCA)

Section 2. - Implementation Authority

2.1 The City Manager is hereby delegated appropriation authority for the expenditure of funds from any or all of the following:

- a. debt service funds for obligations related to debt approved by the governing body;
- b. trust funds for obligations authorized by trust covenants;
- c. any fund for federal, state, local or private grants and shared revenue accepted and approved by the governing body;
- d. any fund for special assessments approved by the governing body;
- e. the proceeds from the sale of land;
- f. any fund for gifts or donations; and,
- g. money borrowed during the fiscal year. (7-6-4006, MCA)

2.2 The City Manager is hereby delegated authority to adjust appropriations funded by fees throughout the fiscal year in any or all of the following:

- a. proprietary fund appropriations (enterprise and internal service funds);

- b. general fund for fee supported services;
  - c. information technology fund for fee supported mapping services;
  - d. natural resources fund for fee supported forestry services; and,
  - e. permits fund. (7-6-4012, MCA)
- 2.3 The authority to make transfers of appropriations between funds is retained by the City Commission.
- 2.4 The City Manager is hereby delegated the authority to make transfers or revisions within appropriations of any fund.
- 2.5 The City Manager may delegate to his department directors the authority to make transfers or revisions within or among appropriations of specific operations within a fund, limited to the division level of accountability.
- 2.6 Joint operating agreements approved by the governing body; insurance recoveries or dividends; hazardous material recoveries, and refunds or reimbursements of expenditures shall automatically amend the annual appropriations or reduce recorded expenditures whichever is correct in accordance with Generally Accepted Accounting Principles (GAAP).

### Section 3. - Appropriation Carryovers

Generally Accepted Accounting Principles (GAAP) require expenditures to be recognized in the fiscal year in which the goods or services are received.

- 3.1 Previous fiscal year appropriations for incomplete improvements in progress of construction, or segments thereof, are hereby declared authorized appropriations in addition to the appropriations set out in Appendix A., provided they meet the following criteria:
- a. related financing was provided in the prior fiscal year;
  - b. the appropriations were not obligated by year end;
  - c. the purpose was not included, or rejected, in current budget financing or appropriations; and,
  - d. the City Manager determines the appropriation is still needed.
- 3.2 Outstanding purchase orders and other obligations, representing a City obligation to pay the claim after receipt of the goods or services, are recognized as "claims incurred". They are hereby declared authorized "carryover" appropriations in addition to the appropriations set out in Appendix A., provided they meet the following criteria:
- a. related financing was provided in the prior fiscal year;
  - b. the appropriations were not otherwise obligated by year end;
  - c. the purpose was not included, or rejected, in current budget financing or appropriations; and,
  - d. the City Manager determines the appropriation is still needed.

Section 4. - Appropriated Reserves

Reserves which have been established for specific purposes, such as Equipment Revolving Scheduled (ERS) reserves, are hereby declared to be appropriations available for expenditure according to the reserve purpose. They shall be acknowledged as current appropriations upon the determination by the City Manager that they are currently needed to serve their intended purpose. Unexpended reserves shall be carried forward to meet future needs in accordance with their purpose.

Section 5. Contingency Account

- 5.1 Contingency account appropriations are provided by the City Commission as flexible appropriations. They are intended to provide the City Manager with an effective management tool for adjusting to changing circumstances throughout the budgetary year.
- 5.2 The City Manager is delegated the authority to transfer part or all of any contingency appropriation and related financing. Use of contingency appropriations is restricted to transfers of that appropriation authority to specific operating budgets. Proper classification of expenditures to specific operations is required. Accordingly, charging of expenditures directly to Contingency accounts is prohibited.
- 5.3 The Contingency appropriation is a two part authorization, determined on whether cash funding has been allocated in the General Fund during budget development:
  - a. General Fund financed; and,
  - b. Unfunded - a specific fund cash balance, additional revenue, or other funding source must be identified before the “unfunded” contingency appropriation may be used.

Section 6. - Classification and Pay Plan

- 6.1 The objective of the City’s Classification and Pay Plan is to enable the City to retain, and when necessary, recruit competent employees. Therefore, the Plan must be a dynamic tool which is continuously updated.
- 6.2 The City Manager is authorized to administratively change the Classification and Pay Plan. Annual pay surveys, continual or periodic review of positions with changed duties or responsibilities, and additions to the classification plan of changed and new classes of work will assure that the Classification and Pay Plan remains current and equitably meets the needs of the City and its employees.

Section 7. - Budgetary Authority

References to statutes, or to consistency with statutory authority, are for information purposes only. Nothing in this resolution shall be considered to mitigate or compromise the City’s self-governing authority.

Section 8. - Accounting Structure

Staff is hereby directed to establish and maintain City accounting structure in accordance with Generally Accepted Accounting Principles (GAAP). Statutes, ordinances, resolutions or other authoritative sources shall be implemented according to their intent and GAAP. Staff shall provide for conformance with the Commission's limits for financing and appropriation under authorized budgets whenever making proper modifications to accounting structure.

Section 9. – Municipal Court Clerk Salary

The City Manager is authorized to administratively set the salary of the Municipal Court Clerk using the following salary range:

Municipal Court Clerk            \$61,796 to \$83,607

Section 10. – Fund Balance

As permitted by Mont. Code Ann. § 7-6-4034, the General Fund unreserved fund balance shall be considered adequate at 22% of annual appropriations. All other tax levy supported funds shall be considered adequate at 17% of annual appropriations. An unreserved fund balance for other operating funds of the City shall be considered adequate at a range of 8% to 17% of annual appropriations for seasonal operations, and 8% to 17% of annual appropriations for all other operating funds.

Such unreserved fund balances shall be used to meet extended revenue cycles, meet short term economic difficulties, respond to unique opportunities, provide for one-time expenditures, and respond to emergency and disaster situations. The balances should not be available to meet recurring operating expenses.

## Interfund Transfers

City of Great Falls, Montana

Interfund transfers are flows of assets (such as cash or goods) between funds without equivalent flows of assets in return and without a requirement for repayment. The summary provides a brief explanation of each budgeted transfer in and transfer out proposed for the next fiscal year.

### Operating Transfers

- Authorized transfers from a fund receiving revenue to the fund through which the resources are to be expended.
- Operating subsidy transfers from the General Fund to special revenue, enterprise, debt service or internal service funds.
- Contribution of capital financing to establish an operation.
- Subsequent return of all or part of such a contribution.
- Transfers of residual balances of discontinued funds to the General Fund or a debt service fund.

### Interfund Transfers vs Revenues and Expenditures

Transfers represent the movement of cash assets between City funds and operations. They are transactions which must be recorded, but should not be confused with revenues and expenditures. For example, property taxes are properly recorded as revenues in the General Fund. However, part of the property taxes revenue is then transferred to the Library Fund as general support.
