I think this is looking good Greg, thank you to you and your team for helping compile this.

I'd like to make a suggestion for either this combined document, or at least for our discussion Wednesday that we have a set of lobbying recommendations. It seems there are a great deal of recommendations that cannot be tackled by the City of Great Falls directly, but require action by State and/or Federal governments. I believe a list of lobbying priorities, especially for the 2025 legislative session, should be a main deliverable for the City Commissioners to consider.

Grace and peace,

PSAC Members:

Please find attached a summary of all recommendations received (so far) consistent with the direction of Resolution 10544. Hopefully, this outline will help the PSAC work through each area as they vote on their recommendations to the Commission.

Thank you.
