A change in weather made air extraction impossible, Major Urbanowicz stayed on the ground rendering aid overnight until he and the patient were successfully extracted by state and local agencies the next day. While this was the first successful search and rescue operation using the Grey Wolf helicopter, 2025 saw the 40th helicopter squadron conduct 14 such missions, totaling 54 flight hours and saving six lives. PETITIONS AND COMMUNICATIONS

2. MISCELLANEOUS REPORTS AND ANNOUNCEMENTS.

Art Taft, City resident, commented that he is a member of the Park and Recreation Advisory Board and a new member to Neighborhood Council #1. However, he is expressing his personal opinions as a citizen and in no capacity espousing views or decisions of the Park and Recreation Department, its Advisory Board or Neighborhood Council #1.

Mr. Taft explained that when he looks over news articles and minutes of the City Commission, and reads the process of how monies were taken from the Park and Recreation budget to benefit a private entity leasing public property, he is shocked by how it went from a no paper trail, lip service agreement to being voted into reality in record time. Done so without the usual involvement of an Advisory Board, to encourage public participation, and act as a conduit to our city manager and elected officials. As stated in the Code of Ordinances Municode 2.11.020, the Park and Recreation Board shall advise the City Commission and the City Manager on all matters related to the Parks and Recreation program of the City, and exercise certain functions in regard to the disposition and acquisition of park land or facilities as set forth in Section 2.11.050, of which the Board shall review and prepare proposals, and make recommendations to the City Commission.

Mr. Taft opined that re-distribution of these funds will seriously affect city parks. He suggested walking back the distribution of monies, prioritizing what needs to be fixed, mark and secure questionable repair areas, and explore obtaining grants or fund the repairs over a few years. Mr. Taft concluded that there are more details that can be found in the November 4th and 11th Edition of *the Electric* at www.theelectriccgf.com.

Her application is included with this report for consideration for reappointment. The City advertised for other citizen interest and received an application from London Griffith. Gina Winters also resigned from the Board on November 24, 2025.

During a Board meeting on December 19th members approved the motion to recommend Ms. Brumwell for reappointment but decided to hold off on deciding on Ms. Griffith until the other members were available to consider her application. This will be added to the next Mansfield Board meeting on January 16, 2026.

Staff will continue to advertise to fill the remaining vacancies on the Board in the meantime.

Commissioner Tryon moved, seconded by Commissioner Wilson, that the City Commission approve the Consent Agenda as presented.

Mayor Reeves asked if there were any comments from the public. Hearing none, Mayor Reeves asked if there was any discussion amongst the Commissioners.

Deputy City Manager Jones reported that Agenda Item 11A addresses the storm main utility easement that has been a work in progress and a collaborative effort between private landowners and the City for many years. This easement is a major win for the development community. Stormwater is one of the biggest issues new developers and the City deal with when it comes to identifying new development opportunities. This easement will provide legal permission for City-owned stormwater infrastructure to convey stormwater to a location that is identified as a future regional stormwater pond. This regional pond is intended to facilitate regional stormwater treatment and storage for the development basin north of the City that consists of roughly 1,000 acres. In addition to current development, this pond could potentially support adding new housing development as well. Kudos go out to Nathaniel and Maxima Cox, Shawna Rothwell, Leanne Bailly, and staff for their collaboration and efforts in obtaining this easement.

There being no further discussion, Mayor Reeves called for the vote.

Motion carried 5-0.

PUBLIC HEARINGS

18. SALE OF CITY-OWNED PROPERTY LOCATED AT 801 2ND AVENUE NORTH, FORMER COMMUNITY RECREATION CENTER.

Mayor Reeves declared the public hearing open and asked for presentation of the agenda report.

Park and Recreation Interim Director Jessica Compton reported that staff recommends that the Commission approve the sale of the City property at 801 2nd Avenue North, the former community recreation center, originally known as the DeMolay Youth Center. The City discontinued use of the property as a recreation center upon the opening of the Scheels Aim High Big Sky Aquatic and Recreation Center. The property is currently leased to Community Early Education Center LLC as a licensed childcare and recreation facility. The bid from EduCare Preschool & Child Care, Inc. was the only bid received.

Mayor Reeves inquired about the funding not being in place.

City Attorney David Dennis responded that there is a timeframe in place for the applicant to obtain financing for the purchase of the property and oftentimes, those timeframes get extended.

Mayor Reeves asked if there were any comments from the public in support of the sale of City-owned property located at 801 2nd Avenue North, former Community Recreation Center. No one responded.

Mayor Reeves closed the public hearing and asked the will of the Commission.

Commissioner Wilson moved, seconded by Commissioner Tryon, that the City Commission approve the sale of City-owned property located at 801 2nd Avenue North with EduCare Preschool and Child Care, Inc. for the purchase price of \$800,000, and authorize the City Manager to take all actions and execute all documents necessary to effectuate the sale.

Mayor Reeves asked if there was any discussion amongst the Commissioners.

Commissioner Tryon inquired if the proceeds would go to offset the cash deficit for Scheels Aim High Big Sky Aquatic and Recreation Center (SAHBS).

Park and Recreation Interim Director Compton responded that the proceeds would go towards SAHBS and the deficit on the former community recreation center.

Commissioner Tryon received clarification that the main motion does not need to be amended if the financing does not come through for EduCare Preschool and Child Care within 30 days.

Motion carried 5-0.

**19. GREAT FALLS SADDLE CLUB LEASE OF CITY-OWNED PROPERTY
LOCATED IN WADSWORTH PARK.**

Mayor Reeves declared the public hearing open and asked for presentation of the agenda report.

JOURNAL OF COMMISSION PROCEEDING

January 6, 2026

Park and Recreation Interim Director Jessica Compton reported that staff recommends that the Commission approve the lease of a portion of city land located in Wadsworth Park with the Great Falls Saddle Club. This has been a long-standing partnership that the City has had with the Saddle Club and is a unique portion of Wadsworth Park that if they were not able to operate it, Park and Rec would not be able to operate it. The Saddle Club is very responsive, pays its bills on time, works well with Park and Rec, and staff would like to continue this partnership.

Mayor Reeves asked if there were any comments from the public in support of the lease agreement of City-owned property located in Wadsworth Park with the Great Falls Saddle Club. No one responded.

Mayor Reeves asked if there were any comments from the public in opposition to the lease agreement of City-owned property located in Wadsworth Park with the Great Falls Saddle Club.

Retired Army Captain Benjamin Cipriano, 1029 Suburban Drive, mentioned that he lives just outside of Wadsworth Park off Wilkinson Lane and holds a degree in Recreation Resource Management from the University of Montana. Mr. Cipriano explained that he is opposed to the renewal of the current lease in its existing form and requested that the Commission reconsider its terms for the following reasons. In 1998, Resolution 8973 adopted the Wadsworth Park Master Plan and on page 24, under general approach to existing leases, the plan states that it is recommended that all existing leases continue in Wadsworth Park until the City is ready to begin actual, physical implementation of the Master Plan. The Plan goes on to emphasize that it is important to understand the conditions under which leases might be terminated. The Master Plan specifically recommends the Great Falls Saddle Club lease be reduced from 37 acres to seven acres and relocated to the northeast corner. The mission statement of the Master Plan envisions Wadsworth Park as a public park intended for use by all citizens. It further states that as a park develops, it is not appropriate for any single user group to occupy such a large proportion of the park as this limits access and opportunity for the public.

Currently, the only public entrance to Wadsworth Park is through the secondary entrance on Wilkinson Lane and the primary entrance was always intended to be constructed from Central Avenue. Under the current lease structure, the development of this planned entrance is not feasible, and it does not allow for the phased implementation of the Master Plan. With the potential construction of a new on-off ramp at 34th Avenue Northwest, Mr. Cipriano commented that he is concerned that continued reliance on the Wilkinson Lane entrance will create more traffic pressure on an already busy county road. He respectfully challenges the notion that there is no funding available for the physical implementation of the Master Plan. Implementation is already underway as demonstrated by the installation of new pit toilets, disc golf, boat launches and fishing piers.

Mr. Cipriano urged the Commission not to renew the lease in its current form and instead restructure the agreement in a way that it supports a phased, cooperative implementation of the Master Plan including construction of the planned Central Avenue entrance, while working collaboratively with the Great Falls Saddle Club.

JOURNAL OF COMMISSION PROCEEDING

January 6, 2026

Mayor Reeves closed the public hearing and asked the will of the Commission.

Commissioner Tryon moved that the City Commission not approve a lease agreement of City-owned property located in Wadsworth Park with the Great Falls Saddle Club.

Motion Failed due to a lack of a second.

Commissioner Tryon moved, seconded by Commissioner Wilson, that the City Commission approve a lease agreement of City-owned property located in Wadsworth Park with the Great Falls Saddle Club.

Mayor Reeves asked if there was any discussion amongst the Commissioners.

Commissioner Wilson mentioned that this was brought before the Park and Recreation Advisory Board and they saw no problem with it.

Commissioner Tryon noted that Mr. Cipriano brought up a couple of good points that he was not aware of. Commissioner Tryon inquired about the Master Plan recommending that the 27 acres set aside in Wadsworth Park for the Great Falls Saddle Club being scaled back to seven acres.

Park and Recreation Interim Director Compton responded that part of the Park and Recreation Fee Study and Cost Reallocation Plan performed by Matrix Group is reviewing the Master Plan and making recommendations for the future. Some of the upgrades at Wadsworth Park have all been donated. Disc golf was donated by the Disc Golf Club, new docks were done with a grant through Fish, Wildlife and Parks, and new pavilions and pit toilets were donated by an independent donor. None of those things were funded through the Park and Recreation Department because it is unable to supply those costs and upgrades at this time.

Commissioner Tryon commented that the Commission could either approve a lease agreement, postpone this until another date to allow the Commission to review more information, or amend or withdraw the motion. He commented that he is inclined to postpone this until the Commission has more information.

Mayor Reeves explained that he would like to see this move forward. The Park and Recreation Advisory Board approved this, Park and Recreation Interim Director Compton made it clear that the City is unable to supply those costs and upgrades, and the Great Falls Saddle Club has been a good steward for the property.

Commissioner McKenney commented that he is inclined to approve the five-year agreement since both the City and lessee have the option to terminate the lease with 60-days notice. City staff will need to check into Mr. Cipriano's comments.

Commissioner Wilson concurred with Commissioner McKenney's comments.

There being no further discussion, Mayor Reeves called for the vote.

Motion carried 5-0.
