- 

**Background/Recommendation:**

On May 4, 2010, the City Commission was given three (3) alternatives and accepted Alternative #1 (prohibition) and Alternative #2 (extension of the moratorium) on first reading. After conducting the public hearing, the Great Falls City Attorney’s Office, the Great Falls Police

Department and the Great Falls Fire Department recommend that the City Commission adopt Ordinance 3054 (prohibiting businesses that grow, purchase or sell marijuana from operating within the City of Great Falls as it is a controlled substance under the Federal Controlled Substance Act of 1970); or in the alternative, the City Commission adopt Ord. 3055 (extending the 90 day moratorium established in Interim Ordinance 3049 up to one year (February 2, 2011), as allowed pursuant to Section 76-2-306(3), MCA).

**Fiscal Impact:** In regard to alternative #1 and alternative #2, there appears to be no fiscal impact at this time beyond the commitment of staff resources to research for possible ordinance drafting.

### Article 3 ALLOWABLE USES

#### Sections:

- 17.20.3.010 Allowable uses within zoning districts
- 17.20.3.020 Similarity of uses
- 17.20.3.030 Uses not listed
- 17.20.3.040 Project classified in more than one land use category
- 17.20.3.050 Relationship of a principal use to an accessory use
- 17.20.3.060 Certain land uses shown as permitted may be a conditional use
- 17.20.3.070 **Prohibited Land Uses**

#### 17.20.3.010 Allowable uses within zoning districts

For the purposes of this Title, land uses are categorized as principal, accessory, and temporary. The land uses that are allowable in one or more districts are defined in Chapter 8 of this Title. Exhibit 20-1 through 20-3 lists the uses as allowed in one or more base zoning districts. The coding system, as described below, is used to identify the appropriateness of the land uses in each of the various base districts and the type of review if allowed.

"P" indicates that the use is permitted in the district by right, provided that all other provisions of this Title are met. These uses do not undergo public review, but are reviewed at the administrative level to ensure compliance.

"-" indicates that the use is not permitted in the district.

"C" indicates that the use is permitted in the district as a conditional use.

#### 17.20.3.020 Similarity of uses

Because the list of uses cannot include every conceivable type of activity, those uses that are listed shall be interpreted to include other uses that are of a similar nature and have similar impacts to the listed use.

#### 17.20.3.030 Uses not listed

Those uses not listed, and which cannot be interpreted to be similar to any listed use, as provided for above, shall be prohibited.

#### 17.20.3.040 Project classified in more than one land use category

In the event that the proposed project includes more than one land use category, the following rules shall apply:

1. Prohibited and allowable uses in project. If a proposed project includes both an allowable use(s) and a prohibited use(s), the prohibited portion of the project may not occur in the district.
2. More than one review type or development standard in project. If a proposed project includes more than one use, with different levels of approval, the strictest of the approval procedures shall apply to the whole project.

#### 17.20.3.050 Relationship of a principal use to an accessory use

Before an accessory use may be established, the premises shall host a principal use.

#### 17.20.3.060 Certain land uses shown as permitted may be a conditional use

A permitted land use (as shown in Exhibit 20-1, 20-2, 20-3) that emits air contaminants or potentially offensive odors outside of the building, or that handles radioactive materials, hazardous substances, hazardous waste, or regulated substances shall be considered a conditional use in every circumstance.

**17.20.3.070 Prohibited Land Uses**

No use of land shall be permitted by right or conditionally permitted within the City of Great Falls that is in violation of federal, state or local law.

WHEREAS, on February 2, 2010, the City Commission of the City of Great Falls, adopted an interim zoning ordinance, pursuant to § 76-2-306, MCA, which imposed a moratorium on the opening, operation or licensing of any establishments that grow, sell or distribute medical marijuana; and

WHEREAS, Ordinance 3049 (as amended), directed that the Great Falls Planning and Community Development Department to investigate and study the effect of the opening of establishments that grow, sell, or distribute medical marijuana or paraphernalia and to make recommendations concerning new zoning ordinances that could be adopted to better regulate and/or deal with such establishments, to limit, prohibit, or abate any negative effect implicating the health, safety, and/or welfare of the citizenry of the City of Great Falls, Montana, or blight, upon the City of Great Falls, Montana (and its entire zoning jurisdiction and its inhabitants), or the schools, recreational facilities, or neighborhoods located therein.

The City Commission further directed the Great Falls Planning and Community Development Department to present the findings of its investigation and its recommendations to the Great Falls Planning Advisory Board, and that the Board shall then provide its recommendation to the City Commission, so that the City Commission may consider the issue within approximately three (3) months of the date of the enactment of Ordinance 3049 (as amended); and

WHEREAS, on April 13, 2010, the Planning Advisory Board, acting as the Zoning Commission, conducted a public hearing to consider three (3) alternatives: (1) prohibition, (2) extending the moratorium, and (3) a zoning ordinance. After a lengthy public hearing and discussion, the Planning Board was unable to attain a sufficient number of votes on any motion to forward a recommendation to the City Commission; and

WHEREAS, after first providing lawful public notice, as required by § 76-2-306(2), MCA, the City Commission will conduct a public hearing on June 1, 2010, with respect to this proposed Ordinance, and invite public comment; and,

WHEREAS, § 76-2-306(3) , MCA, permits the legislative body to extend such interim ordinance for one (1) year. **Any such extension shall require a two-thirds vote for passage and shall become effective upon passage.**

Section 2: The terms “marijuana,” “paraphernalia,” “qualifying patient,” and, “caregiver,” have the meaning attributed to those terms by the Medical Marijuana Act.

Section 3: The City Commission hereby directs the **City Attorney, Great Falls Police Department, Great Falls Fire Department, and the** Great Falls Planning and Community Development Department **work cooperatively** to investigate and study the effect of the opening of establishments that grow, sell, or distribute medical marijuana or paraphernalia and to make recommendations concerning new zoning ordinances that could be adopted to better regulate and/or deal with such establishments, to limit, prohibit, or abate any negative effect implicating the health, safety, and/or welfare of the citizenry of the City of Great Falls, Montana, or blight, upon the City of Great Falls, Montana (and its entire zoning jurisdiction and its inhabitants), or the schools, recreational facilities, or neighborhoods located therein.

**Item:** Memorandum of Understanding regarding Maintenance of CMR and Hurd Tennis Courts

**From:** Marty Basta, Park & Recreation Director

**Initiated By:** Great Falls Tennis Association

**Presented By:** Marty Basta, Park & Recreation Director

**Action Requested:** Approve Memorandum of Understanding between the Great Falls School District, the Great Falls Tennis Association and the City of Great Falls regarding maintenance of the CMR and Hurd Tennis Courts

---

**Suggested Motion:**

1. Commissioner moves:

“I move that the City Commission approve/deny the Memorandum of Understanding regarding maintenance of the CMR and Hurd Tennis Courts.”

2. Mayor calls for a second, discussion, inquiries from the public, and calls the vote.

---

**Staff Recommendation:** Staff recommends that the City Commission approve the Memorandum of Understanding between the Great Falls School District, the Great Falls Tennis Association and the City of Great Falls regarding maintenance of the CMR and Hurd Tennis Courts.

**Background:** For some time, it has been recognized by the City, the School District and local tennis players that many of the local public tennis courts are in serious need of resurfacing, repair and reconstruction. As such, a group of local tennis enthusiasts/advocates reinitiated the Great Falls Tennis Association and devised a plan to establish partnerships to address the dire condition of several tennis courts. The Association’s interest is to promote, advocate and facilitate tennis in the Great Falls area through advocating youth and adult recreation and physical fitness activities, promoting growth of tennis, facilitating high school and USTA tennis tournaments, and establishing public/private partnerships to do so.

On January 11, 2010, the Great Falls Park & Recreation Advisory Board recommended to the City Commission the use of \$150,000 from the City Park Trust Fund to resurface the eight existing courts at the CMR tennis facility and to reconstruct the four deteriorated courts at the Hurd tennis facility in Elk’s Riverside Park. The Board’s recommendation was contingent on

the Great Falls Tennis Association raising a matching amount of \$150,000 to complete the project.

On March 8, 2010, the Great Falls School Board agreed to provide the matching amount of \$150,000 with non-operating funds. The School District acknowledged the need for quality accessible tennis courts at the two facilities to accommodate its school tennis programs.

Subsequently, on March 16, 2010, the City Commission approved the use of \$150,000 from the Park Trust Fund for the stated court improvements.

Additionally, the Great Falls Tennis Association stated that it would provide an annual contribution to the City for periodic on-going maintenance of the two tennis facilities. The School District is also interested in a maintenance program.

The subject of this agenda report is to establish a tennis court maintenance fund/account into which the City, the School District and the Tennis Association would each deposit \$4,000 per year as their proportionate share of projected costs to periodically maintain the CMR and Hurd tennis courts. Other conditions and requirements are described in the attached Memorandum of Understanding.

**Concurrences:** Great Falls Tennis Association and Great Falls School District.

**Fiscal Impact:** It has been difficult for the City Park and Recreation Department to adequately maintain the City tennis courts solely with general revenue and/or Park Trust Funds. The maintenance partnership, proposed to be established with the Memorandum of Understanding, will assist the City to financially address maintenance costs for the CMR and Hurd tennis courts.

**Alternatives:** The City Commission could vote to not approve the Memorandum of Understanding and assume the sole financial responsibility for on-going court maintenance at the two tennis facilities.

**Item:** Change Order No. 1: Northern Lights Reconstruction, O. F. 1573  
**From:** Engineering Division  
**Initiated By:** Public Works Department  
**Presented By:** Jim Rearden, Public Works Director  
**Action Requested:** Approve Change Order No. 1

---

**Suggested Motion:**

1. Commissioner moves:

"I move the City Commission approve Change Order No. 1 in the amount of \$63,000.00 to Kuglin Construction for the Northern Lights Reconstruction, O.F. 1573, and authorize the City Manager to execute the construction contract documents."

2. Mayor calls for a second, discussion, inquiries from the public, and calls for the vote.

---

**Staff Recommendation:** Approve Change Order No. 1.

**Background:**

Significant Impacts

The Street Division has requested an expansion of the project to correct recurring storm drainage problems. The additional project area is located on 23<sup>rd</sup> Street between 7<sup>th</sup> Avenue North and 8<sup>th</sup> Avenue North. The work includes replacing curb and gutter, and installing a new road section consisting of geogrid, 12" of roadbase gravel, and 3" of asphaltic concrete pavement.

The original project scope included total street reconstruction on 7<sup>th</sup> Avenue North from 23<sup>rd</sup> Street to 24<sup>th</sup> Street, and 23<sup>rd</sup> Street between 7<sup>th</sup> Avenue North and 6<sup>th</sup> Avenue North. This contract also included curb and gutter replacement on 6<sup>th</sup> Avenue North between 23<sup>rd</sup> Street and 24<sup>th</sup> Street and on 24<sup>th</sup> Street between 6<sup>th</sup> Avenue North and 7<sup>th</sup> Avenue North.

Citizen Participation

Work is being coordinated with the Northern Lights Development. They will be responsible for replacement of sidewalks adjacent to their development.

### Workload Impacts

City engineering staff is designing the project, and is performing construction inspection and contract administration duties.

### Purpose

This project will replace a deteriorating roadway that is failing due to minimal grade, inadequate roadway section, and expansive subgrade soils in the area.

The new curb and gutter is necessary to provide improved drainage in the area. Poor storm drainage for this immediate area has been a recurring problem for some time.

### Project Work Scope

This additional work will replace approximately 470 lineal feet of curb and gutter on both the east and west side of 23<sup>rd</sup> Street North, a handicap corner of 23<sup>rd</sup> Street and 8<sup>th</sup> Avenue North including truncated domes, 1,200 square yards of geogrid, 1,100 square yards of roadbase gravel and asphaltic pavement, and tie in existing driveways and approach walks.

### Evaluation and Selection Process

There were five bids received and opened for this project on March 3, 2010. Kuglin Construction was awarded the contract for \$273, 710. The additional work will increase the contract amount \$63,000.00 to \$336,710.00.

The contract time of 60 days will increase by 14 days to 74 days.

### Conclusion

City staff recommends approving change order no. 1 to Kuglin Construction in the amount of \$63,000.00.

### **Concurrences:**

City Engineering staff worked with the Street Division during to design and review and necessary changes.

### **Fiscal Impact:**

Street Division funds will be used for Change Order No. 1.

### **Alternatives:**

The City Commission could vote to deny Change Order No. 1.

### **Attachments/Exhibits:**

Change Order No. 1 is attached. (Not available online; on file in the City Clerk's Office.)

**Item:** Construction Contract Award: Broadwater Drive Water Main Relocation/Replacement, O. F. 1578.1

**From:** Engineering Division

**Initiated By:** Public Works Department

**Presented By:** Jim Rearden, Public Works Director

**Action Requested:** Consider Bids and Approve Contract

---

**Suggested Motion:**

1. Commissioner moves:

"I move the City Commission award a contract in the amount of \$159,304.65 to United Materials of Great Falls, Inc. for the Broadwater Drive Water Main Relocation/Replacement, O.F. 1578.1, and authorize the City Manager to execute the construction contract documents."

2. Mayor calls for a second, discussion, inquiries from the public, and calls for the vote.

---

**Staff Recommendation:** Approve construction contract award.

**Background:**

Significant Impacts

Two of the City's water transmission mains are located along Broadwater Drive between the Warden Bridge (10<sup>th</sup> Avenue South) and Overlook Drive. This project will replace and upsize an existing 16-inch diameter water main with a 24-inch diameter main, and abandon, relocate, and/or replace segments of an existing 12-inch diameter water main. The 16-inch transmission main is being upsized to a 24-inch main to provide additional supply capacity to the City's system and compensate for capacity being lost because of the abandonment of a portion of the 12-inch main. Both mains are identified in the City's Water Master Plan for replacement due to the age of the pipe (early 1900's). Also, there have been breaks on the 16-inch main in this area.

This project is a continuation of upgrades made to adjacent water transmission mains during the Overlook Drive reconstruction project of 2008 and 2009. Besides the system improvements the current project will achieve, the work on the 12-inch main will get it

away from the foundation of the new warehouse that is currently under construction. The developer of the warehouse is fully compensating the City for costs associated with this part of the project. Also, by building the project now rather than in a few years, the City will avoid the costs of removing and replacing parking lot pavement that will be installed as a part of the warehouse construction.

It has been determined through computer modeling that other water transmission mains will be able to provide adequate water supply while the mains being replaced are out of service.

Existing businesses that will be affected by the project will be provided temporary water service and roadway access during the construction. Broadwater Drive (privately owned) will be restored to original condition.

#### Citizen Participation

The public improvements have been closely coordinated with the developer who also owns the property on which the water mains are located. Existing utility easements have been verified, which provide the City with the right to occupy, operate and maintain the water and other public utility mains.

#### Workload Impacts

The project was designed by Big Sky Civil & Environmental, Inc. City engineering staff will perform construction inspection and contract administration duties.

#### Purpose

The purposes of the project are to replace antiquated, deteriorating water mains, and relocate an existing water main that is close to the new warehouse.

#### Project Work Scope

This project will abandon approximately 150 lineal feet of 12-inch water main near the northwest side of the new warehouse building; construct approximately 50 lineal feet of new 12-inch main; replace approximately 600 lineal feet of existing early 1900's 12-inch cast iron main; and upsize 615 lineal feet of existing early 1900's 16-inch cast iron main. Other work scope includes new water main valves and fire hydrants, and restoration of the existing roadway and other surrounding areas disturbed by the construction activities. The project is scheduled for completion in 40 calendar days.

#### Evaluation and Selection Process

Seven bids were received on May 19, 2010 with the bids ranging between \$195,116.20 and \$159,304.65. United Materials of Great Falls submitted the lowest responsible and responsive bid in the amount of \$159,304.65.

#### Conclusion

City staff recommends awarding the contract to United Materials of Great Falls, Inc. in the amount of \$159,304.65.

#### **Concurrences:**

Not applicable.

**Fiscal Impact:**

The developer (Double Bogey, LLC) will fund the portion of the project costs (estimated at \$40,000) attributable to development of the warehouse. City Water Utility Funding will fund the portion of costs attributable to water mains being replaced in accordance with the City's Water Master Plan.

**Alternatives:**

The City Commission could vote to deny award of the construction contract and re-bid or cancel the project.

**Item:** Asphaltic Concrete Material  
**From:** Jim Turnbow, Street Supervisor  
**Initiated By:** Public Works Department

**Action Requested:** Award Bid

---

**Suggested Motion:**

1. Commissioner moves:

“I move that the City Commission (approve/reject) the annual contract bid award to supply asphaltic concrete material to United Materials of Great Falls Inc. for \$687,400.”

2. Mayor calls for a second, discussion, inquiries from the public, and calls for the vote.

---

**Staff Recommendation:** Staff recommends that the City Commission approve the annual contract bid award to supply asphaltic concrete material to United Materials of Great Falls Inc. for \$687,400.

**Background:**

Purpose

The asphaltic concrete materials requested will be used by the Street Division to conduct street repair and maintenance projects, including overlays and street opening patches.

Evaluation and Selection Process:

The specifications were advertised two times in the Great Falls Tribune, mailed to two prospective bidders and advertised on the City of Great Falls Website. The bids were opened on May 19, 2010 with two bidders responding. Their bid amounts are listed on the attached bid tab.

Conclusion

The materials bid by United Materials of Great Falls Inc. meet specifications for the asphaltic concrete material. The pricing is as shown in the following table:

BIDDER 2010	MATERIAL	PRICE PER TON	ESTIMATED TONS	TOTAL COST
United Materials of Great Falls Inc.	MPWSS Type B	\$47.80	9,000	\$430,200
	MPWSS Type S-2	\$50.50	3,000	\$151,500
	MSS Grade D	\$52.85	2,000	\$105,700
			TOTAL BID PRICE	\$687,400

**Fiscal Impact:** The contracted price for asphaltic concrete in FY 09/10 was \$44.00 per ton for MPWSS Type B, \$44.75 per ton for MPWSS Type S-2, and \$47.50 per ton for MSS Grade D. The total bid price difference from last year is an increase of \$62,150 or +10%. Funding for this year's purchase of asphaltic concrete is in the proposed FY 2011 Street Maintenance Budget.
