

Item: Set Public Hearing for Resolution 9979 to Levy and Assess Properties for Unpaid Utility Services

From: Donnie McVee, Deputy Fiscal Services Director

Initiated By: Annual Assessment Process

Presented By: Melissa Kinzler, Fiscal Services Director

Action Requested: City Commission Set Public Hearing Date for Resolution 9979 to Levy and Assess Properties for Unpaid Utility Services

Suggested Motion:

1. Commissioner moves:

“I move that the City Commission set a Public Hearing date on Resolution 9979 for August 21, 2012 at 7:00 p.m. to levy and assess properties for unpaid utility services.”

2. Mayor calls for a second, discussion, inquires from the public, and calls for the vote.

Staff Recommendation: Staff recommends the City Commission set a public hearing date for August 21, 2012.

Background: State statutes and City of Great Falls Municipal Codes authorize the City Commission to assess lienable charges against a property to which utility services were furnished and for which payment is delinquent. Properties in the City of Great which had utility services provided to them prior to June 30, 2012, but remain unpaid, are subject to the City’s right to assess the property the amount owed. The Fiscal Services Department reviews the accounts annually and notifies property owners of the delinquent charges and right to assess the property. The legal owners of the properties, as listed on Exhibit “A” of the Resolution, were last notified in a letter dated June 21, 2012 that unless these charges were paid within 30 days, they would be levied as a tax against the lot or parcel. These properties also received the normal monthly billing statements. A final letter stating the date and time of the Public Hearing will be sent to the owners of the property remaining unpaid on August 03, 2012. This assessment will appear on the property tax bill received from the Cascade County Treasurer.

Concurrences: Public Works staff is responsible for the operation expenses of the Utility System. Fiscal Services staff is responsible for assessing and collecting the revenues. Payments made prior to the public hearing date will be applied accordingly to avoid placing the assessment on the property owner’s tax bill.

Fiscal Impact: Adoption of Resolution 9979 will allow the City to collect delinquent utility service charges in the amount of \$27,115.44. Any payments received prior to the charges being forwarded to the Cascade County Treasurer will be removed from the assessment listing.

Alternatives: The City Commission could choose to not set the public hearing and thereby deny the adoption of Resolution 9979; however, as stated in OCCGF 13.2.030 all users of City services are expected to pay their share of the costs incurred to provide those services. The proposed assessments enable the collection of revenues necessary to recover costs to provide the services.
