

Item: Two New 2016 Tandem Axle Trucks with New Rearload Refuse Packers with a Qwik-Tip

From: Doug Alm, Vehicle Maintenance Supervisor

Initiated By: Public Works Department

Presented By: Jim Rearden, Public Works Director

Action Requested: Award Bid

Suggested Motion:

1. Commissioner moves:

“I move that the City Commission (approve/reject) the bid award for two new 2016 Kenworth T440 tandem axle trucks with new Heil Durapack 5000 rearload refuse packers with a Qwik-tip to Motor Power of Great Falls for \$414,447.31, including trade-in.”

2. Mayor requests a second to the motion, Commission discussion, public comment, and calls for the vote.

Staff Recommendation: Staff recommends that the City Commission award the bid for two new 2016 Kenworth T440 tandem axle trucks with new Heil Durapack 5000 rearload refuse packers with a Qwik-tip to Motor Power of Great Falls for \$414,447.31, including trade-in.

Background:

Purpose

These units will be used for commercial solid waste collection.

Evaluation and Selection Process

The specifications were advertised two times in the Great Falls Tribune, placed on the City of Great Falls website, and mailed to seven prospective bidders. The bids were opened on January 6, 2016 with six bidders responding, each with alternate bids. The City Commission postponed the bid award at the January 19, 2016 City Commission meeting to allow staff additional time to further review the bids.

Staff recommends accepting the trade-in allowance of \$5,000 for the City's #921 2000 Volvo WG64, LEACH 2RII VIN# 4V5JC2UF7YN870283.

Conclusion

The bid by Motor Power meets specifications for the tandem axle trucks with rearload refuse packers with a Qwik-tip. The lowest bid was an alternate bid by Motor Power with a refuse packer from an out of state bidder. Motor Power/Kois has excellent local same day service, which means less down time for the Sanitation Division if repairs are required. This out of state vendor would have to send a tech out from Spokane or the unit would have to be transported to Spokane for major packer body repairs. In the past the City has experienced months of down time with no truck. The cost of truck rental is \$7,000 per month. The difference in bid price is \$6,834.00.

Fiscal Impact: As presented at the Commission Work Session held October 6, 2015, funds for the purchase of the sanitation trucks will be financed through the Montana Board of Investments. The Montana Board of Investments has agreed to loan the City of Great Falls, \$1,400,000 for the purchase of the trucks, plus the required 10% reserve amount. The total loan amount is for \$1,540,000. The loan has a variable interest rate that changes annually in February and the current interest rate is 1.25%. The term of the loan will be 6 years and will be repayable from the Sanitation Fund at approximately \$268,000 a year.

After the bid award of the sanitation trucks has been approved, the City Commission will be asked to pass a resolution authorizing the participation in the Board of Investments Intercap Revolving Program for the purchase of the sanitation trucks. Early redemption of the loan is possible. The average annual interest rate of this program for the last 5 years is 1.29%. The closing date of this borrowing will be scheduled once the bid for the sanitation trucks has been awarded and the resolution for participation has been passed.

Alternatives: City Commission could vote to reject the bids for the purchase of these new 2016 tandem axle trucks with rearload refuse packers with a Qwik-tip.
