

Item: Asset Management Software: Cartegraph Operations Management System

From: Public Works Administration

Initiated By: Public Works Department

Presented By: Jim Rearden, Public Works Director

Action Requested: Approve Purchase Agreement

Suggested Motion:

1. Commissioner moves:

“I move the City Commission (approve/not approve) the purchase of Operations Management System software that includes 3½ years licensing and support in the amount of \$161,071.25 to Cartegraph Systems, Inc.”

2. Mayor requests a second to the motion, Commission discussion, public comment, and calls for the vote.

Staff Recommendation:

Staff recommends that the City Commission approve the purchase of Operations Management System software that includes licensing and support, in the amount of \$161,071.25 to Cartegraph Systems, Inc.

Background:

Purpose

This software is used by Public Works employees to manage and maintain City assets. It is used to document work orders and save work history on assets. The software allows staff to quickly access records on multiple types of assets to provide data to citizens as well as city employees. The software also provides a map-style interface that will allow city employees to use mobile devices in the field to locate assets as well as inspect and record information about them, and document any work done to them.

Evaluation and Selection Process

The City is currently using Cartegraph Navigator software, and has been using it for the past 13 years. This agreement is to purchase Cartegraph's new software, and convert our records from the old system to the new system.

There were several other vendors that were considered, and two others provided product demonstrations, as well as Cartegraph. Division supervisors were present for the demonstrations, and found the Cartegraph provides the software best-suited to the City's needs.

Conclusion

Asset management software is essential for City staff to perform their duties on a daily basis. Cartegraph software provides the tools needed to manage and maintain City assets. It gives City staff the ability to monitor asset conditions, and auto-generate work orders based on time or usage to make sure that preventative maintenance is completed. The software will be utilized by all Public Works divisions, Parks and Recreation, and Fiscal Services.

Fiscal Impact:

The attached agreement proposal lists the fees in the Purchase Agreement section. The agreement provides licensing and support from the start date of the conversion and upgrade through August 21, 2019.

The purchase agreement total is \$161,071.25. This is split up into yearly payments, and not paid as a lump sum. The overall total is listed as this is a multi-year purchase agreement which gives the City discounts that total \$30,457.50. The payment schedule for the agreement is as follows:

Current Year (now until 8/21/2016) - \$59,071.25. Due upon signing of the purchase agreement.

Year 1 (8/22/2016 – 8/21/2017) - \$29,000. Amount due August 2016.

Year 2 (8/22/2017 – 8/21/2018) - \$34,000. Amount due August 2017

Year 3 (8/22/2017 – 8/21/2019) - \$39,000. Amount due August 2018

The Current Year fee is higher as it contains the costs for migration of our current data, on-site implementation, on-site training, and contains the Esri licensing as well. Esri licensing gives each Cartegraph user an Esri ArcGIS Online license. This software can be used by itself as well as with Cartegraph. Cartegraph is a map-based database program, the mapping and several other capabilities are leveraged from Esri. Esri licenses will be purchased annually after the first year purchase. The current price for 50 licenses is \$10,000 annually.

Alternatives:

The City Commission could vote to deny award of the agreement.

 - 1. If Customer has purchased a Per-User License, as indicated in the Purchase Agreement, only a finite number of licenses have been purchased by Customer and only that finite number of users may access and use the Software at any given time. The specific number of licenses purchased shall be identified in the Purchase Agreement.
 - 2. If Customer has purchased an Unlimited License, as indicated in the Purchase Agreement, all employees of Customer are considered to be licensed to access and use the Software at any given time. Such Unlimited License applies only to employees of Customer and does not allow the access or use of the Software by any independent contractors, affiliated entities or organizations, or any other individual, party, or entity that is not an employee of Customer.
- D. Customer agrees the Software license for the Software is limited as follows:
 - 1. Browser Based User – Each browser based user is defined by unique ID and password.
 - 2. For Server Software – one copy of Server Software for each Server or, if Hosted, no copies of Server Software for a Server that is not a Host Computer System.
- E. Customer agrees that this license does not permit Customer to: (1) use the Software for a service bureau application or (2) sublicense the Software.
- F. Except as set forth in this Agreement or as may be permitted in writing by Third Party Licensors, Customer shall not use, provide or otherwise make available the Software or any part or copies thereof to any third party.

If Cartegraph intends to claim that any such requested documentation is "Confidential Information" or confidential, proprietary, or trade secret information as identified in Mont. Code Ann. §30-14-402, or otherwise under applicable law, it will be required to take any and all steps necessary, including court action, to establish that the information is not subject to public disclosure.
- B. Customer acknowledges that unauthorized reproduction, use, or disclosure of the Software or any part thereof may cause irreparable injury to Cartegraph or Third Party Licensors, who may therefore be entitled to injunctive relief to enforce these license restrictions, in addition to any other remedies available at law, in equity, or under this Agreement.
- C. Customer agrees that Cartegraph or Third Party Licensors may audit Customer's Software usage remotely or on-site during Support, Services or Hosting or upon reasonable notice and during standard business hours. Prevention of audit by Customer may be grounds for termination of this Agreement.

Hosting includes 10G of available file storage. If additional storage is required, the Customer can purchase in 10G increments
- C. Customer agrees that all payments are due 30 days from date of invoice and Customer shall be in default if amounts due have not been received in that time period. Customer's default will constitute sufficient cause for Cartegraph to suspend or terminate the Software license, Support, Services and Hosting under this Agreement.
- D. Customer shall be invoiced for Software, Support, Hosting and hardware upon delivery. Customer shall be invoiced for Services as set forth in the Purchase Agreement.
- E. Customer shall reimburse Cartegraph for reasonable expenses incurred during the provision of Support, Services or Hosting. - E. If Customer wishes to terminate this Agreement prior to the end of the term of this Agreement as identified above or in the appropriate Purchase Agreement, Customer must provide Cartegraph with written notice of such intent to terminate at least ninety (90) days prior to such termination. In the alternative, Cartegraph may refund amounts paid by Customer pursuant to Purchase Agreements for such Software products.
- D. THERE ARE NO OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING, WITHOUT LIMITATION, THE IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE OR NONINFRINGEMENT WITH RESPECT TO THE SOFTWARE LICENSED HEREUNDER.
- E. SUPPORT, SERVICES AND HOSTING SET FORTH IN THIS AGREEMENT ARE IN LIEU OF ALL WARRANTIES, EXPRESS OR IMPLIED, INCLUDING, WITHOUT LIMITATION, ANY WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. SUPPORT, SERVICES AND HOSTING PROVIDED UNDER THIS AGREEMENT DO NOT ASSURE THE UNINTERRUPTED OPERATION OF THE SOFTWARE.

16. Proprietary Rights and Confidential Information of Cartegraph.

- A. Cartegraph recognizes that this Agreement involves interaction with a public entity. Any oral or written information provided to the Customer or its employees by Cartegraph may be subject to public inspection under Montana or other applicable law and may be subject to records retention laws. If a request for Cartegraph's information is made, Customer will notify Cartegraph of such request. If Cartegraph intends to claim that any such requested documentation is "Confidential Information" or confidential, proprietary, or trade secret information as identified in Mont. Code Ann. §30-14-402, or otherwise under applicable law, it will be required to take any and all steps necessary, including court action, to establish that the information is not subject to public disclosure.
- B. Customer acknowledges and agrees that Cartegraph or Third Party Licensors shall suffer irreparable injury not compensable by money damages and therefore shall not have an adequate remedy at law in the event of an unauthorized use of proprietary rights or an unauthorized use or disclosure of any Confidential Information in breach of the provisions of this Agreement. Accordingly, Cartegraph or Third Party Licensors shall be entitled to injunctive relief to prevent or curtail any such breach, threatened or actual. The foregoing shall be in addition and without prejudice to such rights that Cartegraph or Third Party Licensors may have at law or in equity.

17. Proprietary Information of Customer.

- A. In order to provide Products under this Agreement, Customer may, from time to time, disclose to Cartegraph certain information respecting Customer's technical, financial, statistical and personnel data, (hereinafter "Information"). Any such Information which is submitted in writing to Cartegraph by the Customer and which is clearly and conspicuously marked as confidential shall be protected by Cartegraph against unauthorized disclosure by using the same degree of care and discretion that Cartegraph uses with similar Information which Cartegraph does not want disclosed to third parties. However, Cartegraph shall not be required to protect Information which (a) is or becomes publicly available, (b) is already in Cartegraph's or its related companies' possession, (c) is independently developed by Cartegraph outside the scope of this Agreement, or (d) is rightfully obtained from third parties. Cartegraph's obligations under this Section shall cease immediately upon return to Customer or destruction by Cartegraph of such Information.
- B. Cartegraph shall not be required to protect any ideas, concepts, know-how, or techniques relating to data, electronic document processing and image processing developed or resulting from the Information or the Services provided under this Agreement.

18. Infringement Indemnification.

- A. Cartegraph or Third Party Licensors will defend any action, suit or proceeding brought against Customer if based on a claim that Products infringe any United States patent or copyright of any third party ("Intellectual Property") provided that Customer promptly notifies Cartegraph or Third Party Licensors immediately and gives Cartegraph or Third Party Licensors full authority, information and assistance for the action's defense. Cartegraph or Third Party Licensors will pay all damages and costs awarded therein against Customer, but shall not be responsible for any compromise made without its consent. Cartegraph or Third Party Licensors may, at any time it is concerned over the possibility of such an infringement, at its option and expense, replace or modify Products so that infringement will not exist. In the alternative, Cartegraph may remove a component of Products involved and refund to Customer the price as depreciated by an equal annual amount over five (5) years.
- B. Cartegraph and Third Party Licensors shall have no liability to Customer if any Intellectual Property infringement or claim thereof is based upon the use of Products in connection or in combination with equipment, devices, or software not supplied by Cartegraph or used in a manner not expressly authorized by this Agreement or in a manner for which Products were not designed, or if the claim of infringement would have been avoided but for Customer's use of software other than the latest, unmodified release of Software made available to Customer by Cartegraph.
- C. To the fullest extent permitted by law and subject to the limitations set forth in Mont. Code Ann. §2-9-108, Customer shall indemnify and hold Cartegraph and Third Party Licensors harmless from any loss, cost or expense suffered or incurred in connection with any claim, suit or proceeding brought against Cartegraph or Third Party Licensors so far as it is based on a claim that the use, sale or licensing of any Products delivered hereunder and modified or altered or combined with any products, device, or software not supplied by Cartegraph hereunder constitutes an infringement because of such modification, alteration or combination.

19. Miscellaneous.

- A. Taxes. Customer shall pay all taxes, levies and similar governmental charges, however designated, and all liabilities with respect thereto which may be imposed by any jurisdiction, including, without limitation, customs, privilege, excise, sales, use, value-added and property taxes levied or based on gross revenue or operation of this Agreement, except those taxes based upon Cartegraph's net income.
- B. Relationship of the Parties: Cartegraph and Customer are independent of each other.
