

Item: One New 2017 Tandem Axle Dump Truck
From: Doug Alm, Vehicle Maintenance Supervisor
Initiated By: Public Works Department
Presented By: Jim Rearden, Public Works Director
Action Requested: Award Bid

Suggested Motion:

1. Commissioner moves:

“I move that the City Commission (approve/reject) the bid award for one new 2017 Kenworth T370 tandem axle dump truck to Motor Power Great Falls, Inc., for \$105,965.”

2. Mayor requests a second to the motion, Commission discussion, public comment, and calls for the vote.

Staff Recommendation: Staff recommends that the City Commission approve the bid award for one new 2017 Kenworth T370 tandem axle dump truck to Motor Power Great Falls, Inc., for \$105,965.

Summary: Four tandem axle dump trucks were due for replacement in Fiscal Year 2016. Funding for the purchase of two trucks was approved in the Fiscal Year 2016 Budget, but due to the lower bid amount received there was funding available to purchase three trucks. This purchase would be for the fourth truck due for replacement.

Background:

Purpose

This tandem axle dump truck will be used in the Street Division. Uses include material hauling for city street projects such as sand, gravel and paving projects.

Evaluation and Selection Process

The specifications were advertised two times in the Great Falls Tribune, placed on the City of Great Falls website, and mailed to eight prospective bidders. The bids were opened on October 19, 2016, with two bidders responding, one with an alternate bid.

This vehicle replaces a 2004 Kenworth, #811 VIN #3BKMLZ9X74F066040.

Conclusion

The alternate bid by Motor Power Great Falls, Inc., was the low bid and meets specifications for the tandem axle dump truck.

Fiscal Impact: Funds for this scheduled purchase from the ERS (Equipment Revolving Schedule) were provided in the FY 2017 Street Fund Budget.

Alternatives: The City Commission could reject the bids for the purchase of one new 2017 tandem axle dump truck.
