## City of Great Falls, Montana

2 Park Drive South  
P.O. Box 5021  
Great Falls, Montana 59403

December 22, 2025

Citizens of the City of Great Falls  
Honorable Mayor and City Commission  
City of Great Falls, Montana

I am pleased to submit the Annual Comprehensive Financial Report of the City of Great Falls, Montana, for the fiscal year ended June 30, 2025. The Finance Department staff is responsible for preparing this report. Montana statutes state that local governments must file a financial report with the Montana Department of Administration within six months of the end of a fiscal year. This report is published to fulfill that requirement for the fiscal year ended June 30, 2025. Management is responsible for the content of the report, the accuracy of the presented data, and the completeness and fairness of the presentation, including all disclosures. It is believed that the data presented is accurate in all material aspects and presented in a manner designed to fairly set forth the financial position and results of operations of the City of Great Falls (the City) as measured by the financial activity of its various funds. This belief is based on a comprehensive system of internal controls established for this purpose. Because the cost of internal controls should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements. All disclosures necessary for the readers to gain maximum understanding of the City's financial affairs have been included.

Eide Bailly, LLP has issued an unmodified ("clean") opinion on the City of Great Falls' financial statements for the fiscal year ended June 30, 2025. The independent auditors' report is located at the front of the financial section of this report (page 7).

Management's Discussion and Analysis (MD&A) provides a narrative introduction, overview and analysis to accompany the basic financial statements. This letter of transmittal is designed to complement the MD&A and should be read in combination with it. The City of Great Falls' MD&A can be found immediately following the report of the independent auditors (page 11).

### PROFILE OF GOVERNMENT

The City of Great Falls, incorporated in 1888, operates under the Commission-Manager form of government. The Mayor and four City Commissioners are elected at large, by popular vote, on a non-partisan basis. The Mayor serves a two-year term, while Commissioners serve four-year terms. The City Manager is appointed by the City Commission and is, in turn, responsible for all other City employees. The only exception is the Municipal Court Judges, who are elected to a four-year term of office. The City became a charter form of government in accordance with the Constitution of Montana effective July 1, 1986. This charter entitles the City to all the powers of a self-governing charter city not prohibited by the Montana Constitution, the charter, or specific provisions of Montana law. The self-governing powers of the City shall be liberally construed. Every reasonable doubt as to the existence of a power or authority of the City shall be resolved in favor of the existence of that power or authority.

Great Falls has nine neighborhood councils comprised of five members each. Members are elected to two-year terms. The elections are held in conjunction with the City general election. Neighborhood council members must be residents of their designated districts. The councils act in an advisory capacity to the City Commission, the City Manager, and to other City advisory bodies.

Services provided by the City of Great Falls include police, fire, municipal court, planning and community development, library, parks and recreation, and public works operations, which includes streets, water, sewer, storm drain, sanitation, and engineering.

The City created an audit committee in fiscal year 1992. Members include the Mayor, a City Commissioner, the City Manager, the City Finance Director, and two private volunteer citizens. During the audit, committee members are kept apprised of the audit schedule progression and any special events that may come to light during the audit. Committee members may make suggestions for additional information to be included in the transmittal or the statistical section.

The budget of the City, as required by Montana statutes, must be approved and adopted by resolution by the later of the first Thursday after the first Tuesday in September or 30 calendar days after receiving certified taxable values from the Montana Department of Revenue. The legal spending limits of the City of Great Falls are established at the fund level. Funds with appropriated budgets are the General Fund, special revenue funds, debt service funds, capital project funds, enterprise funds, and internal service funds.

## **GREAT FALLS AND CASCADE COUNTY ECONOMIC OUTLOOK**

The base economy of Great Falls is predominantly agriculture, medical services, and military. The June 2025 unemployment rate was 2.9% for Great Falls compared to a rate of 3.1% in June 2024. The June 2025 State of Montana unemployment rate was 2.8%. Both Great Falls and the State of Montana were below the national unemployment rate of 4.4% in June 2025.

Many industries are investing in the Great Falls community.

- Malmstrom Air Force Base and the community continued preparations for a multi-year, multi-billion-dollar missile replacement project.
- Calumet Montana Refinery has invested in Great Falls for many years. The company has announced plans to construct onsite water treatment to complement their production of sustainable aviation fuel.
- Benefis Health System is constructing a new urgent care facility and is developing a new doctor residency program. Touro Medical School is in its fourth year.
- The City of Great Falls held stakeholder and community outreach events for the update of the City of Great Falls Growth Policy. The Great Falls Long Range Transportation Plan was completed.
- Great Falls Public Schools celebrated the opening of its first CORE school – the first teacher prep charter school in Montana in partnership with the University of Montana Western.
- Pasta MT increased their processing capacity with the addition of a new processing line and Montana Specialty Mills completed their expansion which created three times the oil seed processing capacity.
- Various housing, retail, restaurant and hospitality projects are underway in the community as well.

## **ACCOMPLISHMENTS IN FISCAL YEAR 2025**

During Fiscal Year 2025, the City maintained the General Fund balance above the 22% minimum policy threshold. Personnel remains the largest expense, and all but two expiring union contracts have been successfully renegotiated. The management agreement with the Great Falls Public Library was also renegotiated, resulting in the return of 3.5 mills to the General Fund. American Rescue Plan Act (ARPA) projects remain on track, with all funds expected to be spent by the 2026 deadline. The remaining projects are the Police Evidence Building and the Municipal Court Relocation. The City also secured multiple State grants to support improvements to the Civic Center, Animal Shelter, and Police Department. Public Works continues to invest in the City's utility systems and core infrastructure through its capital improvement program. Notable projects this year include the Central Avenue storm drain improvements, upgrades to Sewer Lift Station #1, and the rehabilitation of the 33rd Street Water Storage Tank.

## **BUDGET OBJECTIVES FOR FISCAL YEAR 2026**

The City's General Fund unreserved balance has remained a key focus since the onset of the pandemic. For FY2026, the unreserved General Fund balance is projected to be \$10,238,918 or 23.8% of operating expenditures. Several major factors continue to shape the City's budget outlook, which include labor market trends and inflation at the national level and local impacts from tax protests, legislative actions, and increasing public safety demands. State legislative changes to property tax structures are expected to affect City revenues in FY2026 and beyond. Due to budget constraints, General Fund subsidies for various Park & Recreation funds and the Civic Center Events Fund were not fully met at the requested levels. To address this, two operational and fee structure studies will be conducted in FY2026, one for Park & Recreation and one for Events. Across all City funds, personnel costs, including wages and benefits, remain a significant budget driver, influenced by ongoing labor negotiations and rising health insurance premiums.

## LONG-TERM FINANCIAL PLANNING

As permitted by Section 7-6-4034, Montana Code Annotated (MCA), a balance Designated for Cash Flow shall be considered adequate at 22% of annual appropriations in the General Fund. All other tax levy supported funds (Library Fund) shall be considered adequate at 17% of annual appropriations. An unreserved fund balance for other operating funds of the City shall be considered adequate at a range of 8% to 17% of annual appropriations. Such balances designated for cash flow shall be used to meet extended revenue cycles, meet short-term economic difficulties, respond to unique opportunities, provide for one-time expenditures, and respond to emergency and disaster situations. The balances shall not be available to meet recurring operating expenses. All departments and divisions supported by the resources of the City strive to function within the limits of the financial resources identified or available specifically to them.

## RELEVANT FINANCIAL POLICIES

The City's long-term capital debt policy sets the parameters for issuing debt and provides guidance in the timing and structuring of long-term debt commitments. A separate policy issued for Special Improvement Districts (SIDS) financing was adopted by the City Commission on November 20, 1990. The City may use debt financing for one-time capital improvement projects, unusual equipment purchases, and under the following circumstances: a) When the project is included in the City's five-year capital improvement program or is in conformance with the City's general plan; b) When the project is not included in the City's five-year capital improvement program, but it is an emerging critical need whose timing was not anticipated in the five-year capital improvement program or it is a project mandated immediately by state or federal requirements; c) When the project's useful life or the projected service life of the equipment will be equal to or exceed the term of the financing; d) When there are designated revenues sufficient to service the debt, whether from project revenues, other specified and reserved resources, or infrastructure cost sharing revenues; or e) When debt financing (other than tax and revenue anticipation notes) is not considered appropriate for any recurring purpose such as current operating and maintenance expenditures.

## AWARDS

Certificate of Achievement for Excellence in Financial Reporting: The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Great Falls, Montana, for its annual comprehensive financial report for the fiscal year ended June 30, 2024. This was the 31<sup>st</sup> consecutive year that the City has achieved this prestigious award (fiscal years ended 1994-2024). In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized annual comprehensive financial report. This report must fairly reflect the financial condition of the City and satisfy both generally accepted accounting principles and applicable legal requirements. A Certificate of Achievement is valid for a period of one year only. We believe that our current annual comprehensive financial report continues to meet the Certificate of Achievement Program's requirements, and we are submitting it to GFOA to determine its eligibility for another certificate for the year ended June 30, 2025.

Distinguished Budget Presentation Award: GFOA presented a Distinguished Budget Presentation Award to the City of Great Falls, Montana, for its annual budget for the fiscal year beginning July 1, 2024. This was the 34<sup>th</sup> consecutive year that the City has achieved this prestigious award (fiscal years beginning 1991-2024). In order to receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, as an operations guide, as a financial plan, and as a communication device.

## ACKNOWLEDGMENTS

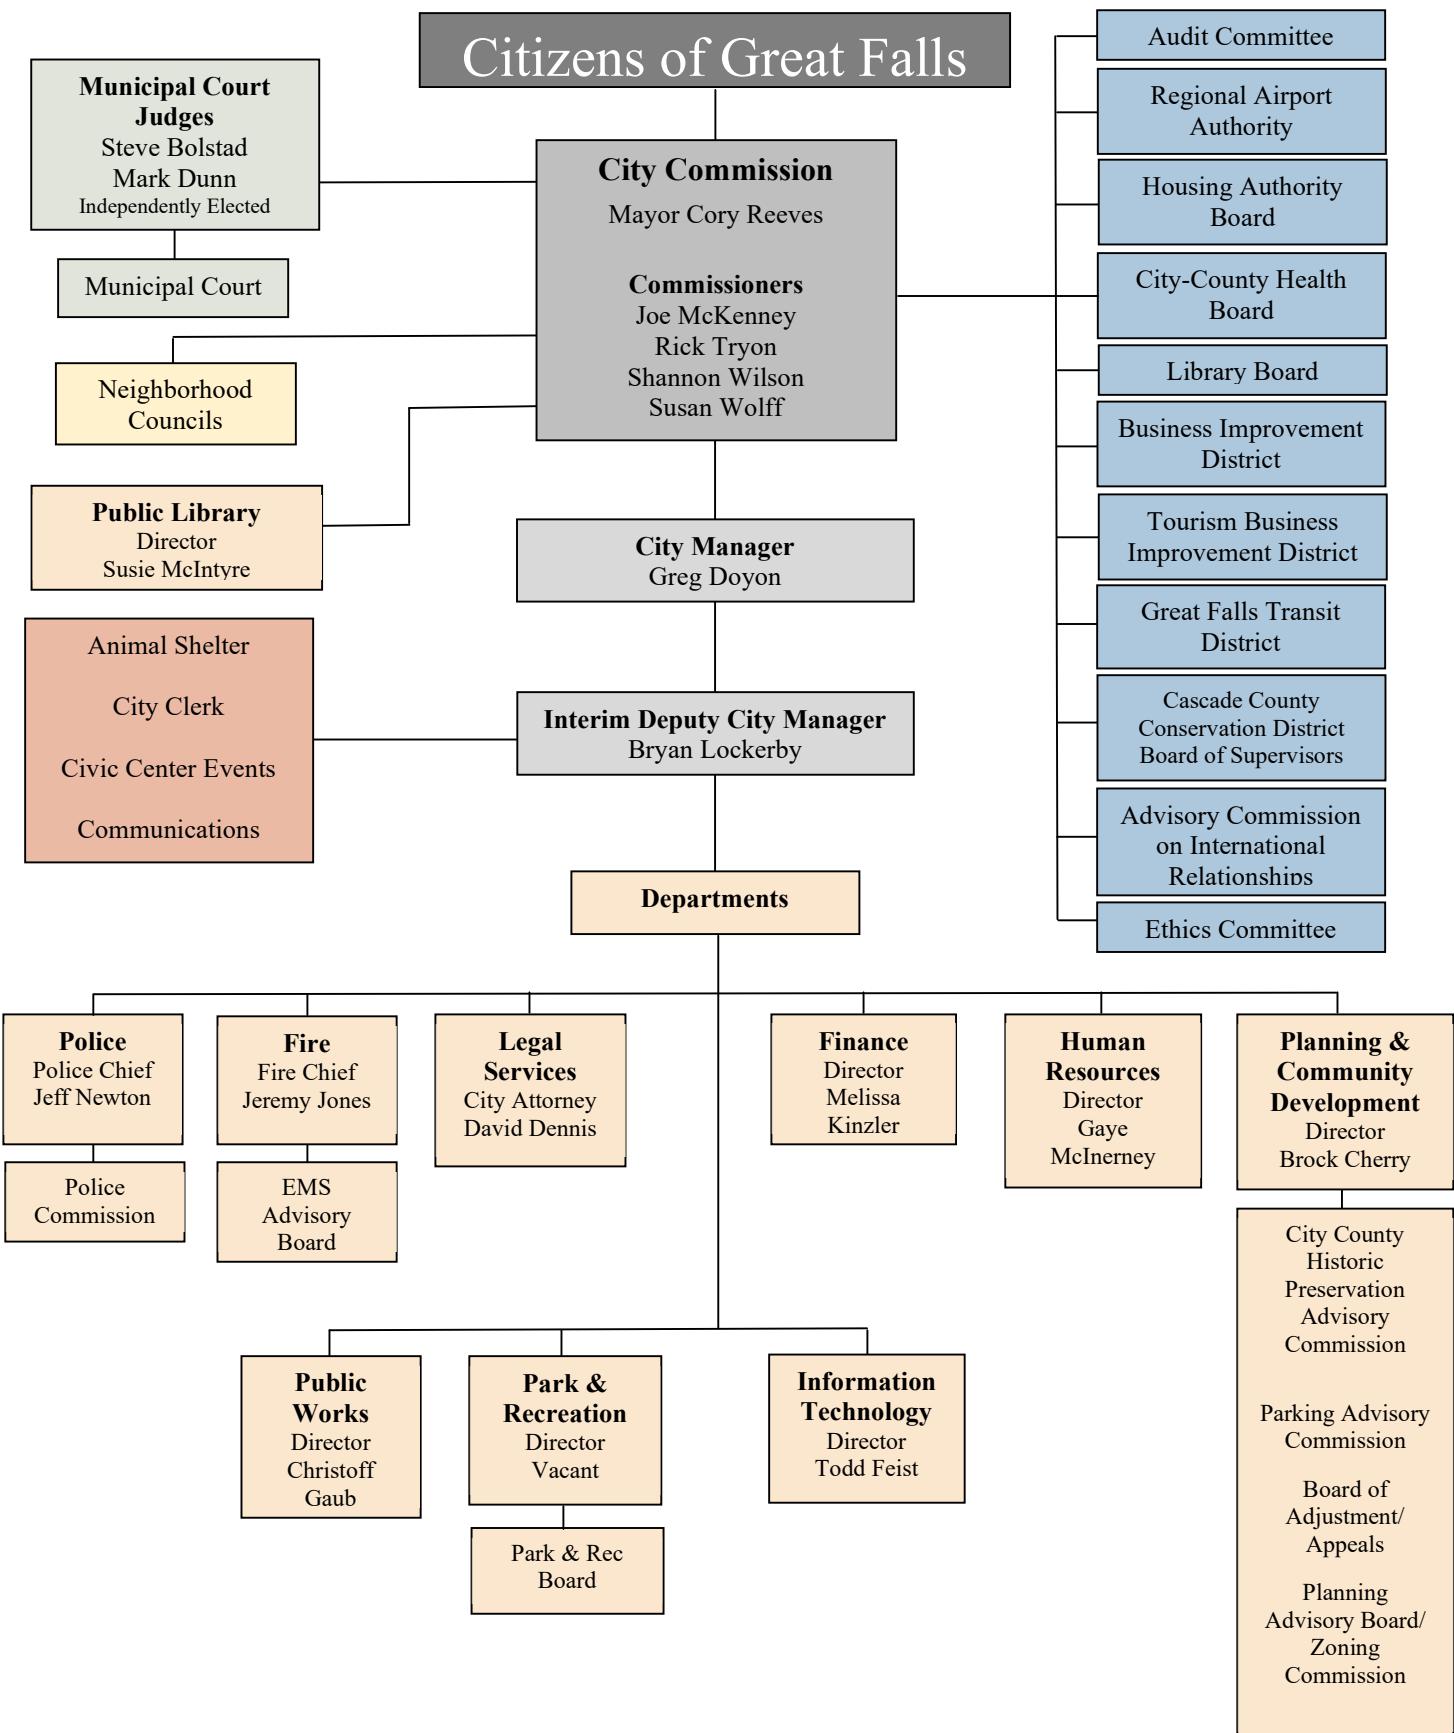

Preparation of this report required the cooperative efforts of many City personnel; in particular, I would like to thank the Accounting Division of the Finance Department. Their dedication to preparing this document is sincerely appreciated.

Respectively submitted,

Melissa Kinzler  
Finance Director

## **Independent Auditor's Report**

To the Honorable Mayor, City Commissioners, and City Manager  
City of Great Falls, Montana

### **Report on the Audit of the Financial Statements**

#### ***Opinions***

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Great Falls (the City), as of and for the year ended June 30, 2025 and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

In our opinion, based on our audit and the reports of the other auditors, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City as of June 30, 2025, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

We did not audit the financial statements of the Great Falls Business Improvement District or the Great Falls Tourism Business Improvement District, which represent 100% of the assets, net position, and revenues of the aggregate discretely presented component units as of June 30, 2025. Those statements were audited by other auditors whose reports have been furnished to us, and our opinions, insofar as they relate to the amounts included for the Great Falls Business Improvement District and the Great Falls Tourism Business Improvement District are based solely on the reports of the other auditors.

#### ***Basis for Opinions***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### ***Correction of Error***

As discussed in Note 19 to the financial statements, the City has identified certain errors related to its financial statements for the year ended June 30, 2024 and has corrected these amounts. These corrections relate to the capitalization of certain internal engineering costs, the timing of revenue recognition for federal grants, and the accrual of payroll at fiscal year-end. Accordingly, a restatement has been made to the general, and federal block grant fund balances and the governmental activities, business-type activities, water, sewer, and storm drain net position as of July 1, 2024 to correct the errors. Our opinions are not modified with respect to this matter.

### ***Emphasis of a Matter***

As discussed in Note 1 and Note 19 to the financial statements, there was a change to the reporting entity during the year due to the removal of the Public Library Foundation, which was previously reported as a discretely presented component unit. Our opinion is not modified with respect to this matter.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison schedules for the general fund and major special revenue funds, schedules of proportionate share of net pension liability and schedules of contributions, and schedule of changes in OPEB liability and related ratios be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We and the other auditors have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### ***Supplementary Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The combining fund financial statements and the individual budgetary comparison schedules as listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements.

The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the combining fund financial statements and the individual budgetary comparison schedules as listed in the table of contents, are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

#### ***Other Information***

Management is responsible for the other information included in the annual report. The other information comprises the introductory section and statistical section but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

#### ***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated December 22, 2025 on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

Denver, Colorado

December 22, 2025

**City of Great Falls, Montana**  
**Management's Discussion and Analysis**  
**Fiscal Year 2025**

As management of the City of Great Falls, we offer readers of our financial statements this narrative overview and analysis of the financial activities of the City of Great Falls for the fiscal year ended June 30, 2025. We encourage readers to consider the information presented here in combination with additional information that we have furnished in the accompanying letter of transmittal found on pages 1 - 3 and the City's financial statements, which begin on page 22.

**FINANCIAL HIGHLIGHTS**

- The assets and deferred outflows of the City of Great Falls exceeded its liabilities and deferred inflows at the close of the most recent fiscal year by \$292,119,956; of this amount; \$17,996,047 is the unrestricted net position.
- The government's total net position increased by \$11,128,877 in comparison with the prior year. This increase was attributable to the increase of governmental activities of \$3,777,106 and an increase of business-type activities of \$7,351,771.
- During fiscal year 2025, the City made the following error corrections which resulted in restatement of beginning balances. Notes 6 and 19 provide more information.
  - The City identified the improper capitalization of certain expenditures for internal engineering services, resulting in overstatement of capital assets by \$9,753,754 at June 30, 2024. Capital assets decreased \$1,364,640 in governmental activities and \$8,389,114 in business-type activities
  - The City identified grant revenue that should have been recorded in the Federal Block Grant Fund in the prior year which resulted in the understatement of accounts receivable and federal revenue of \$111,950 as of June 30, 2024.
  - The City identified accrued payroll that should have been recorded in the prior year which resulted in the understatement of General Fund expenditures by \$563,934 at June 30, 2024.
- As of the close of the most recent fiscal year, the City of Great Falls' governmental funds reported combined ending fund balances of \$46,792,479, an increase of \$603,491 in comparison with the prior year. Approximately 45% of this total amount, \$20,996,817, is available for spending at the government's discretion within the respective funds.
- At the close of the most recent fiscal year, unassigned fund balance for the general fund was \$9,981,522 or 22.32% of total general fund expenditures and transfers.
- The City of Great Falls' bonded debt decreased by \$4,040,000 (7.9%) during the most recent fiscal year. This decrease is largely attributable to a decrease in revenue bonds in the utility funds.
- The City's legal debt margin availability is \$208,349,809. The majority of the debt capacity would require a vote of the citizens on the debt issuance. The City's non-voted General Obligation debt capacity is at \$3,693,726.

**OVERVIEW OF THE FINANCIAL STATEMENTS**

This discussion and analysis is intended to serve as an introduction to the City of Great Falls' basic financial statements which are comprised of four components: 1) government-wide financial statements, 2) fund financial statements, 3) notes to the financial statements, and 4) other required supplementary information in addition to the basic financial statements themselves.

**GOVERNMENT-WIDE FINANCIAL STATEMENTS.** The government-wide financial statements, presented on pages 23 – 25, are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business.

The statement of net position presents information on all of the City of Great Falls' assets, deferred outflows, liabilities, and deferred inflows with the difference between them reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City of Great Falls is improving or deteriorating.

The statement of activities presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., delinquent taxes and earned but unused compensated absences).

The government-wide financial statements distinguish functions of the City of Great Falls that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City of Great Falls include general government, public safety, public works, culture and recreation, housing and development, and interest and fees. The business-type activities of the City of Great Falls include activities such as water, sanitary sewer, storm drain, and sanitation operations.

The government-wide financial statements include not only the primary government of the City of Great Falls but also two component units, the Great Falls Business Improvement District (Business Improvement District) and the Great Falls Tourism Business Improvement District (Tourism Business Improvement District). The exclusion of the component units would cause the City of Great Falls' financial statements to be misleading and should, therefore, be included in the City of Great Falls' financial reports. Consolidated financial information for these component units is reported separately from the financial information presented for the primary government itself. Requests for additional information for the component units should be addressed to Great Falls Business Improvement District, 318 Central Avenue, Great Falls, MT 59401; and Great Falls Tourism Business Improvement District, PO Box 648, Great Falls, MT 59403;

**FUND FINANCIAL STATEMENTS.** A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City of Great Falls, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City of Great Falls can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

**Governmental Funds.** Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance

sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City of Great Falls maintains thirty-three individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund, the COVID Recovery Fund, the Street District Fund, and the Federal Block Grant Fund, all of which are considered to be major funds. Data for the basic governmental fund financial statements is presented on pages 26 – 31. Data from the other twenty-nine governmental funds are combined into a single, aggregated presentation, on pages 122 – 148.

The City of Great Falls adopts an annual appropriated budget. A budgetary comparison schedule has been provided for the General Fund and the major special revenue funds to demonstrate compliance with this budget. In addition, the City has provided budgetary comparison schedules for non-major governmental funds.

**Proprietary Funds.** The City of Great Falls maintains two different types of proprietary funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City of Great Falls uses enterprise funds to account for its water, sewer, storm drain, sanitation, 911 dispatch center, parking, golf courses, swimming pools, recreation, multi-sports, civic center events, and port authority operations. Internal service funds are an accounting device to accumulate and allocate costs internally among the City of Great Falls' various functions. The City of Great Falls uses internal service funds to account for human resources, city telephone, health and benefits, insurance and safety, finance, information technology, central garage, engineering, public works administration, and civic center facility service. Because these services predominantly benefit governmental rather than business-type functions, they have been included within governmental activities in the government-wide financial statements.

Proprietary fund financial statements provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the Water, Sewer, Storm Drain, and Sanitation funds, all of which are considered to be major funds of the City of Great Falls. Data for these major funds is presented on pages 32 – 39. The other ten proprietary funds are combined into a single, aggregated presentation, presented on pages 150 – 161. Conversely, the internal service funds are combined into a single, aggregated presentation in the proprietary fund financial statements, presented on pages 163 – 174.

**Fiduciary Funds.** Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statement because the resources of those funds are not available to support the City of Great Falls' own programs. The accounting used for fiduciary funds is much like that used for proprietary funds. Combined data for the fiduciary funds is presented on pages 40 – 41 with detail data presented on pages 176 – 179.

**NOTES TO THE FINANCIAL STATEMENTS.** The notes, presented on pages 42 – 104, provide additional narrative and tabular information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

**OTHER INFORMATION.** In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning Other Post-Employment Benefits, Net Pension Liability, Additional Pension Contributions and the City of Great Falls' budgetary control, on pages 105 – 119.

## GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. At the end of the most recent fiscal year, the assets and deferred outflows of the City of Great Falls exceeded its liabilities and deferred inflows by \$292,119,956.

By far the largest portion of the City of Great Falls' net position, \$224,741,100 (76.9%), reflects its net investment in capital assets (land, buildings, machinery and equipment, etc.). The City of Great Falls uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City of Great Falls' investment in its capital assets is reported net, it should be noted that the resources needed to repay the associated debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate such liabilities.

Restatement is due to error corrections resulting in adjustments to and restatements of beginning balances. Notes 6 and 19 provide additional information.

An additional portion of the City of Great Falls' net position, \$49,382,809, represents resources that are subject to external restrictions on how they may be used. Restricted net position reported for the business-type activities is \$8,021,425. The majority of this restricted net position is related to the debt service reserves required for the issuance of revenue-related debt.

The remaining balance of unrestricted net position is \$17,996,047. In governmental activities, (\$11,750,460) is due to the previous recognition of the Governmental Accounting Standards Board (GASB) Statement No. 68 (GASB 68) and Statement No. 75 (GASB 75) requirements. The governmental activities capital assets and deferred outflows increased by \$6,265,649 due to the addition of machinery and equipment and a decrease in

deferred outflows of resources. Current liabilities and deferred inflows of governmental activities increased by \$1,571,565 because of the decrease of deferred inflows due to the OPEB and pension liability adjustments.

At the end of the most recent fiscal year, the City of Great Falls is able to report positive balances in two categories of net position for the government as a whole. The City's unrestricted net position is positive for the government as a whole at \$17,996,047. The governmental activities unrestricted net position (\$11,750,460) is negative due to the previous recognition of the GASB 68 and GASB 75 requirements.

The City of Great Falls' revenues totaled \$128,135,178. The total cost of all programs and services was \$117,006,301. The government was able to cover this year's costs in both governmental activities and business-type activities. The analysis below separately considers the operations of governmental and business-type activities.

**Governmental Activities.** Revenues for the most recent year from governmental activities were \$76,124,067 while expenses were \$70,937,019. Net position thus increased by \$5,187,048 before transfers. Charges for services decreased \$649,051 due to decrease of collections for services in governmental funds. Operating grants and contributions increased \$891,688 because of an increase in grants received in the General Capital Projects Fund. Capital grants and contributions decreased \$2,900,107 due to the fewer grants received for capital projects. Property taxes increased by \$1,214,959 due to timing of collections and increases for the inflationary factor and permissive medical levy. Grants and contributions (such as State of Montana Entitlement House Bill 124) that are unrestricted increased by \$348,704 primarily due to a stabilization of this revenue. Miscellaneous revenue decreased \$2,362,659 due to less on-behalf pension revenue received.

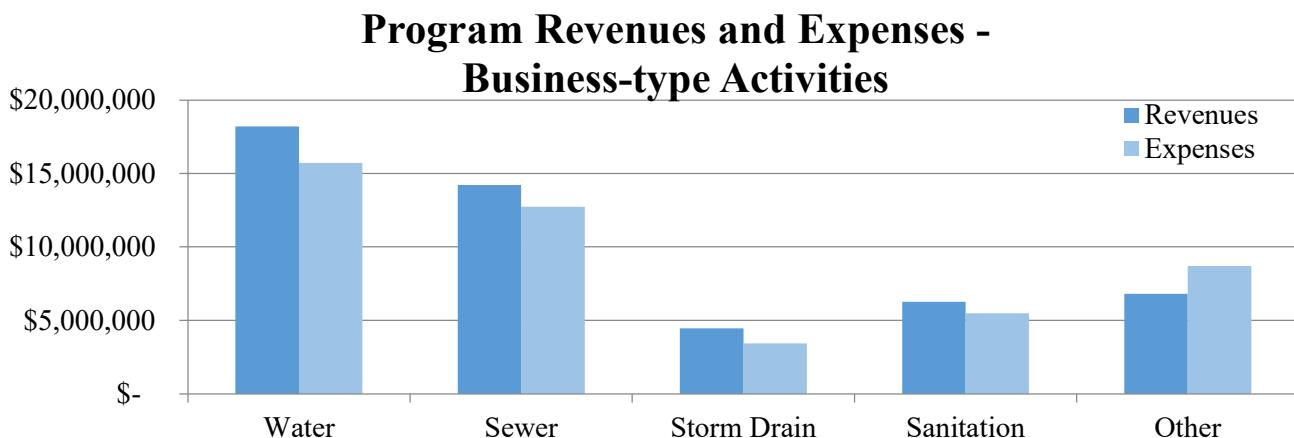

General government related expenses decreased by \$2,819,430 primarily due to pension and OPEB adjustments and spending of American Rescue Plan Act funds. Public safety related expenses increased by \$1,488,610 primarily due to increased personnel costs in the General Fund and other pension adjustments. Public works related expenses increased by \$518,851 primarily due to increased Street Fund activity. Culture and recreation related expenses increased by \$769,437 due to projects in the Park Special Revenue Fund and Library Foundation Fund.

## Program Revenues and Expenses - Governmental Activities

**Business-type Activities.** Revenues for the most recent year from business-type activities were \$52,011,111 while expenses were \$46,069,282. Net position thus increased by \$5,941,829 before transfers. Overall revenue derived from charges for services increased by \$5,087,553, primarily due to increased rates and usage by customers in the Water Fund, Sewer Fund, Sanitation Fund, and Storm Drain Fund. The business-type activities expenses increased by \$3,431,767 primarily due to increased activity in the Water Fund, Sewer Fund, Storm Drain Fund, and Sanitation Fund for capital projects. Other business-type fund expenses were slightly more than the revenues. The Swimming Pools Fund, Aim High Big Sky Fund and Civic Center Events Fund were subsidized by transfers in from the General Fund in the amounts of \$128,861, \$300,407 and \$134,000, respectively. The 911 Dispatch Center Fund received a transfer in from the 911 Special Revenue Fund of \$346,674. The Storm Drain Fund received a transfer in of \$500,000 for a capital project.

As noted earlier, the City of Great Falls uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

**Governmental Funds.** The focus of the City of Great Falls' governmental fund reporting is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City of Great Falls' financing requirements. In particular, unrestricted fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the most recent fiscal year, the City of Great Falls' governmental funds reported combined ending fund balances of \$46,792,479, an increase of \$603,491 in comparison with the previous year. Approximately 45% of this total amount, \$20,996,817, constitutes assigned and unassigned fund balance, which is available for spending at the government's discretion within the respective funds. The remainder of fund balance is restricted to indicate that it is not available for new spending because it has already been committed to provide required security for long-term debt obligations and other outside restrictions.

The General Fund serves as the chief operating fund of the City. The General Fund is used to account for all financial resources not accounted for in any other fund. At the end of the most recent fiscal year, unassigned fund balance in the General Fund was \$9,981,522. As a measure of the General fund's liquidity, it may be useful to compare fund balance to total fund expenditures. The fund balance represents 22.32% of total General fund expenditures and transfers out. This is in compliance with an internally set guideline of 22%. The fund balance guideline was changed in Fiscal Year 2020 from 17% to 22% for cash flow purposes. The fund balance decreased this year from 25.09% to 22.32% of operating expenditures.

The COVID Recovery Fund was created in Fiscal Year 2021 to account for the City's receipt of federal funding from the CARES Act and ARPA. At the end of the fiscal year, the fund balance of this fund was \$3,860,561. The cash balance of this fund is \$7,209,372. The main difference between fund balance and cash balance is due to the deferment of \$2,960,316 of ARPA funds.

The Street District Fund reports operations of the Street Division. At the end of the most recent fiscal year, restricted fund balance in the Street District Fund was \$8,270,997. The fund balance represents 97.64% of total Street District Fund expenditures and transfers out, in compliance with internally set minimum requirements. During the most recent fiscal year, the fund balance of the City of Great Falls' Street District Fund increased by \$567,749. The fund balance will be used for future capital improvement projects.

The Federal Block Grant Fund accounts for federal funds received to assist in the development of the urban community. At the end of the most recent fiscal year, restricted fund balance in the Federal Block Grant Fund

was \$265,396. The fund balance represents 11.3% of total Federal Block Grant Fund expenditures, in compliance with internally set minimum requirements. During the most recent fiscal year, the fund balance of the City of Great Falls' Federal Block Grant Fund decreased by \$615,951. The City's revolving loan fund makes up the fund balance.

**Proprietary Funds.** The City of Great Falls' proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail. Restricted net position of the enterprise funds totaled \$8,021,425. Restricted net position increased by \$144,654 from the previous year due to the increase of required bond reserves. Unrestricted net position of the enterprise funds totaled \$29,746,507. The total increase in net position for the enterprise funds of \$7,351,771 is primarily due to an increase in investment in capital assets.

## GENERAL FUND BUDGETARY HIGHLIGHTS

Differences between the original budget and the final amended budget resulted in a net change in fund balance of (\$114,004). The difference was due to the carryover of prior projects. A review of actual expenditures compared to the appropriations in the final budget yields no significant negative variances.

## CAPITAL ASSET AND DEBT ADMINISTRATION

**Capital Assets.** The City of Great Falls' investment in capital assets for its governmental and business-type activities as of June 30, 2025, is \$277,417,818, which is net of accumulated depreciation. This investment in capital assets includes land, intangible assets including leases, buildings and structures, improvements, machinery and equipment, infrastructure and construction in progress.

Major capital asset events during the most recent fiscal year included the near completion of the Municipal Court relocation in the Civic Center and continued construction of the Police Department evidence building. The usual projects for reconstruction of streets, water mains, sewer mains, and storm drains continued. Various large capital projects were in progress at the end of the fiscal year. Public Works continued work on the sewer lift station upgrades for lift stations #1, #4, and #15 and the Water Treatment Plant Solids Mitigation. Further detail on capital assets is presented in Note 6 on pages 58 - 59.

Restatement is due to an error correction resulting in restatements of beginning balances. Notes 6 and 19 provide additional information.

**Long-term Debt.** At the end of the most recent fiscal year, the City of Great Falls had total bonded debt of \$51,323,893. Of this amount, \$9,544,000 is tax increment urban renewal bonds to be repaid from the tax increments received by the City from its West Bank urban renewal area, Downtown urban renewal area, Airport tax increment district, and the Central MT tax increment district; \$7,820,000 are bonds secured by the Park Maintenance District assessment revenues; and \$33,959,893 are bonds secured solely by specified revenue sources. Further information on long-term debt is presented in Note 7 on pages 60 – 71.

During the most recent fiscal year, the City of Great Falls' bonded debt decreased by \$4,040,000 (7.9%). All outstanding bonds decreased with the largest being revenue bonds.

The City of Great Falls ratings from Moody's are "Aa3" for general obligation bonds and "A1" for revenue debt.

### **City of Great Falls' Outstanding Debt** General Obligation and Revenue Bonds

	Governmental Activities		Business-type Activities		Total	
	2025	2024	2025	2024	2025	2024
Revenue bonds	\$ -	\$ -	\$ 33,959,893	\$ 36,953,893	\$ 33,959,893	\$ 36,953,893
General obligation bonds	-	-	-	-	-	-
Special assessment bonds	7,820,000	8,355,000	-	-	7,820,000	8,355,000
Urban renewal tax increment bonds	9,544,000	10,055,000	-	-	9,544,000	10,055,000
Total	<b>\$ 17,364,000</b>	<b>\$ 18,410,000</b>	<b>\$ 33,959,893</b>	<b>\$ 36,953,893</b>	<b>\$ 51,323,893</b>	<b>\$ 55,363,893</b>

State statutes limit the amount of general obligation debt a governmental entity may issue to 2.50% of its total assessed value of taxable property. The current legal debt capacity for the City of Great Falls is \$208,442,259. Out of the total debt capacity, \$208,349,809 is unused by the City. The majority of the debt capacity would require a vote of the citizens on the debt issuance. The City's non-voted General Obligation debt capacity is at \$3,693,726.

### **ECONOMIC FACTORS AND NEXT YEAR'S BUDGET**

The June 2025 unemployment rate was 2.9% for Great Falls compared to a rate of 3.1% in June 2024. The June 2025 State of Montana rate was 2.8%. Both Great Falls and the State of Montana were below the national unemployment rate of 4.4% in June 2025. The majority of City of Great Falls' taxes are generated from real and personal property. Since the State of Montana and the City of Great Falls do not have sales taxes, the downturn in the national economy does not have a direct effect on tax revenue. During COVID-19, the City was less impacted than those communities relying on sales tax. However, the City was not unaffected by the pandemic. There is an indirect effect in such that the City of Great Falls newly taxable property will be fluctuating and collection of property taxes could fluctuate. If the mill value decreases with the "floating mill," the City does have the ability to increase the amount of mills to make up the difference in lost value.

Future challenges and opportunities for the City of Great Falls include:

- The City received a large amount of federal funding from the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) and American Rescue Plan Act (ARPA) for Covid relief. There is no timeframe in which the CARES Act money must be spent; however, ARPA funding must be obligated by December 31, 2025,

and spent by December 31, 2026. By the end of Fiscal Year 2025, all projects were underway for the use of these funds involving internal and external recipients.

- The General Fund undesignated fund balance has been spent down since the pandemic and is still above the internal policy of 22% because of CARES Act funds received. However, expenses continue to increase at a faster rate than revenues in the General Fund.
- Taxes, special assessments, and utility rates were raised in fiscal year 2025 but not all revenue lost during the Covid pandemic when the City did not raise any taxes, assessments, or rates has been recouped.

Ongoing challenges for the City include:

- Funding and adhering to the City's Administrative Capital Improvement Plan,
- Addressing citywide deferred capital maintenance for facilities,
- Replacing high-cost equipment and vehicles,
- Recruitment and retention of city employees.

After reviewing all the financial indicators of the City of Great Falls, the City as a whole has improved as a result of the year's activities, which is reflected in the increase in the City's total fund balance and net position in the fund statements.

#### **REQUESTS FOR INFORMATION**

This financial report is designed to provide a general overview of the City of Great Falls' finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to Melissa Kinzler, Finance Director, PO Box 5021, Great Falls, MT 59403.

**City of Great Falls, Montana**  
**Reconciliation of the Balance Sheet of Governmental Funds**  
**To the Statement of Net Position**  
**June 30, 2025**

Amounts reported for governmental activities in the statement of net position (page 21) are different because:

Total fund balances - governmental funds (page 25)	\$ 46,792,479
Capital assets used in governmental activities are not financial resources, and, therefore, are not reported in the funds.	
Governmental capital assets	\$ 210,348,143
Less: accumulated depreciation	<u>(114,606,335)</u>
Capital assets - net	95,741,808
Various deferred outflows and inflows involving net pension liability are not available to pay for current period expenditures and, therefore, are deferred in the funds.	
	3,454,645
Internal service funds are used by management to charge the cost of certain activities to individual funds. The assets and liabilities of the internal service funds are included in governmental activities in the statement of net position.	
	12,041,765
Deferred inflows of resources are not available to pay for current period expenditures and, therefore, are deferred in the funds.	6,447,193
Long-term liabilities are not due and payable in the current period and therefore are not reported in the funds.	
Compensated absences	(5,526,769)
Leases	(1,260,376)
Loans and contracts payable	(92,450)
Special improvement district bonds payable	(7,820,000)
Tax increment bonds payable	(9,544,000)
Net pension liability	<u>(24,713,178)</u>
Total long-term liabilities	<u>(48,956,772)</u>
Net position of governmental activities (page 23)	<u>\$ 115,521,118</u>

The notes to the financial statements are an integral part of this statement.

**City of Great Falls, Montana**  
**Reconciliation of the Statement of Revenues, Expenditures, and Changes**  
**in Fund Balances of Governmental Funds to the Statement of Activities**  
**For the Year Ended June 30, 2025**

Amounts reported for governmental activities in the statement of activities pages (pages 22-23) are different because:

Net change in fund balances - total governmental funds (page 28) \$ 603,491

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of these assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceeded depreciation expense in the current period.

Expenditures for capital assets	\$11,916,700
Less: current year's depreciation	<u>(5,007,822)</u>
Total capital asset related expenditures	\$ 6,908,878

The net effect of various miscellaneous transactions involving net pension liability is to increase net position. \$ 475,658

Internal service funds are used by management to charge the cost of certain activities to individual funds. The net revenue (expense) of certain activities of internal service funds is reported with governmental activities. \$ 1,626,143

Not all revenues in the statement of activities provide current financial resources. These revenues are not considered "available" revenues and are unearned in the governmental funds, but have been recognized as revenue in the current period in the statement of activities. Unearned revenue decreased by this amount this year. \$ (5,528,332)

The issuance of long-term debt (e.g. bonds, leases) provides current financial resources to governmental funds, while the repayment of principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however has any effect on assets. This amount is the net effect of these differences in the treatment of long-term debt and related items.

Issuance of debt	
Lease inception	(205,166)
Principal repayments	
Leases	236,114
Loans and contracts	77,524
Tax increment bonds	511,000
Special improvement bonds	535,000
Compensated absences	<u>(1,463,205)</u>
Total debt-related transactions	\$ (308,732)
Change in net position of governmental activities (pages 24-25)	<u><u>\$ 3,777,106</u></u>

**City of Great Falls, Montana**  
**Notes to Financial Statements**  
**June 30, 2025**

**1. Summary of Significant Accounting Policies**

**A. Description of government-wide financial statements**

The government-wide financial statements (statement of net position and statement of activities) report information on all of the nonfiduciary activities of the primary government and its component units. All fiduciary activities are reported only in the fund financial statements. Governmental activities, which normally are supported by taxes, intergovernmental revenues, and other nonexchange transactions, are reported separately from business-type activities, which rely to a significant extent on fees and charges to external customers for support. Likewise, the primary government is reported separately from its legally separate component units for which the primary government is financially accountable.

**B. Reporting Entity**

The City of Great Falls (government) is a municipal corporation, organized in 1888 under the laws of the State of Montana. The City operates under the Commission/Manager form of government with a self-governing charter which became effective July 1, 1986. The City's executive, legislative, and policy-making body is the City Commission which is composed of a mayor and four commissioners. The City Manager serves as the appointed Chief Executive Officer carrying out the policies established by the City Commission and oversees all operations. The accompanying financial statements present the government and its component units, which are entities for which the government is considered to be financially accountable. Blended component units are, in substance, part of the primary government's operations, even though they are legally separate entities. Thus, blended component units are appropriately presented as funds of the primary government. Discretely presented component units are organizations for which the primary government is financially accountable or organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. Each discretely presented component unit is reported in a separate column in the government-wide financial statements to emphasize that it is legally separate from the government.

**Blended Component Unit - Great Falls Port Authority (Port Authority Fund)**

On September 21, 2004, the City Commission passed Resolution 9425 authorizing the City Commission to Exercise Powers of a Port Authority and reaffirmed Resolution 8841 with City Commissioners as Port Authority Commissioners. The Port Authority governing body is the City Commission. The Port Authority by-laws state the City may fund its debt deficiency, and the services provided by the Port Authority benefit the City. The Port Authority is reported as a blended component unit of the City of Great Falls. This component unit is blended as a proprietary fund presented in these financial statements.

**Discretely Presented Component Unit - Great Falls Business Improvement District (Business Improvement District)**

The objective of the Business Improvement District is to oversee and manage the appearance, security, and cleanliness of a designated area within Great Falls to make that area appealing to shoppers, office workers, area residents, and tourists as a viable shopping and tourist destination. The Business Improvement District's Board of Trustees is appointed by the City Commission. The Business Improvement District is required to submit an annual budget to the City Commission who may approve or modify the Business Improvement District's Budget. Additionally, the City Commission is responsible for levying the Business Improvement District's assessments on the properties within the Business Improvement District. Separate financial statements of the Business Improvement District may be obtained by contacting the District at 318 Central Avenue, Great Falls, Montana, 59401.

**City of Great Falls, Montana**  
**Notes to Financial Statements (Continued)**  
**June 30, 2025**

**1. Summary of Significant Accounting Policies - continued**

**B. Reporting Entity - continued**

**Discretely Presented Component Unit - Great Falls Tourism Business Improvement District (Tourism Business Improvement District)**

The objective of the Tourism Business Improvement District is to promote tourism, conventions, trade shows, and travel to the City of Great Falls. The Tourism Business Improvement District's Board of Trustees is appointed by the City Commission. The Tourism Business Improvement District is required to submit an annual budget to the City Commission who may approve or modify the Tourism Business Improvement District's budget. Additionally, the City Commission is responsible for levying the Tourism Business Improvement District's assessments on the properties within the Tourism Business Improvement District. Separate financial statements of the Tourism Business Improvement District may be obtained by contacting the Tourism Business Improvement District at P.O. Box 648, Great Falls, Montana, 59403.

**Exclusion of the Great Falls Public Library Foundation from the Reporting Entity**

The Great Falls Public Library Foundation (Foundation) is a legally separate, tax-exempt nonprofit organization that provides financial support to the Great Falls Public Library (Library). In prior years, the Foundation was reported as a discretely presented component unit of the City due to the nature of its financial relationship with the Library. However, for the fiscal year ended March 31, 2025, the City has determined that the Foundation no longer meets the criteria for inclusion in the reporting entity as a component unit. This conclusion is based on the following considerations:

- Increased public funding to the Library Fund has significantly reduced the Library's reliance on the Foundation for capital and programmatic support.
- The bylaws of the Foundation establish its operational independence and grant it full discretion over the use and timing of its resources.
- The City does not appoint a voting majority of the Foundation's board, nor does it have the ability to impose its will on the Foundation or access its resources.

As a result, the Foundation's financial activities are not included in the City's financial statements for the current reporting period. Since the Foundation was previously reported as a discretely presented component unit, its exclusion has no quantitative effect on the beginning net position of the City's governmental and business-type activities. Complete financial statements for the Great Falls Public Library Foundation may be obtained by contacting the Public Library Foundation at P.O. Box 742, Great Falls, Montana, 59403.

**Related Organization – Great Falls Housing Authority (Housing Authority)**

The City Commission appoints all members of the Housing Authority Board, an independent authority that provides safe, decent, sanitary, and affordable housing for the community's low-income residents and sets policy for the operation and management of public housing properties, the Department of Housing and Urban Development (HUD) Section 8 program and other affordable housing programs. Until December 1, 2022, the City provided management and payroll services for the Housing Authority. The Housing Authority Board of Commissioners voted not to renew the management agreement effective December 1, 2022.

**C. Basis of Presentation - government-wide financial statements**

While separate government-wide and fund financial statements are presented, the financial statements are interrelated. The governmental activities column incorporates data from governmental funds and internal service funds, while business-type activities incorporate data from the City's enterprise funds. Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the fiduciary funds are excluded from the government-wide financial statements.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges between various functions of the City. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

**City of Great Falls, Montana**  
**Notes to Financial Statements (Continued)**  
**June 30, 2025**

**1. Summary of Significant Accounting Policies - continued**

**D. Basis of Presentation - fund financial statements**

The fund financial statements provide information about the City's funds, including its fiduciary funds and blended component units. Separate statements for each fund category - governmental, proprietary, and fiduciary - are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as nonmajor funds.

1. The City reports the following major governmental funds:

**General Fund**

The General Fund serves as the chief operating fund of the City. The General Fund is used to account for all financial resources not accounted for in some other fund.

**COVID Recovery Fund**

The COVID Recovery Fund accounts for federal relief money received from the CARES Act and American Rescue Plan Act.

**Street District Fund**

The Street District Fund reports operations of the Street Division, pavement rehabilitation and restoration, street sweeping, snow and ice control, dust abatement and paving markings. This fund also reports activities related to the signs and signals function of the Traffic Division. The major revenue source for this fund is street assessments received.

**Federal Block Grant Fund**

The Federal Block Grant Fund accounts for federal funds received by the City used to assist in the development of viable urban communities.

2. The City reports the following major enterprise funds:

**Water Fund**

The Water Fund accounts for all aspects of the City water system operations; including related debt service, administrative expenses, operation and maintenance of the water treatment plant, laboratory and water distribution.

**Sewer Fund**

The Sewer Fund accounts for all aspects of the City sewer system operations; including related debt service, administrative expenses, operation and maintenance of the wastewater treatment plant and the sewer collection system.

**Storm Drain Fund**

The Storm Drain Fund accounts for all aspects of the City storm drain system including operation and maintenance and debt service.

**Sanitation Fund**

The Sanitation Fund accounts for all aspects of providing refuse collection and disposal services to the City.

3. Additionally, the City reports the following types:

**Internal Service Funds**

Internal service funds account for the financing of goods or services provided by one department or agency to other departments or agencies of the City on a cost reimbursement basis. The City uses internal service funds for Central Garage, Information Technology, Insurance and Safety, Health and Benefits, Human Resources, City Telephone, Finance, Engineering, Public Works Admin, and Civic Center Facility Service.

**City of Great Falls, Montana**  
**Notes to Financial Statements (Continued)**  
**June 30, 2025**

**1. Summary of Significant Accounting Policies – continued**

**D. Basis of Presentation - fund financial statements - continued**

**Fiduciary Funds**

Fiduciary funds are used to report for assets held by the City in a trustee capacity or as an agent for individuals, private organizations, other governments, and/or other funds. These may include trust or custodial funds. The City reports Private Purpose Trust Funds and Custodial Funds. During the year ended June 30, 2021, the City implemented GASB Statement No. 84 which changes the classifications of private-purpose trust and custodial funds to better assess the accountability of the City in its role as fiduciary.

During the course of operations, the City has activity between funds for various purposes. Any residual balances outstanding at year end are reported as due from/to other funds and advances to/from other funds. While these balances are reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Balances between the funds included in governmental activities (the governmental and internal service funds) are eliminated so that only the net amount is included as internal balances in the governmental activities column. Similarly, balances between the funds included in business-type activities (enterprise funds) are eliminated so that only the net amount is included as internal balances in the business-type activities column.

Further, certain activity occurs during the year involving transfers of resources between funds. In fund financial statements these amounts are reported at gross amounts as transfers in/out. While reported in fund financial statements, certain eliminations are made in the preparations of the government-wide financial statements. Transfers between the funds included in governmental activities are eliminated so that only the net amount is included as transfers in the governmental activities column. Similarly, balances between the funds included in business-type activities are eliminated so that only the net amount is included as transfers in the business-type activities column.

**E. Measurement Focus/ Basis of Accounting**

The accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured such as current financial resources or economic resources. The basis of accounting indicates the timing of transactions or events for recognition in the financial statements.

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

The governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, and claims and judgments, are recorded only when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds. Issuance of long-term debt and acquisitions under leases are reported as other financing sources.

Property taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Entitlements are recorded as revenues when all eligibility requirements are met, including any time requirements, and the amount is received during the period or within the availability period for this revenue source (within 60 days of year-end). Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other eligibility requirements have been met, and the amount is received during the

**City of Great Falls, Montana**  
**Notes to Financial Statements (Continued)**  
**June 30, 2025**

**1. Summary of Significant Accounting Policies – continued**

**E. Measurement Focus/Basis of Accounting – continued**

period or within the availability period for this revenue source (within 60 days of year-end). All other revenue items are considered to be measurable and available only when cash is received by the government. The City's program revenues are from the revolving loan fund.

The proprietary, private-purpose trust, and custodial funds are reported using the economic resources measurement focus and the accrual basis of accounting. Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the enterprise funds are charges to customers for sales and services. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

**F. Assets, liabilities, deferred outflows/inflows of resources, and net position/fund balance**

**1. Cash and investments**

The City's cash is considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition. Generally, cash resources of the individual funds are combined to form a pool of cash and investments which is managed within the Finance Department. Investment criteria are established via Montana Code Annotated (MCA) 7-6-202 and the City's investment policy. Investments, with limited exceptions, are reported at fair value. Investments, in nonparticipating certificates of deposit are reported at cost. Money market investments, including U.S. Treasury and Agency obligations that mature within one year of acquisition are reported at amortized cost. The difference between amortized cost is deemed immaterial and all investments will be reported at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value is determined annually, and requires the use of valuation techniques, a specific method or combination of methods using one or more of three approaches: market, cost or income approach.

Investment income earned as a result of pooling is distributed to the appropriate funds utilizing a formula based on the average balance of cash and investments of each fund.

The City has a comprehensive investment policy addressing safety, liquidity and yield priorities. This investment policy is more restricted than State Law. The City has a policy of holding its investments to maturity. This is often referred to as 'passive investing'. The two main priorities when investing City funds are safety and liquidity. Investing in government securities and agencies (bonds) meet these priorities. A more active approach to investing requires additional staff time and more intensive continuing education and training. Also, 'active investing' exposes the City to risks related to timing the buying and selling of investments in the market.

All depositories must be either Federal Deposit Insurance Corporation (FDIC) or Federal Savings and Loan Deposit Insurance Corporation (FSLIC) insured. All deposits over the FDIC or FSLIC insured amount are required to be secured with a letter of credit or collateral having a market value of at least 100% of the deposit balance. City criteria for collateral are a limited list of instruments with readily verifiable market values and established marketability. Collateral must be held by an approved third-party financial institution in the name of the City.

Except for cash in certain restricted and special funds, the City consolidates cash and reserve balances from all funds to maximize investment earnings and to increase efficiencies with regard to investment pricing, safekeeping and administration. Investment income is allocated to the various funds based on the funds' respective participation and in accordance with generally accepted accounting principles (GAAP).

**City of Great Falls, Montana**  
**Notes to Financial Statements (Continued)**  
**June 30, 2025**

**1. Summary of Significant Accounting Policies – continued**

**F. Assets, liabilities, deferred outflows/inflows of resources, and net position/fund balance – continued**

1. Cash and Investments - continued

Pooling cash assets eliminates the need to maintain uninvested contingency cash for each fund. Cash flow needs can be anticipated for the City as a whole. The fluctuations in cash needs for the individual funds tend to "net out" when combined needs are considered. The total uninvested cash balance for contingencies can be greatly reduced.

2. Receivables

Real property taxes and special assessments can be attached as an enforceable lien on the underlying property. After a period of three years remaining unpaid, Cascade County, acting as the City's collection agent, may begin foreclosure proceedings and sell the property at auction. The City receives its proportionate share of the sale proceeds from the County.

Utility receivables in the enterprise funds can be attached as an enforceable lien on the underlying property and services are disconnected for non-payment.

The City records bad debts using the direct write-off method. GAAP requires the allowance method to be used to reflect bad debts. However, the effect of the use of the direct write-off method is not materially different from the results that would have been obtained had the allowance method been followed.

The City administers a revolving loan fund through the Federal Block Grant and HOME Grant. These receivables are deferred and, therefore, an allowance for uncollectible accounts is not maintained.

During the year ended June 30, 2022, the City implemented GASB Statement No. 87. The City records lease receivables in accordance with GASB Statement No. 87 for all material lease contracts when the City is the lessor.

3. Interfund Receivables/Payables

Interfund receivables/payables between or within fund types have not been eliminated at the fund financial level.

Due to/from other funds represents short-term amounts owed to a particular fund by another fund within the City for goods or services rendered. Since the City records its financial information for governmental funds on a modified accrual basis, the timing of cash receipts can result in funds reflecting a deficit cash balance. For year-end reporting purposes, most cash deficits within funds are eliminated through usually short-term borrowing between the funds, resulting in amounts due to and due from other funds. The Golf Course Fund cash deficit is considered a long-term borrowing between funds due to the length of time the fund has had a cash deficit.

Interfund loans receivable/payable represent short-term loans between funds within the City for working cash purposes and the current portion of advances.

Advances to/from other funds represents the noncurrent portion of long-term loans between funds within the City. For year-end reporting purposes, the cash deficit for the Golf Course fund has been classified as an advance due to the length of time the fund has had a cash deficit.

**City of Great Falls, Montana**  
**Notes to Financial Statements (Continued)**  
**June 30, 2025**

**1. Summary of Significant Accounting Policies - continued**

**F. Assets, liabilities, deferred outflows/inflows of resources, and net position/fund balance – continued**

**4. Inventories and Prepaid Items**

Inventories for supplies are reported at cost. Inventories held for resale are reported at lower of cost or net realizable value. Supplies purchased by governmental funds are recorded as expenditures at the time of purchase. The amounts on hand in governmental funds are not significant.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements. Prepaid items arise when charges are entered in the accounts for benefits not yet received. Prepaid items are spread over a short period of time and are regularly recurring costs of operation. In subsequent periods, when the benefit criteria are met, or when the City has a legal claim to the resources, the prepaid items are removed from the balance sheet and expenses are recognized.

**5. Capital Assets**

Capital assets, which include property, plant, and equipment, are defined by the City as assets with an initial, individual cost of more than \$25,000 and an estimated useful life of three years or more. Such assets are recorded at historical cost where historical cost records are available and at estimated historical cost where no historical records exist. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Capital assets should be depreciated over their estimated useful lives unless they are inexhaustible, or are intangible assets with indefinite useful lives. Some intangible assets such as software are depreciated over their useful lives. Improvements are capitalized and depreciated over the remaining useful lives of the related capital assets, as applicable. Donated capital assets, donated works of art and similar items, and capital assets received in a service concession arrangement are reported at acquisition value.

Capital assets purchased by governmental funds (general capital assets such as roads, bridges, curbs and gutters, streets and sidewalks, lighting systems, and similar assets) are recorded as expenditures in those funds when purchased. No depreciation is recorded on these general capital assets at the fund financial reporting level. In the government-wide statement of net position, these assets are capitalized at cost and in the government-wide statement of activities, depreciation is reported.

Capital assets purchased by proprietary funds are capitalized at cost and shown as assets of those funds. Depreciation of capital assets of proprietary funds is computed over the estimated useful lives of the assets using the straight-line method and is charged as an operating expense of those funds.

The City records an intangible lease asset and related debt for all material lease contracts when the City is the lessee in accordance with GASB Statement No. 87. The asset is amortized over the term of the lease or the useful life of the lease asset, whichever is less.

The estimated useful lives are as follows:

Buildings	40 - 50 years	High traffic streets	20 - 25 years
Improvements	15 - 20 years	Gravel or dirt alleys	10 - 15 years
Equipment	3 - 25 years	Parking lots	20 - 25 years
Utility plant	15 - 50 years	Sidewalks, curbs and gutters	40 - 50 years
Residential streets	40 - 50 years	Intangible assets	5 - 50 years

**6. Equipment Replacement Reserves**

The Information Technology and Central Garage internal service funds equipment replacement reserves are funded by a lease charge on a replacement-cost basis for vehicles and equipment owned by these funds and used by other City funds. An Equipment Revolving Schedule (ERS) has been established by vehicle or

**City of Great Falls, Montana**  
**Notes to Financial Statements (Continued)**  
**June 30, 2025**

**1. Summary of Significant Accounting Policies - continued**

**F. Assets, liabilities, deferred outflows/inflows of resources, and net position/fund balance – continued**

**6. Equipment Replacement Reserves - continued**

equipment item which includes department operation identification, estimated useful life, projected replacement date, reserve goal (estimated replacement cost), annual reserve increment (lease charge), and accumulated reserve balance. The ERS is reviewed and adjusted on an annual basis to assure that realistic replacement reserves are established. Whenever operational changes reduce vehicle or equipment needs, excess accumulated reserves are returned to the fund of origin through an equipment replacement reserve (transfer) when multiple fiscal years are involved, or credited against current year charges when only the current fiscal year is involved.

**7. Compensated Absences**

In accordance with GASB Statement No. 101, Compensated Absences, the City recognizes a liability for leave that:

- Is attributable to services already rendered,
- Accumulates (i.e., may be carried forward to future periods), and
- Is more likely than not to be used for time off or otherwise paid or settled.

Based on these criteria listed, three types of leave qualify for liability recognition for compensated absences – vacation, sick leave and compensatory time (police and fire).

The liability for compensated absences is reported as incurred in the government-wide and proprietary fund financial statements. In governmental funds, a liability is recognized only when it has matured, such as through employee resignation or retirement. The liability is measured using pay rates in effect as of the financial statement date and includes applicable salary-related payments.

**Vacation and Compensatory Time**

The City's policy permits employees to accumulate earned but unused vacation and compensatory time, subject to limits established by Montana State Statute and applicable union agreements. These balances are eligible for full payment upon separation from employment.

**Sick Leave**

Employees may accumulate earned but unused sick leave. Upon separation from service, employees are compensated for 25% of their accrued sick leave balance at their current pay rate, subject to eligibility requirements. In addition, a liability for estimated value of sick leave that will be used by employees as time off is included in the liability for compensated absences.

The City discloses only the net change in the compensated absences liability during the reporting period. The specific governmental funds used to liquidate these liabilities are no longer disclosed.

**8. Deferred Outflows/Inflows of Resources**

In addition to assets, the statement of financial position reports a separate section for deferred outflows of resources. This separate financial statement element represents a consumption of net assets that applies to a future period and so will not be recognized as an outflow of resources (expenses) until that time.

In addition to liabilities, the statement of financial position reports a separate section for deferred inflows of resources. This separate financial statement element represents an acquisition of net assets that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time.

**City of Great Falls, Montana**  
**Notes to Financial Statements (Continued)**  
**June 30, 2025**

**1. Summary of Significant Accounting Policies - continued**

**F. Assets, liabilities, deferred outflows/inflows of resources, and net position/fund balance – continued**

**9. Net Position/Fund Balance Flow Assumption**

Governments fund outlays for a particular purpose from both restricted and unrestricted resources. In order to calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements, the City of Great Falls' flow assumption must be made about the order in which the resources are considered to be applied. It is the City's policy to consider assigned fund balance to have been depleted before using any of the components of unassigned fund balance. Further, when the components of restricted fund balance can be used for the same purpose, restricted fund balance is depleted first, followed by committed fund balance and then assigned fund balance. Unassigned fund balance is applied last. When restricted and unrestricted fund balance/net position can be used, restricted fund balance is applied first.

**10. GASB Statement No. 87 – Leases**

Effective fiscal year 2022, the City reports any material agreements that meet the definition of a lease as either a right-to-use lease asset and a corresponding liability (City as lessee) or a lease receivable and deferred inflow of resources (City as lessor). The liability is initially recorded as the present value of lease payments expected to be made during the subscription term. The intangible asset is initially recorded as the sum of the liability plus any direct costs or payments made to the lessor before commencement of the lease term. The lease receivable is initially recorded as the present value of lease payments expected to be received during the term. The deferred inflow of resources is initially recorded as the value of the lease receivable plus any other payments initially received relating to future periods.

**11. GASB Statement No. 91 – Conduit Debt Obligations**

Effective fiscal year 2023, this statement establishes that conduit debt is not the liability of the City. Therefore, debt obligations that meet the definition of conduit debt, and any related capital assets, will not be reported as part of the City's financial statements.

**12. GASB Statement No. 94 – Public Private Partnerships**

Effective fiscal year 2023, the City does not have any agreements that meet the definition of a public private partnership. Any agreement that meets the definition of an availability payment arrangement (APA) relating to operating or maintaining a nonfinancial asset is reported as an outflow of resources in the period in which the payments relate. The City does not have any APAs that also relate to the financing of a nonfinancial asset, which would be reported as a financed purchase of the underlying asset.

**13. GASB Statement No. 96 – Subscription Based IT Agreements (SBITA)**

Effective fiscal year 2023, the City does not have any material agreements that meet the definition of SBITA. The City will report any material SBITA agreement as a right-to-use subscription asset and a corresponding liability. The subscription liability is initially recorded as the present value of subscription payments expected to be made during the subscription term. The interest rate used is either the rate the vendor charges or the City's incremental borrowing rate. The subscription asset is initially recorded as the sum of the subscription liability plus any capitalizable costs of implementation.

**G. Encumbrances**

The City does not utilize a formal encumbrance accounting system.

**City of Great Falls, Montana**  
**Notes to Financial Statements (Continued)**  
**June 30, 2025**

**1. Summary of Significant Accounting Policies - continued**

**H. Pensions**

The Montana Public Employee Retirement Administration (MPERA) prepares its financial statements using the accrual basis of accounting. The same accrual basis was used by MPERA for the purposes of determining the Net Pension Liability (NPL), Deferred Outflows of Resources and Deferred Inflows of Resources related to pensions; Pension Expense; the Fiduciary Net Position; and, Additions to or Deductions from Fiduciary Net Positions. Member contributions are recognized in the period in which contributions are due. Employer contributions are recognized when due and the employer has made a formal commitment to provide the contributions. Revenues are recognized in the accounting period they are earned and become measurable. Benefit payments and refunds are recognized in the accounting period which they are due and payable in accordance with the benefit terms. Expenses are recognized in the period incurred. Investments are reported at fair value. MPERA adheres to all accounting principles generally accepted by the United States of America. MPERA applied all applicable pronouncements of GASB.

**2. Cash and Investments**

The composition of the City's cash and investments, including restricted cash and investments, on June 30, 2025 was as follows:

	Component Units		
	Primary Government	Business Improvement District	Tourism Business Improvement District
Cash on hand	\$ 12,761	\$ -	\$ -
Deposits in banks	15,204,969	204,415	558,444
Time deposits	42,728,324	-	-
Certificates of deposit	-	-	774,000
U.S. government securities	-	-	-
Short term investment pool (STIP)	46,977,073	-	-
Money market funds	-	-	-
Mutual funds	-	-	-
Equity securities	-	-	-
<b>Totals</b>	<b>\$ 104,923,127</b>	<b>\$ 204,415</b>	<b>\$ 1,332,444</b>

The City's cash and investments for the primary government at June 30, 2025 are reported as:

	Governmental Activities	Business-Type Activities	Fiduciary Funds	Total
Cash and investments	\$ 59,096,586	\$ 30,562,226	\$ 359,604	\$ 90,018,416
Restricted cash and investments	3,583,226	11,321,485	-	14,904,711
<b>Totals</b>	<b>\$ 62,679,812</b>	<b>\$ 41,883,711</b>	<b>\$ 359,604</b>	<b>\$ 104,923,127</b>

At June 30, 2025, the carrying amount of the City's deposits in banks was \$15,204,969 and the bank balance was \$17,364,257. Of the bank balance \$500,000 was covered by federal depository insurance and \$16,306,471 was covered by a letter of credit from a federal home bank in the City's name. The time deposits of \$42,728,324 were covered by federal depository insurance.

**City of Great Falls, Montana**  
**Notes to Financial Statements (Continued)**  
**June 30, 2025**

**2. Cash and Investments - continued**

At June 30, 2025, the carrying amount of deposits for the Great Falls Business Improvement District, a discretely presented component unit, was \$204,415 and the bank balance was \$204,415. Of the bank balance, \$204,415 was covered by federal depository insurance. At June 30, 2025, the Great Falls Business Improvement District had no cash in excess of FDIC insured limits.

At June 30, 2025, the carrying amount of deposits for the Great Falls Tourism Business Improvement District, a discretely presented component unit, was \$1,332,444 and the bank balances were \$1,332,444. Of the bank balances, \$1,126,966 was covered by federal depository insurance. At June 30, 2025, the Great Falls Tourism Improvement District had \$205,478 in excess of FDIC insured limits.

Montana statutes require that the City have securities for deposits equal to 50% of its total deposits that are not insured or guaranteed, held in the City's name by the pledging bank's trustee. The City was in compliance with this statute at June 30, 2025. The City's policy is to have securities for deposits equal to 100% of its insured or guaranteed yield in the City's name. Types of securities that may be pledged as collateral are detailed in MCA 17-6-103.

Montana statutes authorize the City to invest in direct obligations of the United States government in savings or time deposits in a state or national bank, building or loan association, or credit union located in Montana; in investments of the Montana Short-Term Investment Pool (STIP) managed by the Montana Board of Investments; or in repurchase agreements.

Investments by fair value level:

	Fair Value	Fair Value Measurements Using		
		Level 1	Level 2	Level 3
Certificates of deposit	\$ -	\$ -	\$ -	\$ -
Time deposits	42,728,324	42,728,324	-	-
U.S. treasuries	-	-	-	-
Money market funds	-	-	-	-
Totals	<u>\$ 42,728,324</u>	<u>\$ 42,728,324</u>	<u>\$ -</u>	<u>\$ -</u>

The City categorizes its fair value measurements within the fair value hierarchy established by GAAP. The hierarchy, as follows, is based on the valuation inputs used to measure fair value. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

- Level 1 Inputs – Quoted prices in active markets for identical assets; these investments are valued using prices quoted in active markets.
- Level 2 Inputs – Significant other observable inputs; these investments are valued using inputs other than Level 1 that are observable, either indirectly, such as quoted market prices for similar assets or liabilities, quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by market date for the full term of the assets or liabilities. Level 2 inputs are listed at the values provided by the City's banking institutions and listed on monthly statements.
- Level 3 Inputs – Significant unobservable inputs; these investments are valued using fair value to the extent that the observable inputs are not available, thereby allowing for situations in which there is little, if any, market activity for the asset or liability at the measurement date.

The City voluntarily participates in the STIP administered by the Montana Board of Investments (MBOI). STIP is recorded at Net Asset Value. A local government's STIP ownership is represented by shares, the prices of which are fixed at \$1.00 per share, and participants may buy or sell shares with one business days' notice.

STIP administrative expenses are charged daily against the STIP income, which is distributed on the first calendar day of each month. Shareholders have the option to automatically reinvest their distribution income in additional shares. STIP is not registered with the Securities and Exchange Commission. STIP is not FDIC-insured or

**City of Great Falls, Montana**  
**Notes to Financial Statements (Continued)**  
**June 30, 2025**

**2. Cash and Investments – continued**

otherwise insured or guaranteed by the federal government, the State of Montana, the MBOI or any other entity against investment losses, and there is no guaranteed rate of return on funds invested in STIP shares. The MBOI maintains a reserve fund to offset possible losses and limit fluctuations in STIP's valuation. The STIP investment portfolio consists of securities with maximum maturity of 2 years. Information on investments held in the STIP can be found in the Annual Report on the MBOI website at <http://investmentmt.com/Annual-Reports>. Investments are in an internal investment pool. It is a common practice for governments to pool the cash and investments of funds to improve investment performance. Unless restricted by bonds, grants, etc., the City pools cash and investments of all funds. The City has the policy of placing restricted investments in the short-term investment pool. At June 30, 2025, the City had the following investments:

	Fair Value	Investment Maturities (In Years)	
		Less Than 1	1-5
Cash on hand, deposits in banks, savings deposits	\$ 15,217,730	\$ 15,217,730	\$ -
Certificates of deposit	-	-	-
Time deposits	42,728,324	42,728,324	-
U.S. treasuries	-	-	-
Short term investment pool (STIP)	46,977,073	46,977,073	-
Money market funds	-	-	-
<b>Totals</b>	<b>\$ 104,923,127</b>	<b>\$ 104,923,127</b>	<b>\$ -</b>

**Custodial Credit Risk**

Deposits are exposed to custodial credit risk if they are not covered by depository insurance and the deposits are uncollateralized. The City's investment policy limits its custodial risk by requiring all deposits under the FDIC or FSLIC insured amount to be insured by the FDIC or FSLIC and all deposits over the FDIC or FSLIC insured amount are required to be secured with collateral.

**Interest Rate Risk**

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The City's investment policy minimizes the risk by structuring the investment portfolio so that the securities mature to meet cash requirements for ongoing operations, thereby avoiding the need to sell securities on the open market prior to maturity, and investing operating funds primarily in short-term securities or similar investment pools.

**Credit Risk**

Credit risk is defined as the risk that an issuer or other counterparty to an investment will not fulfill its obligation. The City's investment policy minimizes credit risk by limiting investments to the safest types of securities, pre-qualifying the financial institutions, broker/dealers, intermediaries, and advisors with which the City does business, and diversifying the investment portfolio so that potential losses on individual securities will be minimized. Although the STIP investments have been rated by investments security type, STIP, as an external investment pool, has not been rated by the Nationally Recognized Statistical Rating Organizations. More information on STIP is available at the Montana Department of Commerce Board of Investments website at <http://investmentmt.com/STIP>.

The U.S. Government Treasury Securities are not considered to have credit risk and do not require disclosure of credit quality. The City had \$0 in U.S. Government Agencies Securities at June 30, 2025.

**Concentration of Credit Risk**

Concentration of credit risk is the risk of loss attributed to the magnitude of a government's investment in a single issuer. Investments issued or explicitly guaranteed by the U.S. government and investments in external investment pools are excluded from this requirement.

### **3. Receivables**

#### Taxes and Special Assessments

The City's real estate property tax is levied as of November 1 on the assessed value listed as of January 1 of the same year, for all property located in the City. Assessed values are established by the State of Montana Department of Revenue (State) based on a market value. A revaluation of all property is required to be completed on a periodic basis. Taxable value is defined by state statute as a fixed percentage of assessed value.

The City is permitted, by state statutes, to levy taxes up to certain fixed limits for various purposes. The taxes levied by the City for the year ended June 30, 2025 were within legal limits. Taxes are due in semi-annual installments on November 30 and May 31 of each year. Property tax lien dates are December 1 and June 1.

The City levies assessments for lighting districts, street maintenance, park maintenance, boulevard maintenance, various special improvement districts (SIDs) and various special improvement lighting districts (SILDs). The assessments are due in semi-annual installments on November 30 and May 31. All assessments are considered delinquent if not paid by May 31.

#### Loans Receivable

Loans receivable at June 30, 2025 consists of the following:

Federal Block Grant:		
Deferred payment loan program (a) (b)		\$ 908,287
Nonmajor governmental funds:		
Home Grant - deferred payment loan program (a)	40,000	
Total	<u><u>\$ 948,287</u></u>	

- (a) The deferred payment loan program for both Federal Block Grant and Home Grant was established to provide opportunities for low-income homeowners to rehabilitate, weatherize, maintain, or improve the quality of existing housing. No interest is charged on these loans. Repayment of the loan is required only if the property is sold, or upon satisfaction of the original mortgage, at which time the property owner begins making monthly payments equal to the principal and interest payment on the original mortgage.
- (b) The water and sewer loan program was established to stabilize and improve water and sewer service lines by providing financial assistance to landlords and homeowners who own their rental and residential property. Monthly payments are due the first of every month. No interest is charged on these loans. The terms range from ten to eighteen years. The loans are secured by the property and/or equipment. Deferred inflows of resources equal to the balance of the loans receivable has been recorded.

#### Lease Receivable

Lease receivable in accordance with GASB Statement No. 87 at June 30, 2025, consists of the following:

Water Fund:		
Cell tower lease (c)		\$ 193,663
Total		<u><u>\$ 193,663</u></u>

- (c) The City grants the right to use space on City-owned property for the installation, operation, and maintenance of antennas, transceivers, and related equipment. The current lease with Verizon Wireless for equipment installed in Clara Park has been recorded with an initial term of 12 years through October 1, 2032, and an interest rate of 2.87%. The original present value of the lease receivable was \$266,181. Inflows of resources recorded in Fiscal Year 2026 were lease revenue of \$22,182 and lease interest revenue of \$6,075.

**City of Great Falls, Montana**  
**Notes to Financial Statements (Continued)**  
**June 30, 2025**

**4. Interfund Receivables, Payables, and Transfers**

**Due To/From Other City Funds**

The due to other City funds balances reported in the fund financial statements represent credit cash balances in the individual funds at year-end with an offsetting due from other City funds in the corresponding funds. Due to the netting effect, these are eliminated on the government-wide statement of net position.

Due to/from other City funds at June 30, 2025 consists of the following:

Receivable Fund	Payable Fund	
Non-major special revenue fund - Park & Recreation	Non-major enterprise fund - Aim High Big Sky	\$ 221,056
Non-major special revenue fund - Park & Recreation	Non-major enterprise fund - Recreation	94,031
Non-major special revenue fund - Park & Recreation	Non-major enterprise fund - Multi-sports	45,157
Total		<u><u>\$ 360,244</u></u>

**Interfund Loans**

The advance from the general fund reported in the golf courses fund represents a long-term credit cash balance.

Advances to/from other funds at June 30, 2025 consists of the following:

Receivable Fund	Payable Fund	Amount
Major governmental fund - General Fund	Non-major enterprise fund - Golf Courses	\$ 270,025
Total		<u><u>\$ 270,025</u></u>

**Transfers**

Transfers represent the movement of cash assets between City funds and operations. Transfers are transactions which must be recorded, but should not be confused with operating revenues and expenditures. Recurring transfers are authorized transfers from a fund receiving revenue to the fund through which the resources are to be expended.

Transfers to/from other funds for the year ended June 30, 2025 consists of the following:

Recipient Fund	Amount	Purpose
<b>Major governmental funds</b>		
General fund	\$ 26,864	Transfer from soccer park general obligation bond fund to close cash to general fund.
	<u>26,864</u>	Subtotal of major governmental funds
<b>Nonmajor governmental funds</b>		
Planning & Community Development	376,932	Transfer from general fund to planning & community development for operation support.
Natural Resources	256,277	Transfer from general fund to natural resources for operation support.
General Capital Projects	86,674	Transfer from downtown TID bonds fund to general capital projects for project expenses.
	<u>719,883</u>	Subtotal of nonmajor governmental funds
<b>Major enterprise funds</b>		
Storm Drain	500,000	Transfer from downtown TID bonds fund to storm drain for capital improvements project.
	<u>500,000</u>	Subtotal of major enterprise funds

2031	1,587	4	1,591
Totals	\$ 16,937	\$ 2,245	\$ 19,182

Conduit Debt Obligations  
Special State Projects Fund

The City Commission, on April 15, 2014, authorized the borrowing of \$4,999,800 from the MBOI Infrastructure Loan Program for the purpose of funding an infrastructure project that provides facilities/services to basic sector businesses. The project was the construction of a new structural steel fabrication complex. This complex is leased to ADF Group USA, Inc. (ADF) at the monthly rental fee of \$31,955 for fifteen years, which is equal to the infrastructure loan payments. The ADF property was pledged as collateral. ADF has an option reserved for the purchase of the lease upon full satisfaction of the City's obligation under the note at any time without penalty. The term of the note is fifteen (15) years with an interest rate of 1.98%.

The City issued the West Bank Urban Renewal Tax Increment bonds pursuant to Resolutions No. 9815 and 10343 which includes various restrictive provisions and covenants. The more significant provisions and covenants require that reserves be maintained for debt service. The resolution also requires that the tax increment tax collected and available for debt service is at least 1.40 times coverage on total tax increment parity debt above the amount of tax increment taxes received. At June 30, 2025, the City was in compliance with all provisions and covenants. Shown below are the parity note reserves of the West Bank Tax Increment Fund and the calculation of the coverage covenant.

Special Park District Revenue Bonds

Nonmajor Governmental – Park Maintenance District

The City Commission, on September 21, 2021, authorized the issuance of Special Park District Bonds, Series 2021 (Taxable). The City issued the bonds for the design, construction, equipping and furnishing of a 50,000 square foot recreation center, including a lap pool, a recreational/training pool, general open fitness areas, an indoor gym space, a child watch area, classrooms and ancillary support facilities. The City has been awarded \$10,000,000 in federal grant funds to pay a portion of the costs of the project. The bonds are being repaid from the assessment of the Park Maintenance District. The Bonds are special, limited obligations of the City. The Bonds shall not be or constitute a pledge of the general credit or taxing powers of the City of any kind whatsoever.

Special park district revenue bonds outstanding at June 30, 2025 are as follows:

	Issue Date	Interest Rate	Term (Years)	Maturity Date	Bonds Issued	Balance June 30, 2025
Park District Bonds, Series 2021 (Taxable)	09-21-2022	.310 -2.714%	17	06-01-2038	\$ 10,000,000	\$ 7,820,000
Total						<u>\$ 7,820,000</u>

**Water Bond Covenants**

The City issued the water system bonds pursuant to resolutions authorizing each debt issue, which includes various restrictive provisions and covenants. The more significant provisions and covenants require that reserves be maintained for operations, debt service, and repair and replacement and that the net revenues for each fiscal year be at least equal to 110% of the maximum principal and interest to become due in any year. Net revenues are revenues for a specified period less the operating expenses for the same period. Revenues mean all revenues and receipts from rates, fees, charges and rentals, from penalties and interest, and from any sales of property and all income received from the investment of revenues and receipts, including interest earnings on all accounts excluding the Construction Account. Operating expenses include current expenses of operation, maintenance and minor repair of the system, excluding interest on bonds and depreciation. At June 30, 2025 the City was in compliance with all provisions and covenants.

Shown below are the bond reserves of the Water Fund and the calculation of the coverage covenant as of June 30, 2025.

<u>Bond Reserves</u>	
Operating account	\$ 682,870
Debt service account	1,141,375

Net Pension Liability (NPL)

Public Employees' Retirement System (PERS)

At June 30, 2025, the City recorded a liability of \$25,890,673 for its proportionate share of the net pension liability. The net pension liability was determined by an actuarial valuation as of June 30, 2024, with update procedures to roll forward the total pension liability to the measurement date of June 30, 2025. The City's proportion of the net pension liability was based on the employer's contributions received by PERS during the measurement period July 1, 2024 through June 30, 2025, relative to the total employer contributions received from all of PERS' participating employers. At June 30, 2025 the City's proportion was 1.06%.

Firefighters' Unified Retirement System (FURS)

At June 30, 2025, the City recorded a liability of \$3,353,864 for its proportionate share of the net pension liability. The net pension liability was determined by an actuarial valuation as of June 30, 2024, with update procedures to roll forward the total pension liability to the measurement date of June 30, 2025. The City's proportion of the net pension liability was based on the employer's contributions received by FURS during the measurement period July 1, 2024 through June 30, 2025, relative to the total employer contributions received from all of FURS' participating employers. At June 30, 2025 the City's proportion was 2.48%.

**Notes to Financial Statements (Continued)**  
**June 30, 2025**

**7. Long-Term Debt - continued**

**Net Pension Liability (NPL) – continued**

**Municipal Police Officers' Retirement System (MPORS)**

At June 30, 2025, the City recorded a liability of \$8,715,306 for its proportionate share of the net pension liability. The net pension liability was determined by an actuarial valuation as of June 30, 2024, with update procedures to roll forward the total pension liability to the measurement date of June 30, 2025. The City's proportion of the net pension liability was based on the employer's contributions received by MPORS during the measurement period July 1, 2024 through June 30, 2025, relative to the total employer contributions received from all of MPORS' participating employers. At June 30, 2025 the City's proportion was 3.90%.

The City is using a June 30, 2024 measurement date for the pension liabilities, with a June 30, 2025 reporting date. For additional information, see Note 9.

**Other Post-Employment Benefits (OPEB) Payable**

**Internal Service - Health & Benefits**

OPEB payable, representing benefits earned by employees but payable after retirement, as of June 30, 2025 were as follows:

Governmental activities - internal service - Health & Benefits Fund	\$1,360,462
---	-------------

No governmental fund has been used to liquidate the net pension obligation or net other post-employment benefit obligations.

For additional information, see Note 11.

**8. Tax Abatements**

In accordance with GASB Statement No. 77, *Tax Abatement Disclosures* requires disclosure of tax abatement information about a reporting government's own tax abatement and those that are entered into by other governments and that reduce the reporting government's tax revenue.

The City of Great Falls provides tax abatements under three programs: 1) Remodeling, reconstruction or expansion of buildings or structures, 2) New and expanding industry, and 3) Historic property tax abatement.

All three of these programs do not receive tax abatement until after the construction is completed.

**9. Employee Benefit Plans**

Public Employees' Retirement System (PERS)

Plan Description – PERS - Defined Contribution Retirement Plan (DCRP)

The City contributed to the State of Montana Public Employee Retirement System Defined Contribution Retirement Plan (PERS-DCRP) for employees that have elected the DCRP. The PERS-DCRP is administered by the PERB and is reported as a multiple-employer plan established July 1, 2002, and governed by Title 19, chapters 2 & 3, MCA.

All new PERS members are initially members of the PERS-DBRP (Define Benefit Retirement Plan) and have a 12-month window during which they may choose to remain in the PERS-DBRP or join the PERS-DCRP by filing an irrevocable election. Members may not be participants of both the defined benefit and defined contribution retirement plans.

**City of Great Falls, Montana**  
**Notes to Financial Statements (Continued)**  
**June 30, 2025**

**9. Employee Benefit Plans - continued**

Public Employees' Retirement System (PERS) – continued

Plan Description – PERS - Defined Contribution Retirement Plan (DCRP) - continued

Members and employer contribution rates are specified by state law and are a percentage of the member's compensation. Contributions are deducted from each member's salary and remitted by participating employers. The State Legislature has the authority to establish and amend contribution rates.

Benefits are dependent upon eligibility and individual account balances. Participants are vested immediately in their own contributions and attributable income. Participants are vested after 5 years of membership service for the employer's contributions to individual accounts and the attributable income. Non-vested contributions are forfeited upon termination of employment per 19-3-2117(5), MCA. Such forfeitures are used to cover the administrative expenses of the PERS-DCRP.

At the plan level for the measurement period ended June 30, 2023, the PERS-DCRP employer did not recognize any net pension liability or pension expense for the defined contribution plan. Plan level non-vested forfeitures for the 351 employers that have participants in the PERS-DCRP totaled \$1,345,278.

Plan Description – PERS - Defined Benefit Retirement Plan (DBRP)

The PERS-Defined Benefit Retirement Plan (DBRP), administered by the Montana Public Employee Retirement Administration (MPERA), is a multiple-employer, cost-sharing plan established July 1, 1945, and governed by Title 19, chapters 2 & 3, MCA. This plan provides retirement benefits to cover employees of the State, and local governments, and certain employees of the Montana University System, and school districts. Benefits are established by state law and can be amended by the Legislature.

All new members are initially members of the PERS-DBRP and have a 12-month window during which they may choose to remain in the PERS-DBRP or join the PERS-DCRP by filing an irrevocable election. Members may not be participants of both the defined benefit and defined contribution retirement plans. All new members from the universities also have a third option to join the university system's Montana University System Retirement Program (MUS-RP).

The PERS-DBRP provides retirement, disability, and death benefits to plan members and their beneficiaries. Benefits are based on eligibility, years of service, and highest average compensation (HAC). Member rights are vested after five years of service.

Summary of Benefits and Eligibility

1. Service retirement:

Hired prior to July 1, 2011:

- Age 60, 5 years of membership service;
- Age 65, regardless of membership service; or
- Any age, 30 years of membership service.

Hired on or after July 1, 2011:

- Age 65, 5 years of membership service;
- Age 70, regardless of membership service.

2. Early retirement:

Hired prior to July 1, 2011:

- Age 50, 5 years of membership service; or
- Any age, 25 years of membership service.

Hired on or after July 1, 2011:

- Age 55, 5 years of membership service.

**Notes to Financial Statements (Continued)**  
**June 30, 2025**

**9. Employee Benefit Plans - continued**

Public Employees' Retirement System (PERS) - continued  
Summary of Benefits and Eligibility - continued

3. Second retirement (requires returning to PERS-covered employer or PERS service):

- A. Retire before January 1, 2016 and accumulate less than 2 years additional service credit or retire on or after January 1, 2016 and accumulate less than 5 years additional service credit:
  - a. A refund of member's contribution plus return interest (currently 2.02% effective July 1, 2018).
  - b. No service credit for second employment.
  - c. Start the same benefit amount the month following termination; and
  - d. Guaranteed Annual Benefit Adjustment (GABA) starts again in the January immediately following the second retirement.
- B. Retire before January 1, 2016 and accumulate at least 2 years of additional service credit:
  - a. A recalculated retirement benefit based on provisions in effect after the initial retirement; and
  - b. GABA starts on the recalculated benefit in the January after receiving the new benefit for 12 months.
- C. Retire on or after January 1, 2016 and accumulate 5 or more years of service credit:
  - a. The same retirement as prior to the return to service;
  - b. A second retirement benefit as prior to the second period of service based on laws in effect upon the rehire dates; and
  - c. GABA starts on both benefits in the January after receiving the original and the new benefit for 12 months.

Member's highest average compensation (HAC):

- Hired prior to July 1, 2011 - the highest average compensation during any consecutive 36 months;
- Hired on or after July 1, 2011 - the highest average compensation during any consecutive 60 months;

Compensation Cap

- Hired on or after July 1, 2013 - 110% annual cap on compensation considered as part of a member's highest average compensation.

Monthly benefit formula

- Members hired prior to July 1, 2011:
  - a. Less than 25 years of membership service: 1.785% of HAC per year of service credit;
  - b. 25 years of membership service or more: 2% of HAC per year of service credit.
- Members hired on or after July 1, 2011:
  - a. Less than 10 years of membership service: 1.5% of HAC per year of service credit;
  - b. 10 years or more, but less than 30 years of membership service: 1.785% of HAC per year of service credit;
  - c. 30 years or more of membership service: 2% of HAC per year of service credit.

Guaranteed Annual Benefit Adjustment (GABA)

After the member has completed 12 full months of retirement, the member's benefit increases by the applicable percentage (provided below) each January, inclusive of other adjustments to the member's benefit.

- 3% for members hired prior to July 1, 2007;
- 1.5% for members hired on or after July 1, 2007 and June 30, 2013
- Members hired on or after July 1, 2013:
  - a. 1.5% for each year PERS is funded at or above 90%;
  - b. 1.5% is reduced by 0.1% for each 2% PERS is funded below 90%; and
  - c. 0% whenever the amortization period for PERS is 40 years or more.

Overview of Contributions

The State Legislature has the authority to establish and amend contribution rates. Member and employer contribution rates are specified by Montana Statute and are a percentage of the member's compensation. Contributions are deducted from each member's salary and remitted by participating employers.

**City of Great Falls, Montana**  
**Notes to Financial Statements (Continued)**

Public Employees' Retirement System (PERS) - continued

Special Funding

The State of Montana, as the non-employer contributing entity, paid to the Plan, additional contributions that qualify as special funding. Those employers who received special funding are all participating employers.

Not Special Funding

Per Montana law, state agencies and universities paid their own additional contributions. The employer paid contributions are not accounted for as special funding for state agencies and universities but are reported as employer contributions.

Member and employer contribution rates are shown in the table below.

<b>Fiscal Year</b>	<b>Member</b>		<b>State &amp; Universities</b>	<b>Local Government</b>		<b>School Districts</b>	
	Hired <7/01/11	Hired >7/01/11		<b>Employer</b>	<b>Employer</b>	<b>State</b>	<b>Employer</b>
2025	7.900%	7.900%	9.17%	9.070%	0.100%	8.800%	0.370%
2024	7.900%	7.900%	9.17%	9.070%	0.100%	8.800%	0.370%
2023	7.900%	7.900%	9.07%	8.970%	0.100%	8.700%	0.370%
2022	7.900%	7.900%	8.97%	8.870%	0.100%	8.600%	0.370%
2021	7.900%	7.900%	8.87%	8.770%	0.100%	8.500%	0.370%
2020	7.900%	7.900%	8.77%	8.670%	0.100%	8.400%	0.370%
2019	7.900%	7.900%	8.67%	8.570%	0.100%	8.300%	0.370%
2018	7.900%	7.900%	8.57%	8.470%	0.100%	8.200%	0.370%
2017	7.900%	7.900%	8.47%	8.370%	0.100%	8.100%	0.370%
2016	7.900%	7.900%	8.37%	8.270%	0.100%	8.000%	0.370%
2015	7.900%	7.900%	8.27%	8.170%	0.100%	7.900%	0.370%
2014	7.900%	7.900%	8.17%	8.070%	0.100%	7.800%	0.370%
2012-2013	6.900%	7.900%	7.17%	7.070%	0.100%	6.800%	0.370%
2010-2011	6.900%		7.17%	7.070%	0.100%	6.800%	0.370%
2008-2009	6.900%		7.04%	6.935%	0.100%	6.800%	0.235%
2000-2007	6.900%		6.90%	6.800%	0.100%	6.800%	0.100%

- 1) Member contributions to the system of 7.90% are temporary and will be decreased to 6.9% on January 1 following actuary valuation results that show the amortization period has dropped below 25 years and would remain below 25 years following the reduction of both the additional employer and additional member contribution rates.
- 2) Employer contribution to the system:
  - a. Effective July 1, 2014, following the 2013 Legislative Session, PERS-employer contributions increase an additional 0.1% a year and will continue over 10 years through 2025. The additional employer contributions including the 0.27% added in 2007 and 2009, will terminate on January 1 following actuary valuation results that show the amortization period has dropped below 25 years and would remain below the 25 years following the reduction of both the additional employer and member contributions rates.

Public Employees' Retirement System (PERS) - continued  
Overview of Contributions – continued

- b. Effective July 1, 2013, employers are required to make contributions on working retirees' compensation. Member contributions for working retirees are not required.
- c. The portion of employer contributions allocated to the Plan Choice Rate (PCR) are included in the employers reporting. The PCR paid off effective March 2016 and the contributions previously directed to the PCR are now directed to member accounts.

3) Non Employer Contributions:

- a. Special funding
  - The State contributes 0.1% of members' compensation on behalf of local government entities.
  - The State contributes 0.37% of members' compensation on behalf of school district entities.
  - The State contributed a Statutory Appropriation from the General Fund of \$35,329,705.

Stand-Alone Statements

The stand-alone financial statements of the Montana Public Employees Retirement Board (PERB) Annual Comprehensive Financial Report (ACFR) and the GASB 68 Report disclose the Plan's fiduciary net position. The reports, as well as the actuarial valuations and experience study, are available from the PERB at PO Box 200131, Helena, MT 59620-0131, (406) 444-3154 or both are available on the MPERA website at <https://mpera.mt.gov/about/annualreports1/annualreports>.

Actuarial Assumptions

The Total Pension Liability (TPL) as of June 30, 2023, was determined on the results of an actuarial valuation date of June 30, 2024, using the following actuarial assumptions, applied to all periods included in the measurement. Among those assumptions were the following:

Investment Return (net of pension plan investment expense, including inflation)	7.30%
General Wage Growth*	3.50%
*includes inflation at	2.75%
Merit increases	0% to 4.80%

Post-retirement benefit increases

- Guaranteed Annual Benefit Adjustment (GABA) each January

After the member has completed 12 full months of retirement, the member's benefit increases by the applicable percentage each January, inclusive of other adjustments to member's benefit.

- 3% for members hired prior to July 1, 2007
- 1.5% for members hired on or after July 1, 2007 and June 30, 2013
- Members hired on or after July 1, 2013:
  - a. 1.5% for each year PERS is funded at or above 90%;
  - b. 1.5% is reduced by 0.1% for each 2% PERS is funded below 90%; and
  - c. 0% whenever the amortization period for PERS is 40 years or more.

Mortality assumptions among active participants are based on PUB-2010 General Amount Weighted Employer projected to 2021 for males and females. Projected generationally using MP-2021. Mortality assumptions among disabled retirees are based on PUB-2010 General Amount Weighted Disabled Retiree Mortality table, projected to 2021, set forward one year for both males and females. Mortality assumptions among contingent survivors participants are based on PUB-2010 General Amount Weighted Contingent Survivor Mortality projected to 2021 for males and females. Projected generationally using MP-2021. Mortality assumptions for health retirees is based on PUB-2010 General Amount Weighted Healthy Retiree Mortality table project to 2021, with ages set forward one year and adjusted 104% for males and 103% for females. Projected generationally using MP-2021.

**City of Great Falls, Montana**  
**Notes to Financial Statements (Continued)**  
**June 30, 2025**

**9. Employee Benefit Plans- continued**

Public Employees' Retirement System (PERS) - continued  
Actuarial Assumptions – continued

The actuarial assumptions and methods utilized in the June 30, 2024 valuation, were developed in the five-year experience study for the period ending 2021. However, the current long-term rate of return is based on analysis in the experience study, without consideration for the administrative expenses analysis shown in the experience study.

**Discount Rate**

The discount rate used to measure the TPL was 7.30%. The projection of cash flows used to determine the discount rate assumed that contributions from participating plan members, employers, and non-employer contributing entities will be made based on the Board's funding policy, which establishes the contractually required rates under Montana Code Annotated. The State contributes 0.1% of salaries for local governments and 0.37% paid by school districts. In addition, the State contributed a statutory appropriation from the general fund. Based on those assumptions, the Plan's fiduciary net position was projected to be adequate to make all the projected future benefit payments of current plan members through the year 2128. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the TPL. A municipal bond rate was not incorporated in the discount rate.

**Target Allocations**

The long-term expected rate of return on pension plan investments is reviewed as part of regular experience studies prepared for the Plan about every five years. The long-term rate of return as of June 30, 2024, is based on analysis in the experience study report dated May 2, 2022 without consideration for the administrative expense analysis shown. Several factors are considered in evaluating the long-term rate of return assumption including long-term historical data, estimates inherent in current market data, and an analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of investment expense and inflation), along with estimates of variability and correlations for each asset class. These ranges were combined to develop the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and then adding expected inflation. The assumption is intended to be a long-term assumption (30 to 50 years) and is not expected to change absent a significant change in the asset allocation, a change in the underlying inflation assumption, or a fundamental change in the market that alters expected returns in future years.

The target asset allocation and best estimates of arithmetic real rates of return for each major asset class as of the most recent experience study, are summarized in the following table.

Asset Class	Target Asset Allocation	Long-Term Expected Real Rate of Return Arithmetic Basis
Cash	3.00%	-0.33%
Domestic Equity	30.00%	5.90%
International Equity	17.00%	7.14%
Private Investments	15.00%	9.13%
Real Assets	5.00%	4.03%
Real Estate	9.00%	5.41%
Core Fixed Income	15.00%	1.14%
Non-Core Fixed Income	6.00%	3.02%
Total	100%

**9. Employee Benefit Plans- continued**

Public Employees' Retirement System (PERS) - continued

Sensitivity of the proportionate share of the net pension liability to changes in the discount rate

The following presents the employer's sensitivity of the NPL to the discount rate is shown in the table below. A small change in the discount rate can create a significant change in the liability. The NPL was calculated using the discount rate of 7.30% as well as what the NPL would be if it were calculated using a discount rate 1.00% lower or 1.00% higher than the current rate.

As of measurement date	1.0% Decrease (6.30%)	Current Discount Rate	1.0% Increase (8.30%)
City of Great Falls' Net Pension Liability	\$37,742,991	\$25,890,673	\$15,951,927

Net Pension Liability (NPL)

In accordance with GASB 68, *Accounting and Financial Reporting for Pensions*, employers and the non-employer contributing entity are required to recognize and report certain amounts associated with their participation in the Public Employees' Retirement System Defined Benefit Retirement Plan (the Plan). This includes the proportionate share of the collective Net Pension Liability; Pension Expense; and Deferred Outflows and Deferred Inflows of Resources associated with pensions. Employers are provided guidance in GASB 68, paragraph 74, where pension amounts must be combined as a total or aggregate for reporting whether provided through cost-sharing, single-employer, or agent plans. This report provides information for employers who are using a June 30, 2024 measurement date for the 2025 reporting. If an employer's fiscal year end is after June 30<sup>th</sup>, the employer will not use the measurements shown in this report but will need to wait for the measurement date as of June 30, 2025.

GASB 68 allows a measurement date of up to 12 months before the employer's fiscal year-end. The basis for the Total Pension Liability (TPL) as of June 30, 2025, is on an actuarial valuation performed by the Plan's actuary as of June 30, 2024.

The TPL minus the Fiduciary Net Position equals the NPL. The proportionate shares of the employer's and the state of Montana's NPL for June 30, 2025 and 2024 are displayed below. The employer's proportionate share equals the ratio of the employer's contributions to the sum of all employer and non-employer contributions during the measurement period. The state's proportionate share for a particular employer equals the ratio of the contributions for the particular employer to the total state contributions paid. The employer recorded a liability of \$25,890,673 and the employer's proportionate share was 1.058593 percent.

As of measurement date	Net Pension Liability as of 6/30/25	Net Pension Liability as of 6/30/24	Percent of Collective NPL as of 6/30/2025	Percent of Collective NPL as of 6/30/2024	Change in Percent of Collective NPL
City Proportionate Share	\$25,890,673	\$25,897,539	1.058593%	1.061221%	(0.002628)%
State of Montana Proportionate Share associated with City	6,718,975	7,145,525	0.274719%	0.292807%	(0.018088)%
Total	\$32,609,648	\$33,043,064	1.333312%	1.354028%	(0.020716)%

**City of Great Falls, Montana**

Public Employees' Retirement System (PERS) - continued

Changes in actuarial assumptions and methods:

- There have been no changes to the assumptions or other inputs that affected the measurement of the TPL since the previous measurement date.

Changes in benefit terms:

- There have been no changes in benefit terms since the previous measurement date.

Changes in proportionate share: There were no changes between the measurement date of the collective NPL and the employer's reporting date that are expected to have a significant effect on the employer's proportionate share of the collective NPL.

Pension Expense

At June 30, 2025 measurement date, the City recognized a Pension Expense of \$1,555,378 for its proportionate share of the PERS' Pension Expense. The City also recognized grant revenue of \$360,078 for the support provided by the State of Montana for its proportionate share of the Pension Expense that is associated with the City.

Recognition of Deferred Inflows and Outflows

As of measurement date	Pension Expense as of 6/30/2025	Pension Expense as of 6/30/2024
City's Proportionate Share	\$1,555,738	\$2,382,189
State of Montana Proportionate Share associated with City	\$360,078	\$670,356
Total	\$1,915,816	\$3,052,545

At June 30, 2025, the City reported its proportionate share of PERS' deferred outflows of resources and deferred inflows of resources related to PERS from the following sources:

As of measurement date	Deferred Outflows of Resources	Deferred Inflows of Resources
Expected vs. Actual Experience	\$1,308,374	\$-
Changes in assumptions	-	-
Projected Investment Earnings vs. Actual Investment Earnings	-	575,738
Changes in proportion differences between City contributions and proportionate share of contributions	-	190,515
*Contributions paid to PERS subsequent to the measurement date - FY 2025 contributions	2,032,944	-
Total	\$3,341,318	\$766,253

\* \$2,032,944 reported as deferred outflows of resources related to pensions resulting from the City's contributions subsequent to the measurement date will be recognized as a reduction of the Net Pension Liability in the year ended June 30, 2025.

Other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in Pension Expense as follows:

For the Measurement Year ended June 30:	Recognition of Deferred Outflows and Deferred Inflows in future years as an increase or (decrease) to Pension Expense
2026	\$(487,849)
2027	1,682,669
2028	(404,748)
2029	(247,951)
Thereafter	-

Firefighters' Unified Retirement System (FURS)

Plan Description

The Firefighters' Unified Retirement System (FURS), administered by the Montana Public Employee Retirement Administration (MPERA), is a multiple-employer, cost-sharing defined benefit plan established in 1981, and governed by Title 19, chapters 2 & 13, MCA. This plan provides retirement benefits to firefighters employed by first- and second-class cities, other cities and rural fire district departments that adopt the plan, and to firefighters hired by the Montana Air National Guard on or after October 1, 2001. Benefits are established by state law and can only be amended by the Legislature.

The FURS provides retirement, disability, and death benefits to plan members and their beneficiaries. Benefits are based on eligibility, years of service, and highest average compensation (HAC). Members are vested after five years of service.

Firefighters' Unified Retirement System (FURS)

Summary of Benefits and Eligibility

1. Service retirement and monthly benefit formula:

Hired on or after July 1, 1981, or has elected to be covered by Guaranteed Annual Benefit Adjustment (GABA):

- 20 years of membership services
- 2.5% of HAC x years of service credit

Hired prior to July 1, 1981, and who had not elected to be covered by GABA, the great of above, or:

- If a membership service is less than 20 years, then 2% of the highest monthly compensation (HMC) x years of service credit and greater
- If membership services is greater or equal to 20 years, then 50% of HMS + 2% of HMC x years of service credit in excess of 20

2. Early retirement:

Age 50 with 5 years of membership service – Normal retirement benefit calculated using HAC and service credit

3. Second retirement:

Applies to retirement system members re-employed in a FURS position on or after July 1, 2017: If the member works more than 480 hours in a calendar year and accumulates less than 5 years of service credit before terminating again, the member:

- is not awarded service credit for the period of reemployment;

**City of Great Falls, Montana**  
**Notes to Financial Statements (Continued)**  
**June 30, 2025**

**9. Employee Benefit Plans - continued**

Firefighters' Unified Retirement System (FURS) - continued  
Summary of Benefits and Eligibility - continued

- is refunded the accumulated contributions associated with the period of reemployment;
- starting the first month following termination of service, receives the same retirement benefit previously paid to the member; and
- Does not accrue post-retirement benefit adjustments during the term of reemployment but receives a GABA in January immediately following second retirement.

If the member works more than 480 hours in a calendar year and accumulates at least 5 years of service credit before terminating again, the member:

- is awarded service credit for the period of reemployment;
- starting the first month following termination of service, receives the same retirement benefit previously paid to the member;
- a second retirement benefit for the period of reemployment calculated based on the laws in effect as of the members' rehire date, and
- does not accrue post-retirement benefit adjustments during the term of reemployment but receives a GABA on the initial retirement benefit in January immediately following second retirement, and on the second retirement benefit starting in January after receiving that benefit for at least 12 months.

A member who returns to covered service is not eligible for a disability benefit.

Member's compensation period used in benefit calculation

- Hired prior to July 1, 1981 and not electing GABA - highest monthly compensation (HMC);
- Hired after June 30, 1981 and those electing GABA – highest average compensation (HAC) during any consecutive 36 months (or shorter period of total service).
- Part-time firefighter: 15% of regular compensation of a newly confirmed full-time firefighter.

Compensation Cap

- Hired on or after July 1, 2013 – 110% annual cap on compensation considered as a part of a member's highest average compensation.

Guaranteed Annual Benefit Adjustment (GABA)

- Hired on or after July 1, 1997, or those electing GABA, and has been retired for at least 12 months – the member's benefit increases by 3.0% each January.

Minimum Benefit Adjustment (non-GABA)

- A member with 10 or more years of membership service who has not elected to be covered under GABA – the minimum benefit provided may not be less than 50% of the monthly compensation paid to a newly confirmed active firefighter of the employer that last employed the member as a firefighter in the current fiscal year.

Overview of Contributions

The State legislature has the authority to establish and amend contribution rates to the plan. Member and employer contribution rates are specified by Montana Statute and are a percentage of the member's compensation. Contributions are deducted from each member's salary and remitted by participating employers.

Special Funding

MCA 19-13-604 requires the State of Montana to contribute a percentage of total compensation directly to the Plan annually after the end of each fiscal year. Member, the City and State contribution rates are shown in the table below.

**City of Great Falls, Montana**  
**Notes to Financial Statements (Continued)**  
**June 30, 2025**

**9. Employee Benefit Plans – continued**

Firefighters' Unified Retirement System (FURS) - continued

<b>Fiscal Year</b>	<b>Member</b>			
	<b>Non-GABA</b>	<b>GABA</b>	<b>Employer</b>	<b>State</b>
1998-2025	9.500%	10.700%	14.360%	32.610%
1997	7.800%		14.360%	32.610%

Stand-Alone Statements

The financial statements of the Montana Public Employees Retirement Board (PERB) Annual Comprehensive Financial Report (ACFR) and the GASB Report disclose the Plan's fiduciary net position. The reports are available from the PERB at PO Box 200131, Helena, MT 59620-0131, (406)444-3154 or both are available on the MPERA website at <https://mpera.mt.gov/about/annualreports1/annualreports>.

Actuarial Assumptions

The total pension liability in the June 30, 2025, was determined by an actuarial valuation date of June 30, 2024, using the following actuarial assumptions, applied to all periods included in the measurement. Among those assumptions were the following:

Investment Return (net of pension plan investment expense, including inflation)	7.30%
General Wage Growth*	3.50%
*includes inflation at	2.75%
Merit increases	1% to 6.40%

Postretirement Benefit Increases

- **Guaranteed Annual Benefit Adjustment (GABA)**
  - Hired on or after July 1, 1997, or those electing GABA - after the member has completed 12 full months of retirement, the member's benefit increases by a maximum of 3% each January.
- **Minimum Benefit Adjustment (non-GABA)**
  - Members with 10 or more years of membership service and member did not elect GABA. The minimum benefit provided should be less than 50% of the current base compensation of a newly confirmed active firefighter of the employer that last employed the member as a firefighter.

Mortality assumptions among active participants are based on PUB-2010 Safety Amount Weighted Healthy Retiree Mortality Table project to 2021 for males and females. Projected generationally using MP-2021. Mortality assumptions among healthy retirees are based on PUB-2010 Safety Amount Weighted Health Retiree Mortality Table projected to 2021, set forward one year for males, adjusted 105% for males and 100% for females. Projected generationally using MP-2021. Mortality assumptions among contingent survivors are based on PUB-2010 Safety Amount Weighted Contingent Survivor Mortality Table projected to 2021, with ages set forward one year for males. Projected generationally using MP-2021. Mortality assumptions for Disabled retirees is based on PUB-2010 Safety Amount Weighted Disabled Retiree Mortality Table project to 2021, set forward one year for males.

The actuarial assumptions and methods utilized in the June 30, 2024 valuation, were developed in the five-year experience study for the period ending June 30, 2021. However, the current long-term rate of return is based on analysis in the experience study, without consideration for the administrative expense analysis show in the experience study.

Discount Rate

The discount rate used to measure the TPL was 7.30%. The projection of cash flows used to determine the discount rate assumed that contributions from participating plan members, employers, and non- employer contributing entities will be made based on the Board's funding policy, which establishes the contractually required rates under MCA. The State contributes 32.61% of salaries paid by employers. Based on those assumptions, the Plan's fiduciary net position was projected to be adequate to make all the projected future benefit payments of current plan members through the year 2133.

**City of Great Falls, Montana**  
**Notes to Financial Statements (Continued)**  
**June 30, 2025**

**9. Employee Benefit Plans – continued**

Firefighters' Unified Retirement System (FURS) - continued

Therefore, the long-term expected rate of return on pension plan investments as applied to all periods of projected benefit payments to determine the TPL. A municipal bond rate was not incorporated in the discount rate.

Target Allocations

The long-term expected rate of return on pension plan investments is reviewed as part of regular experience studies prepared for the Plan about every five years. The long-term rate of return as of June 30, 2024, is based on analysis in the experience study report dated May 2, 2022 without consideration for the administrative expense analysis shown. Several factors are considered in evaluating the long-term rate of return assumption including long-term historical data, estimates inherent in current market data, and an analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of investment expense and inflation), along with estimates of variability and correlations for each asset class. These ranges were combined to develop the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and then adding expected inflation. The assumption is intended to be a long-term assumption (30 to 50 years) and is not expected to change absent a significant change in the asset allocation, a change in the underlying inflation assumption, or a fundamental change in the market that alters expected returns in future years.

The target asset allocation and best estimates of arithmetic real rates of return for each major asset class as of the most recent experience study, are summarized in the following table.

Asset Class	Target Asset Allocation	Long-Term Expected Real Rate of Return Arithmetic Basis
Cash	3.00%	(0.33)%
Domestic Equity	30.00%	5.90%
International Equity	17.00%	7.14%
Private Investments	15.00%	9.13%
Real Assets	5.00%	4.03%
Real Estate	9.00%	5.41%
Core Fixed Income	15.00%	1.14%
Non-Core Fixed Income	6.00%	3.02%
Total	100%	

Sensitivity of the proportionate share of the net pension liability to changes in the discount rate

The following presents the City's sensitivity of the NPL to the discount rate in the table below. A small change in the discount rate can create a significant change to the liability. The NPS was calculated using the discount rate of 7.30%, as well as what the NPL would be if it was calculated using a discount rate 1.00% lower or 1.00% higher than the current rate.

As of measurement date	1.0% Decrease (6.30%)	Current Discount Rate	1.0% Increase (8.30%)
City of Great Falls' proportion share of Net Pension Liability	\$6,626,998	\$3,353,864	\$741,037

**City of Great Falls, Montana**  
**Notes to Financial Statements (Continued)**  
**June 30, 2025**

**9. Employee Benefit Plans - continued**

Firefighters' Unified Retirement System (FURS) - continued

Net Pension Liability

In accordance with GASB 68, *Accounting and Financial Reporting for Pensions*, employers and the non-employer entity are required to recognize and report certain amounts associated with their participation in the Firefighters' Unified Retirement System (FURS Defined Benefit Retirement Plan). This includes the proportionate share of the collective Net Pension Liability, Pension Expense, Deferred Inflows and Deferred Outflows of resources associated with pensions. Employers are provided in GASB 68, paragraph 74, where pension amounts must be combined as a total or aggregate for reporting, whether provided through cost-sharing, single-employer, or agent pension plans. This report provides information for employers who are using a June 30, 2024 measurement date for the 2025 reporting. If an employer's fiscal year end is after June 30th, the employer will not use the measurements shown in this report but will need to wait for the measurement date as of June 30, 2025.

GASB 68 allows a measurement date of up to 12 months before the employer's fiscal year-end. The basis for the TPL as of June 30, 2025, is an actuarial valuation performed by the Plan's actuary as of June 30, 2024.

The TPL minus the Fiduciary Net Position equals the NPL. The proportionate shares of the employer's and the State of Montana's NPL for June 30, 2025 and 2024 are displayed below. The employer's proportionate share equals the ratio of the employer's contributions to the sum of all employer and non-employer contributions during the measurement period. Due to the existence of the special funding situation, the State is required to report a proportionate share of a City's collective NPL that is associated with the non-state employer. The state's proportionate share for a particular employer equals the ratio of the contributions for the particular employer to the total state contributions paid. The employer recorded a liability of \$3,353,864 and the employer's proportionate share was 2.4758 percent.

As of measurement date	Net Pension Liability as of 6/30/25	Net Pension Liability as of 6/30/24	Percent of Collective NPL as of 6/30/2025	Percent of Collective NPL as of 6/30/2024	Change in Percent of Collective NPL
City Proportionate Share	\$3,353,864	\$3,873,739	2.4758%	2.5657%	(0.0899)%
State of Montana Proportionate Share associated with City	7,609,075	8,791,999	5.6170%	5.8233%	(0.2063)%
<b>Total</b>	<b>\$10,962,939</b>	<b>\$12,665,738</b>	<b>8.0928%</b>	<b>8.3890%</b>	<b>(0.2962)%</b>

Changes in actuarial assumptions and methods:

- There have been no changes to the assumptions or other inputs that affected the measurement of the TPL since the previous measurement date.

Changes in benefit terms:

- There have been no changes in benefit terms since the previous measurement date.

Changes in proportionate share: There were no changes to the Plan between the measurement date of the collective NPL and the City's reporting date that are expected to have significant effect on the City's proportionate share of the collective NPL. However, each employer may have unique circumstances that will impact the employer's proportionate share of the collective net pension. If there were changes that are expected to have an impact on the NPL,

**City of Great Falls, Montana**  
**Notes to Financial Statements (Continued)**  
**June 30, 2025**

**9. Employee Benefit Plans - continued**

**Firefighters' Unified Retirement System (FURS) - continued**

the employer should disclose the amount of the expected resultant changes in the employer's proportionate share of the collective NPL, if known.

**Pension Expense**

At June 30, 2025, the City recognized pension expense of \$722,428 for its proportionate share of the FURS' Pension Expense. The City also recognized grant revenue of \$1,885,412 for the support provided by the State of Montana for its proportionate share of the Pension Expense that is associated with the City.

As of measurement date	Pension Expense as of 6/30/25	Pension Expense as of 6/30/24
City's Proportionate Share	\$722,428	\$870,173
State of Montana Proportionate Share associated with City	1,885,412	2,195,403
Total	\$2,607,840	\$3,065,576

**Recognition of Deferred Inflows and Outflows**

At June 30, 2025, the City reported its proportionate share of FURS' deferred outflows of resources and deferred inflows of resources related to FURS from the following sources:

As of measurement date	Deferred Outflows of Resources	Deferred Inflows of Resources
Expected vs. Actual Experience	\$369,615	-
Changes in assumptions	576,659	-
Projected Investment Earnings vs. Actual Investment Earnings	-	80,820
Changes in proportion differences between City contributions and proportionate share of contributions	-	317,234
Difference between actual and expected contributions	-	-
*City Contributions paid to FURS subsequent to the measurement date - # FY 2025 contributions	876,626	-
Total	\$1,822,900	\$398,054

\* \$876,626 reported as deferred outflows of resources related to pensions resulting from the City's contributions subsequent to the measurement date will be recognized as a reduction of the Net Pension Liability in the year ended June 30, 2025.

Other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in Pension Expense as follows:

For the Measurement Year ended June 30:	Recognition of Deferred Outflows and Deferred Inflows in future years as an increase or (decrease) to Pension Expense
2026	\$42,205
2027	509,741
2028	49,850
2029	(59,875)
Thereafter	6,301

**City of Great Falls, Montana**  
**Notes to Financial Statements (Continued)**  
**June 30, 2025**

**9. Employee Benefit Plans – continued**

**Municipal Police Officers' Retirement System (MPORS)**

**Plan Description (MPORS)**

The Municipal Police Officers' Retirement System (MPORS), administered by MPERA, is a multiple-employer, cost-sharing defined benefit plan that was established in 1974 and is governed by Title 19, chapters 2 & 9 of the MCA. This plan provides retirement benefits to all municipal police officers employed by first- and second-class cities and other cities that adopt the plan. Benefits are established by state law and can only be amended by the Legislature.

**Summary of Benefits and Eligibility**

**Plan Description Deferred Retirement Option Plan (DROP)**

Beginning July 2002, eligible members of MPORS can participate in the DROP by filing a one-time irrevocable election with the Board. The DROP is governed by Title 19, Chapter 9, Part 12, MCA. A member must have completed at least twenty years of membership service to be eligible. They may elect to participate in the DROP for a minimum of one month and a maximum of 60 months and may participate in the DROP once. A participant remains a member of the MPORS, but will not receive membership service or service credit in the system for the duration of the member's DROP period. During participation in the DROP, all mandatory contributions continue to the retirement system. A monthly benefit is calculated based on salary and years of service to the date of the beginning of the DROP period. The monthly benefit is paid into the member's DROP account until the end of the DROP period. At the end of the DROP period, the participant may receive the balance of the DROP account in a lump-sum payment or in a direct rollover to another eligible plan, as allowed by the IRS. If the participant continues employment after the DROP period ends, they will again accrue membership service and service credit. The DROP account cannot be distributed until employment is formally terminated.

**Summary of Benefits and Eligibility**

MPORS provides retirement, disability, and death benefits to plan members and their beneficiaries. Benefits are based on eligibility, years of service, and compensation. Member rights are vested after five years of service.

1. Service retirement and monthly benefit formula:

- 20 years of membership service, regardless of age.
- Age 50 with 5 years of membership service (Early Retirement).
- 2.5% of FAC x years of service credit.

2. Second Retirement:

Re-calculated using specific criteria for members who return to covered MPORS employment prior to July 1, 2017:

- Less than 20 years of membership service, upon re-employment, repay benefits and subsequent retirement is based on total MPORS service.
- More than 20 years of membership service, upon-re-employment, receives initial benefit and a new retirement benefit based on additional service credit and FAC after re-employment.

Applies to retirement system members re-employed in a MPORS position on or after July 1, 2017:

- If the member works more than 480 hours in a calendar year and accumulates less than 5 years of service credit before terminating again, the member:
  - a. is not awarded service credit for the period or reemployment;
  - b. is refunded the accumulated contributions associated with the reemployment;
  - c. starting the first month following termination of service, receives the same retirement benefit previously paid to the member; and
  - d. Does not accrue post-retirement benefit adjustments during the term of reemployment but receives a Guaranteed Annual Benefit Adjustment (GABA) in January immediately following retirement.
- If the members works more than 480 hours in a calendar year and accumulates at least 5 years of service credit before terminating again, the member:
  - a. is awarded service credit for the period of reemployments;
  - b. starting the first month following termination of service, receives:

**City of Great Falls, Montana**  
**Notes to Financial Statements (Continued)**  
**June 30, 2025**

**9. Employee Benefit Plans – continued**

Municipal Police Officers' Retirement System (MPORS) – continued  
Summary of Benefits and Eligibility - continued

- i. The same retirement benefit previously paid to the members and
- ii. A second retirement benefit for the period of reemployment and calculated based on the laws in effect as a member's rehire date; and
- iii. does not accrue post-retirement benefit adjustments during the term of reemployment but receives a GABA;
- iv. On the initial retirement benefit in January immediately following second retirement, and
- v. On the second retirement benefit starting in January after receiving that benefit for at least 12 months.
- A member who returns to covered service is not eligible for a disability benefit.

Member's final average compensation (FAC) is:

- Hired prior to July 1, 1977 - average monthly compensation of final year of service;
- Hired on or after July 1, 1977 - final average compensation (FAC) for last consecutive 36 months.

Compensation Cap

- Hired on or after July 1, 2013 – 110% annual cap on compensation considered as a part of a member's final average compensation.

Guaranteed Annual Benefit Adjustment (GABA)

- Hired on or after July 1, 1997, or those electing GABA - after the member has retired for at least 12 months, a GABA will be made each year in January equal to 3%.

Minimum Benefit Adjustment (non-GABA)

- The minimum benefit provided may not be less than 50% of the compensation paid to a newly confirmed police officer of the employer that last employed the member as a police officer in the current fiscal year.

Overview of Contributions

The State Legislature has the authority to establish and amend contribution rates to the plan. Member and employer contribution rates are specified by state law for periodic member and City contributions and are a percentage of the member's compensation. Contributions are deducted from each member's salary and remitted by participating employers.

Special Funding

MCA 19-9-702 requires the State of Montana to contribute a percentage of total compensation directly to the Plan annually after the end of each fiscal year. Member, the City and State contribution rates are shown in the table below:

Fiscal Year	Member				Hired	
	Hired <7/1/75	Hired >6/30/75	Hired >6/30/79	GABA	Employer	State
2000-2025	5.800%	7.000%	8.500%	9.000%	14.410%	29.370%
1998-1999	7.800%	9.000%	10.500%	11.000%	14.410%	29.370%
1997	7.800%	9.000%	10.500%		14.360%	29.370%

**City of Great Falls, Montana**  
**Notes to Financial Statements (Continued)**  
**June 30, 2025**

## **9. Employee Benefit Plans - continued**

### Municipal Police Officers' Retirement System (MPORS) - continued

#### Stand-Alone Statements

The stand-alone financial statements of the Montana Public Employees Retirement Board (PERB) Annual Comprehensive Financial Report (ACFR) and the GASB 68 Report disclose the Plan's fiduciary net position. The reports are available from the PERB at PO Box 200131, Helena MT 59620-0131, (406) 444-3154 or both are available on the MPERA website at <https://mpera.mt.gov/about/annualreports1/annualreports>.

#### Actuarial Assumptions

The total pension liability in the June 30, 2024, was determined by an actuarial valuation date of June 30, 2024, using the following actuarial assumptions, applied to all periods include in the measurement. Among those assumptions were the following:

Investment Return (net of investment expense, including inflation)	7.30%
General Wage Growth*	3.50%
*includes inflation at	2.75%
Merit increases	1.0% to 6.4%

#### Post-retirement Benefit Increases

- **Guaranteed Annual Benefit Adjustment (GABA)**  
Hired on or after July 1, 1997, or those electing GABA – and has been retired for at least 12 months, a GABA will be made each year in January equal to 3%.
- **Minimum Benefit Adjustment (non-GABA)**  
If hired before July 1, 1997, and member did not elect GABA - the minimum benefit adjustment is equal to 50% of the current base compensation of a newly confirmed police officer of the employer that last employed the member as a police officer.

Mortality assumptions among active participants are based on PUB-2010 Safety Amount Weighted Healthy Retiree Mortality Table project to 2021 for males and females. Projected generationally using MP-2021. Mortality assumptions among healthy retirees are based on PUB-2010 Safety Amount Weighted Health Retiree Mortality table projected to 2021, set forward one year for males, adjusted 105% for males and 100% for females. Projected generationally using MP-2021. Mortality assumptions among contingent survivors are based on PUB-2010 Safety Amount Weighted Contingent Survivor Mortality Table projected to 2021, with ages set forward one year for males. Projected generationally using MP-2021. Mortality assumptions for Disabled retirees is based on PUB-2010 Safety Amount Weighted Disabled Retiree Mortality Table project to 2021, set forward one year for males.

The actuarial assumptions and methods utilized in the June 30, 2024 valuation, were developed in the five-year experience study for the period ending June 30, 2021. However, the current long-term rate of return is based on analysis in the experience study, without consideration for the administrative expense analysis show in the experience study.

#### Discount Rate

The discount rate used to measure the TPL was 7.30%. The projection of cash flows used to determine the discount rate assumed that contributions from participating plan members, employers, and non- employer contributing entities will be made based on the Board's funding policy, which establishes the contractually required rates under Montana Code Annotated. The State contributes 29.37% of salaries pensionable payroll paid by employers. Based on those assumptions, the System's fiduciary net position was projected to be adequate to make all the projected future benefit payments of current plan members through the year 2133. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the TPL. A municipal bond rate was not incorporated in the discount rate.

#### Target Allocations

The long-term expected rate of return on pension plan investments is reviewed as part of regular experience studies prepared for the Plan about every five years. The long-term rate of return as of June 30, 2024, is based on

**City of Great Falls, Montana**  
**Notes to Financial Statements (Continued)**  
**June 30, 2025**

**9. Employee Benefit Plans - continued**

Municipal Police Officers' Retirement System (MPORS) – continued  
Target Allocation - continued

analysis in the experience study report dated May 2, 2022 without consideration for the administrative expense analysis shown. Several factors are considered in evaluating the long-term rate of return assumption including long-term historical data, estimates inherent in current market data, and an analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of investment expense and inflation), along with estimates of variability and correlations for each asset class. These ranges were combined to develop the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and then adding expected inflation. The assumption is intended to be a long-term assumption (30 to 50 years) and is not expected to change absent a significant change in the asset allocation, a change in the underlying inflation assumption, or a fundamental change in the market that alters expected returns in future years.

The target asset allocations and best estimates of arithmetic real rates of return of each major asset class as of the most recent experience study, are summarized in the following table.

<b>Asset Class</b>	<b>Target Asset Allocation</b>	<b>Long-Term Expected Real Rate of Return Arithmetic Basis</b>
Cash	3.00%	(0.33%)
Domestic Equity	30.00%	5.90%
International Equity	17.00%	7.14%
Private Investments	15.00%	9.13%
Real Assets	5.00%	4.03%
Real Estate	9.00%	5.41%
Core Fixed Income	15.00%	1.14%
Non-Core Fixed Income	6.00%	3.02%
Total	100%	

Sensitivity Analysis

The following presents the City's sensitivity of the NPL to the discount rate in the table below. A small change in the discount rate can create a significant change in the liability. The NPL was calculated using the discount rate of 7.30%, as well as what the NPL would be if it were calculated using a discount rate 1.0% lower or 1.00% higher than the current rate.

As of measurement date	1.0% Decrease (6.30%)	Current Discount Rate	1.0% Increase (8.30%)
City of Great Falls' proportion of Net Pension Liability	\$13,878,011	\$8,715,306	\$4,614,621

Net Pension Liability

In accordance with GASB 68, *Accounting and Financial Reporting for Pensions*, employers and the non-employer entity are required to recognize and report certain amounts associated with their participation in the Municipal Police Officers' Retirement System (MPORS). This includes the proportionate share of the collective Net Pension Liability, Pension Expense, Deferred Inflows and Deferred Outflows of resources associated with pensions. Employers are provided in GASB 68, paragraph 74, where pension amounts must be combined as a total or aggregate for reporting, whether provided through cost-sharing, sing-employer, or agent pension plans.

**City of Great Falls, Montana**  
**Notes to Financial Statements (Continued)**  
**June 30, 2025**

**9. Employee Benefit Plans – continued**

Municipal Police Officers' Retirement System (MPORS) - continued  
Net Pension Liability –continued

This report provides information for employers who are using a June 30, 2024 measurement date for the 2025 reporting.

GASB 68 allows a measurement date of up to 12 months before the employer's fiscal year-end. The basis for the TPL as June 30, 2025 is on an actuarial valuation performed by the Plan's actuary as of June 30, 2024.

The TPL minus the Fiduciary Net Position equals the NPL. The proportionate shares of the employer's and the State of Montana's NPL for June 30, 2025 and 2024 are displayed below. The employer's proportionate share equals the ratio of the employer's contributions to the sum of all employer and non-employer contributions during the measurement period. Due to the existence of the special funding situation, the State is required to report a proportionate share of a City's collective NPL that is associated with the non-state employer. The state's proportionate share for a particular employer equals the ratio of the contributions for the particular employer to the total state contributions paid. The employer recorded a liability of \$8,715,306 and the employer's proportionate share was 3.8979 percent.

As of measurement date	Net Pension Liability as of 6/30/2025	Net Pension Liability as of 6/30/2024	Percent of Collective NPL as of 6/30/2025	Percent of Collective NPL as of 6/30/2024	Change in Percent of Collective NPL
City Proportionate Share	\$8,715,306	\$9,117,862	3.8979%	3.9328%	(0.0349)%
State of Montana Proportionate Share associated with City	17,724,277	18,401,845	7.9271%	7.9373%	(0.0102)%
<b>Total</b>	<b>\$26,439,583</b>	<b>\$27,519,707</b>	<b>11.8250%</b>	<b>11.8701%</b>	<b>(0.0451)%</b>

Changes in actuarial assumptions and methods:

- There have been no changes to the assumptions or other inputs that affected the measurement of the TPL since the previous measurement date.

Changes in benefit terms:

There have been no changes in benefit terms since the previous measurement date.

Changes in proportionate share: There were no changes to the Plan between the measurement date of the collective NPL and the City's reporting date that are expected to have significant effect on the City's proportionate share of the collective NPL. However, each employer may have unique circumstances that will impact the employer's proportionate share of the collect net pension. If there were changes that are expect to have an impact on the NPL, the employer should disclose the amount of the expected resultant changes in the employer's proportionate share of the collective NPL, if known.

Pension Expense

At June 30, 2025, the City recognized pension expense of \$1,079,428 for its proportionate share of the MPORS Pension Expense. The City also recognized grant revenue of \$2,520,539 for the support provided by the State of Montana for its proportionate share of the Pension Expense that is associated with the City.

As of measurement date	Pension Expense as of 6/30/2025	Pension Expense as of 6/30/2024
City's Proportionate Share	\$1,079,428	\$1,444,141
State of Montana Proportionate Share associated with City	2,520,539	3,172,612
<b>Total</b>	<b>\$3,599,967</b>	<b>\$4,616,753</b>

Recognition of Deferred Inflows and Outflows

At June 30, 2025, the employer reported its proportionate share of MPORS' deferred outflows of resources and deferred inflows of resources related to MPORS from the following sources:

As of measurement date	Deferred Outflows of Resources	Deferred Inflows of Resources
Expected vs. Actual Experience	\$188,043	\$-
Changes in assumptions	-	58,909
Projected Investment Earnings vs. Actual Investment Earnings	-	119,360
Changes in proportion differences between City contributions and proportionate share of contributions	-	264,693
Difference between actual and expected contributions	-	-
*City Contributions paid to MPORS subsequent to the measurement date - FY 2025 contributions	1,218,908	-
Total	\$1,406,951	\$442,962

\* \$1,218,908 reported as deferred outflows of resources related to pensions resulting from the employer's contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2025.

Other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

For the Measurement Year ended June 30:	Recognition of Deferred Outflows and Deferred Inflows in future years as an increase or (decrease) to Pension Expense
2026	\$(403,513)
2027	322,863
2028	(97,526)
2029	(76,744)
Thereafter	-

Totals for all systems (PERS) (FURS) and (MPORS)

	The City's proportionate share associated with PERS	The City's proportionate share associated with FURS	The City's proportionate share associated with MPORS	The City's total proportionate share

**10. Multiple-Employer Defined Benefit Pension Plans**

The City of Great Falls provides pension benefits through cost-sharing, multiple employer, collective bargained defined benefit pension plans that qualify for reporting under GASB 78. GASB 78, *Pensions Provided through Certain Multiple-Employer Defined Benefit Pension Plans*, applies to cost-sharing multi-employer defined benefit pension plans that is not state or local governmental pension plans, provide defined benefit pensions to both employees of employers, and employees to the employers that are not state or local governmental employers, and do not have a predominate state or local governmental employer – either individually or collectively – that provides pensions through the plan.

**National Electrical Benefit Fund**

The National Electrical Benefit Fund plan is self-administered by the Trustees. This plan issues a publicly available financial report that can be obtained by going to <https://www.nebf.com/nebf/>. This plan covers four (4) City of Great Falls employees as of June 30, 2025 and provides pension benefits.

The authority in which the benefit terms were established and may be amended as follows:

In accordance with the Employees Benefit Agreement of the National Electrical Benefit Fund (“NEBF”), as entered into between the National Electrical Contractors Association and the International Brotherhood of Electrical Workers on September 3, 1946, as amended, and now delineated as the restated Employees Benefit Agreement and Trust. The pension fund is regulated by the Employee Retirement Income Security Act of 1974 (ERISA), as amended by the Pension Protection Act of 2006 (PPA) and the Multiemployer Pension Reform Act of 2014 (MPRA) and is guaranteed by the Pension Benefit Guaranty Corporation (PBGC), an agency of the U.S. Government established by ERISA.

All contribution amounts being paid by the City of Great Falls are per the labor agreement between the City of Great Falls and the International Brotherhood of Electrical Workers for the time period July 1, 2016 – June 30, 2025. The required contribution rate for the employer and its employees for the reporting period is the amount equal to 3% of the gross monthly labor payroll. As of June 30, 2025 the City of Great Falls contributed \$8,942 and the employees contributed \$0.

The expected minimum contribution for the next fiscal year is \$9,523. Although the City of Great Falls pays all these amounts on a monthly basis, there was a payables balance of \$1,061 as of June 30, 2025.

**Eighth District Electrical Pension Fund**

The Eighth District Electrical Pension Fund is a plan administered by CompuSys of Colorado, Inc. This plan issues a publicly available financial report that can be obtained by going to <https://www.ourbenefitoffice.com/8thDistrictBenefits/Benefits/Home.aspx>. This plan covers four (4) City of Great Falls employees as of June 30, 2025 and provides pension benefits.

The authority in which the benefit terms were established and may be amended as follows:

The Plan is a defined benefit pension plan formed June 1, 1972 by agreement between the Southern Colorado Chapter of the National Electrical Contractors Association (NECA) and the International Brotherhood of Electrical Workers (IBEW) Local Union No. 68. Subsequently, various other locals have been admitted to the Plan. The pension fund is regulated by the Employee Retirement Income Security Act of 1974 (ERISA), as amended by the Pension Protection Act of 2006 (PPA) and the Multiemployer Pension Reform Act of 2014 (MPRA).

All contribution amounts being paid by the City of Great Falls are per the labor agreement between the City of Great Falls and the International Brotherhood of Electrical Workers for the time period July 1, 2016 – June 30, 2025. The required contribution rate for the employer and its employees for the reporting period is the amount equal to \$2.25 per hour paid to the employee. As of June 30, 2025 the City of Great Falls contributed \$18,830 and the employees contributed \$0.

The expected minimum contribution for next fiscal year is \$20,054. The City of Great Falls pays all these amounts on a monthly basis, and there was a payables balance of \$171 as of June 30, 2025.

**LIUNA National (Industrial) Pension Fund**

The LIUNA National (Industrial) Pension Fund is a plan self-administered by a joint labor-management Board of Trustees. This plan issues a publicly available financial report that can be obtained by going to [www.efast.dol.gov](http://www.efast.dol.gov). This plan covers 54 City of Great Falls employees as of June 30, 2025 and provides pension benefits.

The authority in which the benefit terms were established and may be amended as follows:

The LIUNA National (Industrial) Pension Fund was established in 1967. The pension fund is regulated by the Employee Retirement Income Security Act of 1974 (ERISA), as amended by the Pension Protection Act of 2006 (PPA) and the Multiemployer Pension Reform Act of 2014 (MPRA) and is guaranteed by the Pension Benefit Guaranty Corporation (PBGC), an agency of the U.S. Government established by ERISA. LIUNA National (Industrial) Pension Fund is also regulated by the Internal Revenue Code, and the Taft-Hartley Act.

All contribution amounts being paid by the City of Great Falls are per the Agreement between the City of Great Falls and the City of Great Falls Public Employees Crafts Council from July 1, 2016 – June 30, 2025. The required contribution rate for the employer and its employees for the reporting period is the amount equal to \$3.93 per hour paid to the employee. As of June 30, 2025 the City of Great Falls contributed \$340,846 and the employees contributed \$0.

The expected minimum contribution for the next fiscal year is \$361,297. Although the City of Great Falls pays all these amounts on a monthly basis, there was a payables balance of \$12,718 as of June 30, 2025.

**I.A.M. National Pension Fund**

The I.A.M. National Pension Fund is a plan administered by a joint Board of Trustees consisting of equal representation by the I.A.M. and the contributing employers. This plan issues a publicly available financial report that can be obtained by going to <https://www.iamnfp.org/>. This plan covers five (5) City of Great Falls employees as of June 30, 2025 and provides pension benefits.

The authority in which the benefit terms were established and may be amended as follows:

The I.A.M. National Pension Fund was established in May 1960 by agreement between the International Association of Machinists and Aerospace Workers, AFL-CIO that was known as IAM Labor Management Pension Fund. This agreement was then amended and restated to be named the I.A.M. National Pension Fund with the final amendment and restatement completed on May 15, 2014. The pension fund is regulated by the Employee Retirement Income Security Act of 1974 (ERISA), as amended by the Pension Protection Act of 2006 (PPA) and the Multiemployer Pension Reform Act of 2014 (MPRA) and is guaranteed by the Pension Benefit Guaranty Corporation (PBGC), an agency of the U.S. Government established by ERISA.

All contribution amounts being paid by the City of Great Falls are per the Agreement between the City of Great Falls and the City of Great Falls Public Employees Crafts Council from July 1, 2016 – June 30, 2025. The required contribution rate for the employer and its employees for the reporting period is the amount equal to \$4.00 per hour paid to the employee. As of June 30, 2025 the City of Great Falls contributed \$24,828 and the employees contributed \$0.

The expected minimum contribution for the next fiscal year is \$27,559. Although the City of Great Falls pays all these amounts on a monthly basis, there was a payables balance of \$0 as of June 30, 2025.

**Central Pension Fund of the International Union of Operating Engineers and Participating Employers**

The Central Pension Fund of the International Union of Operating Engineers and Participating Employers (Central Pension Fund) is a plan administered by the Board of Trustees, half of whom represent the Participating Employers and half of whom represent the Participating Employees. This plan issues a publicly available financial report that can be obtained by going to <https://www.cpfiuoe.org/>. The Central Pension Fund covers 43 City of Great Falls employees as of June 30, 2025 and provides pension benefits.

The authority in which the benefit terms were established and may be amended as follows:

Protection Act of 2006 (PPA) and the Multiemployer Pension Reform Act of 2014 (MPRA) and is guaranteed by the Pension Benefit Guaranty Corporation (PBGC), an agency of the U.S. Government established by ERISA.

All contribution amounts being paid by the City of Great Falls are per the Agreement between the City of Great Falls and the City of Great Falls Public Employees Crafts Council from July 1, 2016 – June 30, 2025. The required contribution rate for the employer and its employees for the reporting period is the amount equal to \$3.70 per hour paid to the employee. As of June 30, 2025 the City of Great Falls contributed \$244,271 and the employees contributed \$0.

The expected minimum contribution for the next fiscal year is \$261,369. Although the City of Great Falls pays all these amounts on a monthly basis, there was a payables balance of \$8,742 as of June 30, 2025.

**11. Other Postemployment Benefits (OPEB)**

The City allows its retired employees to continue to participate in its group health insurance plan at a premium rate that does not cover all of the related healthcare costs. This results in an OPEB referred to as an "implicit rate subsidy." OPEB is considered to be a long-term liability and is recorded on the accrual basis for the government-wide Statements of Net Position and Activities.

**Plan Description**

The City provides a single-employer defined benefit post-employment health care plan that covers eligible retired employees of the City. A former covered employee whose employment with the City terminates due solely to retirement can continue coverage under the plan as a retiree if they have met the eligibility requirements and are receiving a retirement benefit from a qualified pension plan. Eligibility requirements are as follows:

PERS:	Age 55 with 5 years of service or 25 years of service regardless of age
FURS:	20 years of service
MPORS:	Age 50 with 5 years of service or 20 years of service regardless of age

Coverage will continue for as long as the retiree or their spouse reaches their Medicare eligibility date, as long as the retiree is enrolled under the plan and the applicable premiums are paid, provided a break in coverage does not occur. If a break in coverage occurs, the retiree is no longer eligible to participate or re-enroll in the plan. Prior to July 1, 2022, coverage was allowed to continue for life.

The retiree's termination of coverage from the plan does not apply to the retiree's spouse, provided the retiree is terminating because of Medicare coverage. The spouse of a retiree is permitted to maintain coverage unless the spouse is also eligible for Medicare coverage or the spouse has or is eligible for equivalent coverage.

No assets have accumulated in a trust that meets the criteria of GASB 75, paragraph 4.

**Benefits Provided**

The City converted to a self-insured plan administered by Blue Cross Blue Shield of Montana effective July 1, 2021. To continue this health insurance coverage, the retirees are required to pay the full amount of their premium. State law does not require that the City provides the same premium rates to retirees as it pays for its active employees, nor does it require that the City pay any portion of the retiree premiums. Premium rates and healthcare benefits may be administratively altered at the end of any contract year.

**13. Operating Leases**

The City leases some of its property to others under operating leases expiring in future years. The current year rental costs and minimum future rentals on noncancelable operating leases as of June 30, 2025, were not significant.

**Bulk Water Service**

The City issued Cascade County a license to operate bulk water service dispensing stations for Cascade County residents. The term of this agreement is for the period of fifteen years from July 1, 2010, through June 30, 2025,

**City of Great Falls, Montana**  
**Notes to Financial Statements (Continued)**  
**June 30, 2025**

**13. Operating Leases - continued**

**Bulk Water Service - continued**

with an option to extend for an additional fifteen-year period. The County is required to pay for utility services at the same rate as other commercial customers.

The City also leases certain office equipment from others under operating leases expiring in future years. The current year rental costs and minimum future rentals on noncancelable operating leases as of June 30, 2025, were not significant.

**14. Contracted Services**

The City has entered into intergovernmental agreements with Cascade County for the following services:

**Fire Districts**

The City provides fire protection for 16 rural fire districts through an interlocal agreement with Cascade County. The current term of the agreement runs from October 1, 2021 to September 30, 2023, and was extended for another two-year term through September 30, 2025.

**Dispatch and Communication Services**

The City provides dispatching and communication services for Cascade County, the Town of Cascade, the City of Belt, and the Town of Neihart and rural fire departments. The agreement is dated June 6, 2018, and continues in effect until cancelled by either party.

**Library**

The City contributes to the operations of the Library Board. The financial accounting and reporting for the library operations is performed by the City. The County assesses a rural mill levy for the purpose of making contributions to the City's library operating costs. The 1993 management agreement between the City and Library was renegotiated in fiscal year 2025. The new agreement expires June 30, 2029.

**Health Department**

On November 22, 1999, the County and the City entered into an interlocal agreement establishing management authority, maintenance responsibilities, and ownership of record for the new City-County Health Department building. The City contributes to the operations of the City-County Health Department. The financial accounting and reporting for the health department is performed by the County and the County assesses a rural levy for department operating costs. The City remits to the County a contribution for operating costs on a periodic basis.

The City has entered into agreements with the following entities for operation of certain facilities:

**Golf Courses**

The City has a management agreement with CourseCo, Inc., d/b/a Great Falls Golf, LLC for operations of the Anaconda Hills Golf Course and Eagle Falls Golf Club. The agreement was approved December 18, 2018, for the period of February 1, 2019 to January 31, 2022. On September 21, 2021, an extension of the agreement was approved for an additional three-year term of February 1, 2022 through January 31, 2025. On January 21, 2025, another extension was approved for an additional five-year term of February 1, 2025 through January 31, 2030.

**Parking Facilities**

The City has an operations and management agreement with SP Plus Corporation for operation of all the City's parking facilities and for enforcement of parking violations. The term of the contract is from January 1, 2021 through December 31, 2025.

**Solid Waste**

The City has contracted with Montana Waste Systems, currently operating a private landfill for landfill privileges. The contract was approved for January 1, 2017 to December 31, 2025 with two five-year extended term options.

**City of Great Falls, Montana**  
**Notes to Financial Statements (Continued)**  
**June 30, 2025**

**14. Contracted Services - continued**

**Soccer Park**

The Seibel Soccer Park was built and is owned by the City, but is operated and maintained through a lease by the Great Falls Soccer Foundation. The lease was approved June 2, 2009 with a twenty-five year term. As a condition of the lease agreement the Great Falls Soccer Foundation will be responsible for maintenance and upkeep of all property and buildings, and be responsible for all associated costs.

**Wastewater Treatment Plant**

The City's wastewater treatment plant is operated by Veolia Water North America Operating Services, LLC. The contract was renewed on December 15, 2020 for January 1, 2021 through December 31, 2030.

**15. Contingencies**

The City is a defendant in various lawsuits, which arise out of the normal course of operations by the City. Management of the City intends to vigorously defend each claim and believes no material losses will be incurred on such claims.

**16. Risk Management**

The City faces a considerable number of risks of loss, including damage to and loss of its own property and the property of others, employment-related claims, Public Official Errors and Omissions, environmental damage, workers' compensation, and medical insurance costs of employees.

In 1986, the City joined together with other Montana cities to form the Montana Municipal Interlocal Authority (MMIA) which established a workers' compensation plan and a tort liability plan. MMIA is a risk retention pool funded by member cities and towns, providing risk management services and multiple coverage programs. The City's statutory liability limits for damages in tort action are \$750,000 per claim and \$1.5 million per occurrence and has secured its general liability coverage through the MMIA with a \$7,500 deductible per claim. The agreements for formation of the pools provide that they will be self-sustaining through member premiums. The MMIA liability plan and the MMIA workers' compensation program originally issued \$4.41 million and \$7.61 million in bonds, respectively, to immediately finance the necessary insurance reserves. The liability program has no debt outstanding at this time. In June of 1994, the workers' compensation bonds were refunded and reissued in the amount of \$7.62 million. All members signed a contingent note for a pro-rata share of this liability in case operating revenues were insufficient to cover the debt service. The bonds were retired on September 1, 2010. The City no longer receives workers' compensation coverage through MMIA as of June 30, 2024.

On July 1, 2024, the City obtained worker's compensation coverage from Montana State Fund (MSF). MSF is an independent non-profit public corporation functioning as an autonomous insurance entity supported solely from its own revenues. The City pays a quarterly premium for its workers' compensation insurance coverage with the Montana State Fund workers' compensation program, which is allocated to the employer funds based on total salaries and wages.

In 1998, the MMIA developed a property insurance program of which the City is now a member. This is an all risk policy, essentially all property owned by the City being insured for 100% of replacement cost, or stated amount, subject to a \$25,000 deductible for property and \$10,000 deductible for vehicles per occurrence. MMIA reinsurance their property insurance with a national municipal pool, Alliant Property Insurance Program. The property program funding differs from the liability and workers' compensation programs in that it has not utilized bond proceeds as a form of funding for losses. The program provides up to \$50 million of coverage for new acquisitions during the coverage period. Members have 120 days from date of acquisition to schedule property for coverage.

The MMIA property and liability coverages, transferring all risks of loss except for relatively small deductible amounts, are purchased through the MMIA and includes Public Officials Errors & Omission. Coverage limits and the deductibles in the policies have stayed relatively constant for the last several years. The premiums for the policies are allocated between the City's funds based on prior years' loss experiences. Following national trends,

**City of Great Falls, Montana**  
**Notes to Financial Statements (Continued)**  
**June 30, 2025**

**16. Risk Management - continued**

the City has seen increased claims against law enforcement. Despite this, settled claims resulting from these risks have not exceeded the insurance coverage in any of the past three fiscal years.

On July 1, 2021, the City reverted to a self-insured health plan administered by Blue Cross/Blue Shield. The City provides medical, dental and vision benefits and it is operated as an internal service fund, the Health and Benefits Fund. Rates are determined in consultation with Blue Cross/Blue Shield based on past claim experience. Included in the rates is a premium for a commercial “stop-loss” policy for any one claimant who exceeds \$150,000 in covered charges during a year.

Liabilities of the Health and Benefits Fund are reported when it is probable that a loss has occurred and the amount of that loss can be reasonably estimated. Liabilities include an amount for claims that have been incurred but not reported. These claims are estimated using a standard actuarial reserve methodology known as a “completion factor method (CGF)”. Using the claims date by paid date we developed a set of CGF specific completion factors that reflect the average pattern of claim payments over a 6-12 month period for each incurred month.

Fiscal Year	Claims Payable Beginning of		Claims Payable End of Fiscal		
	Fiscal Year	Claims Incurred	Claims Paid	Year	
2025	\$ 493,886	\$ 11,376,281	\$ 11,208,810	661,357	
2024	484,382	10,706,610	10,697,106	493,886	
2023	692,394	8,244,032	8,452,044	484,382	
2022	-	9,431,275	8,738,881	692,394	

**17. Net Positions and Fund Balances**

In the government-wide financial statements, net positions are classified in the following categories:

**Net Investment in Capital Assets**

This category groups all capital assets, including infrastructure in future years, into one component of net position. Accumulated depreciation and outstanding balances of debt that are attributable to the acquisition, construction, or improvement of these assets reduces this category.

**Restricted Net Position**

This category represents external restrictions imposed by creditors, grantors, contributors, or laws or regulations of other governments and restrictions imposed by law through Constitutional provision enabling legislation. Additionally, this category represents restrictions placed on the categories of Capital Projects, Debt Service, and specific projects and programs established by the City Commission.

**Unrestricted Net Position**

This category represents the net position of the City which are not restricted for any project or other purpose.

In the fund financial statements, reserves and designations segregate portions of fund balance that are either not available or have been earmarked for specific purposes. The various reserves and designations are established by actions of the City Commission and Management and can be increased, reduced, or eliminated by similar actions.

The fund balance categories are as follows:

1. Nonspendable fund balance - The net current financial resources that cannot be spent because they are either not in spendable form or legally or contractually required to be maintained intact.
2. Restricted fund balance - Are externally imposed by creditors, grantors, contributions, or laws or regulations of other governments or imposed by law through constitutional provisions or enabling legislation or established by the City Commission.
3. Committed fund balance - Fund balance committed by a City Commission adopted ordinance.

**City of Great Falls, Montana**  
**Notes to Financial Statements (Continued)**  
**June 30, 2025**

**17. Net Positions and Fund Balances - continued**

4. Assigned fund balance - Fund balance that has been appropriated by the City Commission through budget resolution for the upcoming fiscal year.
5. Unassigned fund balance - The remaining fund balance not classified into other categories. The General Fund is the only fund that reports a positive unassigned fund balance amount.

The City has a policy for minimum fund balance of 22% of annual appropriations for the General Fund. All other tax levy supported funds shall be considered adequate at 17% of annual appropriations. An unreserved fund balance for other operating funds of the City shall be considered adequate at a range of 8% to 22% of annual appropriations. Such balances shall be used to meet extended revenue cycles, meet short-term economic difficulties, respond to unique opportunities, provide for one-time expenditures, and respond to emergency and disaster situations. The City has elected to show the different fund balance categories in aggregate on the face of the financial statements for the governmental funds. The detail of the composition of the different categories is shown below:

	Major Special Revenue Funds					Other Governmental Funds		Total

**City of Great Falls, Montana**  
**Notes to Financial Statements (Continued)**  
**June 30, 2025**

**18. Deficit Fund Balances and Net Positions**

The Aim High Big Sky enterprise fund has a net position deficit of \$435,921. This is due to slower than anticipated operations since the facility opened in July 2024 and the previous GASB 68 required recording of the unfunded net pension liability.

The Multi-Sports enterprise fund has a net position deficit of \$69,952. This is due to slowdown in operations and the previous GASB 68 required recording of the unfunded net pension liability.

The Civic Center Events enterprise fund has a net position deficit of \$284,690. This is due to slowdown of operations since COVID and reduction of operating subsidy from the General Fund as well as the previous GASB 68 required recording of the unfunded net pension liability.

The Information Technology internal service fund has a net position deficit of \$182,806. This is due to the previous GASB 68 required recording of the unfunded net pension liability.

The Human Resources internal service fund has a net position deficit of \$298,192. This is due to the previous GASB 68 required recording of the unfunded net pension liability.

The Finance internal service fund has a net position deficit of \$658,226. This is due to the previous GASB 68 required recording of the unfunded net pension liability.

The Engineering internal service fund has a net position deficit of \$148,799. This is due to the previous GASB 68 required recording of the unfunded net pension liability.

**19. Adjustments and Restatements**

**Correction of Error in Previously Issued Financial Statements**

During fiscal year 2025, the City determined there were certain errors in amounts previously reported in the 2024 financial statements resulting in a restatement of the beginning net position and fund balance. The corrections consist of the following:

- (A) The City identified the improper capitalization of certain expenditures for internal engineering services which were capitalized in fiscal years ranging from 1994 to 2024. Accordingly, capital assets, net of depreciation as of June 30, 2024, were overstated by \$9,753,754. The effect of this correction is shown in Error Correction Column A in the table below.
- (B) The City identified grant revenue that should have been recorded in the prior year. Accordingly, accounts receivable and federal revenue as of June 30, 2024, were understated by \$111,950. The effect of this correction is shown in Error Correction Column B in the table below.
- (C) The City identified accrued payroll that should have been recorded in the prior year. Accordingly, expenditures of the General Fund were understated by \$563,934. The effect of this correction is shown in Error Correction Column C in the table below.

**Change to and within the Reporting Entity**

During fiscal year 2025, there was a change within the financial reporting entity which resulted in the Park Maintenance District Fund being reported as a nonmajor fund instead of as a major fund due to not meeting the quantitative threshold to be classified as a major fund. As such, beginning fund balance was reclassified from major to presented as a nonmajor fund. The effect of the change on beginning fund balance is shown in the table below.

During fiscal year 2025, there was a change to the financial reporting entity which resulted in the Public Library Foundation no longer being reported as a Discretely Presented Component Unit. This conclusion is based on the following considerations:

**City of Great Falls, Montana**  
**Notes to Financial Statements (Continued)**  
**June 30, 2025**

**19. Adjustments and Restatements – continued**

Change to and within the Reporting Entity - continued

- Increased public funding to the Library Fund has significantly reduced the Library's reliance on the Foundation for capital and programmatic support.
- The bylaws of the Foundation establish its operational independence and grant it full discretion over the use and timing of its resources.
- The City does not appoint a voting majority of the Foundation's board, nor does it have the ability to impose its will on the Foundation or access its resources.

The effect of the change on beginning net position is shown in the table below.

Adjustments to and Restatements of Beginning Balances

During fiscal year 2025, changes to and within the reporting entity and error corrections resulted in adjustments to and restatements of beginning net position and fund net position/fund balance as follows:

	July 1, 2024, As Previously Reported	Error Correction (A)	Error Correction (B)	Error Correction (C)	Change to or Within the Financial Reporting Entity	July 1, 2024, As Restated
<b>Governemnt-Wide</b>

**20. Subsequent Events**

On August 5, 2025, the City Commission approved financing for \$2,500,000 of improvements for the Great Falls Fire Rescue Fire Training Center through the Montana Board of Investments Intercap Loan Program.

On October 21, 2025, the City Commission approved financing of \$2,000,000 through the Drinking Water State Revolving Fund for the Head House Repair Project at the City of Great Falls Water Treatment Plant.

Management has evaluated subsequent events through December 22, 2025, the date on which the financial statements were available to be issued.

**For the Year Ended June 30, 2025**

**1. Employee Benefit Plan**

**Changes of Benefit Terms: Public Employees' Retirement System (PERS)**

The following changes to the plan provision were made as identified:

**2017:**

**Working Retiree Limitations – for PERS**

Effective July 1, 2017, if a PERS retiree returns as an independent contractor to what would otherwise be PERS-covered employment, general contractor overhead costs are excluded from PERS working retiree limitations.

**Refunds – PERS**

- 1) Terminating members eligible to retire may, in lieu of receiving monthly retirement benefit, refund their accumulated contributions in a lump sum.
- 2) Terminating members with accumulated contributions between \$200 and \$1,000 who wish to rollover their refund must do so within 90 days of termination of service.
- 3) Trusts, estates, and charitable organizations listed as beneficiaries are entitle to receive only a lump-sum payment.

**Lump-sum payouts**

Effective July 1, 2017, lump-sum payouts in all systems are limited to the member's accumulated contributions rate than the present value of the member's benefit.

**Disabled PERS Defined Contribution (DC) Members**

PERS members hired after July 1, 2011 have a normal retirement age of 65. PERS DC members hired after July 1, 2011 who became disabled were previously only eligible for a disability benefit until age 65. Effective July 1, 2017, these individuals will be eligible for a disability benefit until they reach 70, thus ensuring the same 5-year time period available to PERS DC disable members hired prior to July 1, 2011 who have a normal retirement age of 60 and are eligible for a disability benefit until age 65.

**PERS – Changes in Actuarial Assumptions and Methods**

**Method and assumptions used in calculations of actuarially determined contributions**

The following actuarial assumptions and methods were used to determine contribution rates reported for fiscal year ended June 30, 2024, which were based on the results of the June 30, 2023 actual valuation:

General Wage Growth*	3.50%
Investment Rate of Return*	7.30%, net of pension plan investment and administrative expenses
*Includes inflation at	2.75%
Merit salary increase	0% to 8.47%
Asset valuation method	Four-year smoothed market
Actuarial cost method	Entry age Normal
Amortization method	Level percentage of payroll, open
Remaining amortization period	30 years
Mortality	
Active Participants	PUB-2010 General Amount Weighted Employee Mortality projected to 2021 for males and females. Projected generationally using MP-2021.
Disabled Retirees	PUB-2010 General Amount Weighted Disabled Retiree mortality table, projected to 2021, set forward one year for both males and females.
Contingent Survivors	PUB-2010 General Amount Weighted Contingent Survivor Mortality projected to 2021 with ages set forward one year for both males and females. Projected generationally using MP-2021.
Health Retirees	PUB-2010 General Amount Weighted Healthy Retiree Mortality Table projected to 2021, with ages set forward one year and adjusted 104% for males and 103% for females. Projected generationally using MP-2021.

**City of Great Falls, Montana**  
**Notes to Required Supplementary Information (Continued)**  
**For the Year Ended June 30, 2025**

**1. Employee Benefit Plan - continued**

The actuarial assumptions and methods utilized in the June 30, 2023 valuation, were developed in the five year experience study for the period ending 2021.

**Changes of Benefit Terms: Firefighters' Unified Retirement System (FURS)**

The following changes to the plan provision were made as identified:

**2017:**

**Working Retiree Limitations – for FURS**

Applies to retirement system members who return on or after July 1, 2017 to covered employment in the system from which they retired.

- 1) Members who return for less than 480 hours in a calendar year:
  - a. May not become an active member in the system; and
  - b. Are subject to a \$1 reduction in their retirement benefit for each \$3 earned in excess of \$5,000 in the calendar year.
- 2) Members who return for 480 or more hours in a calendar year:
  - a. Must become an active member of the system”
  - b. Will stop receiving a retirement benefit from the system; and
  - c. Will be eligible for a second retirement benefit if they earn 5 or more years of service credit through their second employment.
- 3) Employee, employer and state contributions, if any, apply as follows:
  - a. Employer contributions and state contributions (if any) must be paid on all working retirees;
  - b. Employee contributions must be paid on working retirees who return to covered employment for 480 or more hours in a calendar year.

**Second Retirement Benefit – for FURS**

Applies to retirement system members who return on or after July 1, 2017 to active service covered by the system from which they retired.

- 1) If the member works more than 480 hours in a calendar year and accumulates less than 5 years of service credit before terminating again, the member:
  - a. Is not awarded service credit for the period or reemployment;
  - b. Is refunded the accumulated contributions associated with the reemployment;
  - c. Starting the first month following termination of service, receives the same retirement benefit previously paid to the member; and
  - d. Does not accrue post-retirement benefit adjustments during the term of reemployment but receives a Guaranteed Annual Benefit Adjustment (GABA) in January immediately following retirement.
- 2) If the member works more than 480 hours in a calendar year and accumulates at least 5 years of service credit before terminating again, the member:
  - a. Is awarded service credit for the period of reemployment;
  - b. Starting the first month following termination of service, receives:
    - i. The same retirement benefit previously paid to the member and
    - ii. A second retirement benefit for the period of reemployment and calculated based on the laws in effect as a member's rehire date; and
  - c. Does not accrue post-retirement benefit adjustments during the term of reemployment but receives a GABA:
    - i. On the initial retirement benefit in January immediately following second retirement, and
    - ii. On the second retirement benefit starting in January after receiving that benefit for at least 12 months.
- 3) A member who returns to covered service is not eligible for a disability benefit.

**City of Great Falls, Montana**  
**Notes to Required Supplementary Information (Continued)**  
**For the Year Ended June 30, 2025**

**1. Employee Benefit Plan – continued**

**Refunds – FURS**

- 1) Terminating members eligible to retire may, in lieu of receiving monthly retirement benefit, refund their accumulated contributions in a lump sum.
- 2) Terminating members with accumulated contributions between \$200 and \$1,000 who wish to rollover their refund must do so within 90 days of termination of service.
- 3) Trusts, estates, and charitable organizations listed as beneficiaries are entitle to receive only a lump-sum payment.

**Lump-sum payouts**

Effective July 1, 2017, lump-sum payouts in all systems are limited to the member's accumulated contributions rate than the present value of the member's benefit.

**FURS -Changes in Actuarial Assumptions and Methods**

**Method and assumptions used in calculations of actuarially determined contributions**

The following actuarial assumptions and methods were used to determine contribution rates reported for fiscal year ended June 30, 2024, which were based on the results of the June 30, 2023 actual valuation:

General Wage Growth*	3.50%
Investment Rate of Return*	7.30%, net of pension plan investment and administrative expenses
*Includes inflation at	2.75%
Merit salary increase	1% to 6.40%
Asset valuation method	Four-year smoothed market
Actuarial cost method	Entry age Normal
Amortization method	Level percentage of payroll, open
Mortality	
Active Participants	PUB-2010 Safety Amount Weighted Employee Mortality projected to 2021 for males and females. Projected generationally using MP-2021.
Health Retirees	PUB-2010 Safety Amount Weighted Healthy Retiree Mortality Table projected to 2021, with ages set forward one year for males and adjusted 105% for males and 100% for females. Projected generationally using MP-2021.
Disabled Retirees	PUB-2010 Safety Amount Weighted Disabled Retiree Mortality projected to 2021, set forward one year for males.
Contingent Survivors	PUB-2010 Safety Amount Weighted Contingent Survivor Mortality projected to 2021, set forward one year for males. Projected generationally using MP-2021.

The actuarial assumptions and methods utilized in the June 30, 2023 valuation, were developed in the five-year experience study for the period ending 2021.

**Changes of Benefit Terms: Municipal Police Officers' Retirement System (MPORS)**

The following changes to the plan provision were made as identified:

**2017:**

**Working Retiree Limitations – for MPORS**

Applies to retirement system members who return on or after July 1, 2017 to covered employment in the system from which they retired.

- 1) Members who return for less than 480 hours in a calendar year:
  - a. May not become an active member in the system; and
  - b. Are subject to a \$1 reduction in their retirement benefit for each \$3 earned in excess of \$5,000 in the calendar year.

**City of Great Falls, Montana**  
**Notes to Required Supplementary Information (Continued)**  
**For the Year Ended June 30, 2025**

**1) Employee Benefit Plan - continued**

- 2) Members who return for 480 or more hours in a calendar year:
  - a. Must become an active member of the system
  - b. Will stop receiving a retirement benefit from the system; and
  - c. Will be eligible for a second retirement benefit if they earn 5 or more years of service credit through their second employment.
- 3) Employee, employer and state contributions, if any, apply as follows:
  - a. Employer contributions and state contributions (if any) must be paid on all working retirees;
  - b. Employee contributions must be paid on working retirees who return to covered employment for 480 or more hours in a calendar year.

**Second Retirement Benefit – for MPORS**

- 1) Applies to retirement system members who return on or after July 1, 2017 to active service covered by the system from which they retired.
- 2) If the member works more than 480 hours in a calendar year and accumulates less than 5 years of service credit before terminating again, the member:
  - a. Is not awarded service credit for the period of reemployment;
  - b. Is refunded the accumulated contributions associated with the reemployment;
  - c. Starting the first month following termination of service, receives the same retirement benefit previously paid to the member; and

**City of Great Falls, Montana**  
**Notes to Budgetary Comparison Schedule**  
**June 30, 2025**

**1. Summary of Significant Accounting Policies**

**a. Budgets and Budgetary Accounting**

Annual budgets are legally required and are prepared for all funds except trust and custodial funds. The budgets are prepared on the same basis and using the same accounting practices as are used to account and prepare financial reports for the funds except capital outlay and debt principal are budgeted in the proprietary funds. Depreciation is not budgeted.

The City is required to prepare its accounting records and financial reports in accordance with generally accepted accounting principles established by the governmental accounting standards board according to Title 7, Chapter 6, Part 6, MCA. For budgeting purposes, the budget must show the complete expenditure program for the local government entity for the coming fiscal year and the sources by which it will be funded. The legal level of budgetary control is at the fund level. The final budget is enacted by the City Commission after holding public hearings as required by state statutes.

The City is organized under the provisions of the commission-manager form of government. The City Commission retains authority to set budget parameters through approval and adoption of annual budgets. The authority to make transfers of appropriations between funds is retained by the City Commission. The City Manager is delegated the authority to make transfers or revisions within appropriations of any fund. The Annual Budget Resolution allows the City Manager the flexibility to incorporate the appropriated reserves and contingency accounts into the adopted budget. The City Manager may delegate, to Department Directors, the authority to make transfers or revisions within appropriations of specific operations, limited to the fund level of accountability.

All appropriations lapse at the end of the fiscal year, but the Annual Budget Resolution allows for the "carryover" of the appropriation in specific circumstances. Major changes without "carryovers" in the legally adopted budgets consisted of:

Fund	Amount	Purpose
<b>Revenues</b>		
General	\$4,500,071	Recognizing on-behalf payments for pensions GASB 85
Park Maintenance District	350,468	Contributions and donations
Police Special Revenue	164,276	Grant, donations, and drug forfeiture revenue received
General Capital Projects	1,296,238	Grant revenue for animal shelter, police, and civic center projects
Golf Courses	160,000	Additional charges for services revenue
Water	396,000	Public works grant received

Fund	Amount	Purpose
<b>Expenses/ Expenditures</b>		
General	\$4,500,071	Recognizing on-behalf payments for pensions GASB 85
Police Special Revenue	212,389	Additional projects from grants, donations, and drug forfeitures
HIDTA Special Revenue	132,200	Grant revenue received for drug task force operations
West Bank TID Bonds	1,526,677	Activated reserves for City Commission approved TIF projects
Downtown TID Bonds	618,326	Activated reserves for City Commission approved TIF projects
General Capital Projects	1,296,238	Grant revenue for animal shelter, police, and civic center projects
Golf Courses	160,000	Additional expenses from charges for services revenue
Water	396,000	Grant funded capital project

**b. Excess of Expenditures Over Appropriations**

There were no excess expenditures over appropriations in the Governmental Funds.

**City of Great Falls, Montana**  
**Nonmajor Governmental Funds**  
**Fund Descriptions**

**Special Revenue Funds**

Special revenue funds account for resources and expenditures which are designated by law or contractual agreement for specified functions or activities and are legally required to be accounted for in separate funds.

Park & Recreation Fund – This fund is used to account for donations and contributions related to Parks and Recreation, including Park Land “Trust”, and special events operated by Park and Recreation.

Parkland Trust Fund – This fund is used to account for payments in lieu of parkland that are received.

Library Fund – This fund is used to account for fund operations for the Great Falls Public Library.

Library Foundation Fund – This fund is used to account for restricted and unrestricted donations for the Great Falls Public Library.

Planning & Community Development Fund – This fund is used to account for fund operations for the City’s Planning and Community Development (PCD) Department. The Department accounts for subdivision reviews, annexations, re-zoning, transportation planning, historic preservation, and other related planning services within the City of Great Falls incorporated limits.

Central Montana Ag Tech Park TID Fund – This fund is used to account for fund operations to encourage industrial growth by providing tax increment financing from the Central MT Ag Tech Tax Increment District.

Airport TID Fund – This fund is used to account for special revenue derived from the Airport Tax Increment District.

East Industrial Ag Tech Park TID Fund - This fund is used to account for revenue derived from the East Industrial Ag Tech Park Tax Increment District.

Economic Revolving Fund – This fund is used to account for economic development activities including the pass-through grants from the Big Sky Economic Development grants.

Permits Fund – This fund is used to account for the revenues and expenses associated with the building permit process of the City.

Natural Resources Fund – This fund is used to account for fund operations to provide arboriculture, horticultural, and natural resource services in all public property and right-of-ways within the City of Great Falls.

Portage Meadows Fund – The purpose of this fund is to maintain the grass, trees, and irrigation system, and to provide snow removal in the green belt park of Portage Meadows Addition. The City created a special improvement maintenance district and assesses the property owners for the maintenance costs.

Park Maintenance District Fund - The Park Maintenance District Fund accounts for special assessment revenues received for the District and expenses associated with identified park and recreation projects. This fund also pays debt service on the outstanding debt of the District.

Support & Innovation Fund – This fund is used to account for general government support provided to governmental and quasi-governmental entities which operate under their own policy-making boards. This includes the assessments raised by the Business Improvement District and the Tourism Business Improvement District.

Gas Tax BaRSAA Fund – This fund is used to account for gas tax revenue received from the increased tax of the Bridge and Road Safety Accountability Act. Revenue is used for street maintenance capital projects.

911 Special Revenue Fund – This fund is used to account for the shares of telephone charges received to support 911 emergency telephone services. The City operates a regional 911 emergency telephone center.

**City of Great Falls, Montana**  
**Nonmajor Governmental Funds**  
**Fund Descriptions**

**Special Revenue Funds (Continued)**

Police Special Revenue Fund – This fund is used to account for drug forfeitures, court judgments, crime prevention education, and other contributions or donations to the Police Department.

HIDTA Special Revenue Fund – This fund is used to account for the High Intensity Drug Trafficking Area task force. HIDTA is funded through a Grant by the Office of National Drug Control Policy (ONDCP).

Fire Special Revenue Fund – This fund is used to account for donations and miscellaneous grants to the Fire Department for fire prevention and education.

Home Grant Fund – This fund is used to account for the federal grant funds received through the HOME Investment Partnership Program to expand the supply of decent, safe, sanitary, and affordable housing, with primary attention to rental housing for very low to low income people.

Street Lighting Districts Fund – This fund is used to account for the collection of assessments and subsequent payment of special lighting district costs.

**Debt Service Funds**

The debt service funds account for the accumulation of resources for the payment of principal and interest on debt such as general obligation, tax increment, and special assessment.

Soccer Park GO Bond Fund – This fund is used to account for General Obligation Bonds Series 2004 payable for construction of the Electric City Soccer Park. The bonds were refinanced in 2014 and are now General Obligation Bonds Series 2014A.

West Bank TID Bonds Fund – This fund is used to account for the debt of the West Bank Park Urban Renewal District.

Downtown TID Bonds – This fund is used to account for the debt of the Downtown Tax Increment District. Debt was issued April 6, 2021 and is scheduled to be paid off on July 1, 2040.

SID Bonds Fund – This fund is used to account for bonded indebtedness on Special Improvement Districts (SIDs).

Master Debt SILD Fund – This fund is used to account for City owned and operated new lighting districts debt.

**Capital Projects Funds**

The capital projects funds account for the financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by proprietary and trust funds).

General Capital Projects Fund – This fund is used to account for general purpose funds dedicated to capital projects.

Improvement District Projects Fund – This fund is used to account for general improvement capital projects financed by special assessments.

Hazard Removal Fund – This fund is used to account for fund operations for accomplishing the removal of dangerous buildings and the cleanup of problem properties when the property owner is financially unable or unwilling to correct the problem.

**City of Great Falls, Montana**  
**Nonmajor Enterprise Funds**  
**Fund Descriptions**

The enterprise funds account for operations that are financed and operated in a manner similar to private business enterprises, or for operations where periodic determination of revenues, expenses and net income is considered desirable. These funds account for services rendered to the general public on a user charge basis.

Golf Courses Fund – This fund accounts for the operation of two eighteen-hole golf courses: Eagle Falls and Anaconda Hills.

Swimming Pools Fund – This fund is used to account for fund operations for operating three swimming pools.

Aim High Big Sky - This fund is used to account for revenues and expenses related to the Aim High Big Sky Recreation Center, recreation programs, and other miscellaneous fee-based recreation programs administered by the Parks and Recreation Department.

911 Dispatch Center Fund – This fund is used to account for fund operations including the answering and dispatching of calls for County-wide law enforcements, fire and ambulance services.

Parking Fund – This fund is used to account for fund operations for public parking. The Planning & Community Development Department administers a management contract with SP Plus Corporation for the day-to-day operation of parking facilities and parking enforcement. The fund receives and processes all citation-based revenue.

Recreation Fund – This fund is used to account for revenues and expenses related to the recreation center, recreation programs, and other miscellaneous fee-based recreation programs administered by Recreation Division.

Multi-Sports Fund – This fund is used to account for revenues and expenses related to a multi-sports complex.

Ice Breaker Run Fund – This fund is used to account for revenues and expenses related to the Ice Breaker road race.

Civic Center Events Fund – This fund is used to account for fund operations for the promotion and coordination of the use of the Civic Center arena, auditorium, ballroom, and Gibson Room.

Port Authority Fund

The Port Authority Fund is used to account for operations of the Great Falls Port Authority as a blended component unit of the City.

## **City of Great Falls, Montana**

### **Internal Service Funds**

#### **Fund Descriptions**

The internal service funds account for the financing of goods or services provided by one department or agency to other departments or agencies of the City on a cost reimbursement basis.

**Central Garage Fund** – This fund is used to account for fleet operations for the City. Functions include maintenance, fuel dispensing, and replacement services for all major vehicles and motor equipment owned by the City.

**Information Technology Fund** – This fund is used to account for providing centralized and personal computer operations, equipment services, and support.

**Insurance & Safety Fund** – This fund is used to account for central insurance and safety program costs of the City, which includes centralized handling of premium payments, claims processing, and general insurance administration.

**Health & Benefits Fund** – This fund is used to account for payroll deductions made to the City's health insurance plan and payments from retirees and component units. The fund processes payments of health insurance premiums. This fund also accounts for the payment of other payroll deductions including federal and state.

**Human Resources Fund** – This fund is used to account for providing professional services to the management of the City, its employees and the public through the administration of a comprehensive Human Resources Program. This fund is also used to account for providing centralized payroll services to the City's employees.

**City Telephone Fund** – This fund is used to account for overseeing operations related to all City telephones, telephone leases, and long-distance carriers for the Civic Center, Park & Recreation, Fire and Police Department buildings.

**Finance Fund** – This fund is used to account for providing centralized services for accounting, cash investments, utility billing and customer service, debt issuance, and capital asset tracking.

**Engineering Fund** – This fund is used to account for providing technical support for the Utilities and Operation branches of Public Works and other departments within the City.

**Public Works Admin Fund** – This fund is used to account for the overall planning, organizing, and coordination of the three branches of Public Works: utilities, operations, and engineering.

**Civic Center Facility Services Fund** – This fund is used to account for the costs of maintaining and operating the Civic Center and the City departments located there.

### **Fiduciary Funds**

#### **Fund Descriptions**

A category of funds used to report assets held in a trust agreement or equivalent arrangement that has certain characteristics or in a custodial capacity for the benefit of others and which therefore cannot be used to support the City's own programs.

#### **Private-Purpose Trust Funds**

Private-purpose trust funds are used to report all fiduciary activities that do not meet the requirements to be reported in pension trust funds or investment trust funds, but do meet the requirements to be a GASB other fiduciary trust.

Castle Pines Trust Fund – This fund is used to account for assessments collected from the buyers of Castle Pines Subdivision lots as closing costs to be used for future construction of off-site public improvements related to the subdivision.

ULRRWSD (Upper Lower River Road Water Sewer District) Trust Fund – This fund is used to account for assessments and expenses for the District for the addition of the District to the City's water and sanitary sewer systems in all phases.

#### **Custodial Funds**

Custodial funds are used to report activities carried out exclusively for the benefit of those outside of the government but not administered through GASB postemployment benefit trusts or GASB other fiduciary trusts.

Court Fund – This fund is used to account for appearance bond and restitution money.

## Statistical Section

### Table of Contents

This part of the City of Great Falls' annual comprehensive financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the government's overall financial health.

#### Contents

##### Financial Trends

These schedules contain trend information to help the reader understand how the government's financial performance and well-being have changed over time.

##### Revenue Capacity

These schedules contain information to help the reader assess the government's most significant local revenue source, the property tax.

##### Debt Capacity

These schedules present information to help the reader assess the affordability of the government's current levels of outstanding debt and the government's ability to issue additional debt in the future.

##### Demographic and Economic Information

These schedules offer demographic and economic indicators to help the reader understand the environment within which the government's financial activities take place.

##### Operating Information

These schedules contain service and infrastructure data to help the reader understand how the information in the government's financial report relates to the services the government provides and the activities it performs.

Sources: Unless otherwise noted, the information in these schedules is derived from the annual comprehensive financial reports for the relevant year.

The decrease in General Fund unassigned fund balance in 2018 was due to protested taxes not received in the fiscal year.

The increase in General Fund unassigned fund balance in 2020 was due to an increase in tax revenue collected due to the Calumet settlement as well as CARES funding.

The decrease in General Fund unassigned fund balance in 2022 was due to not using the inflationary factor and permissive medical levy.

The fluctuations in All Other Governmental Funds Restricted balances were due to the changing needs for debt service reserves and capital projects restrictions in the funds.

The increase in All Other Governmental Funds Restricted balance was due to COVID funding received in 2022.

<sup>1</sup> This year's decrease in taxes is due primarily to protested taxes.

<sup>2</sup> This year's increase in expenditures is due to increased personal and operation costs.

<sup>3</sup> This year's increase in expenditures for debt service and issuance was due to a refinancing in West Bank TID.

<sup>4</sup> This year's increase in expenditures is due to debt issuance of the Park Maintenance District.

<sup>1</sup> University mill levies of 6 mills are excluded from tax increment districts.

Note: The City's real estate property tax is levied as of November 1 on the assessed value listed as of January 1 of the same year, for all property located in the City. Assessed values are established by the Montana Department of Revenue (DOR) based on a market value. A revaluation of all property is required to be completed on a periodic basis. Taxable value is defined by State statute as a fixed percentage of assessed value.

**Note:** Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the city. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of Great Falls. This process recognizes that, when considering the city's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping government.

<sup>a</sup> See Demographic Statistics Schedule for personal income and population data. These ratios are calculated using personal income and population for two prior calendar years.

<sup>b</sup> Effective July 1, 2007 the legal debt limit increased from 1.51% to 2.5% of the assessed value of taxable property according to MCA 7-7-4201.

<sup>c</sup> According to MCA 7-7-4201, funds borrowed from Montana Board of Investments are to be included in the total amount of general obligation debt. These funds are included in the loans and contracts payable column of the Ratios of Outstanding Debt by Type statistical information. The Business-type activities Electric Fund notes payable is a taxable non-voted general obligation note. This note has been added to the net general bonded debt amount. In fiscal year 2013, all net general bonded debt amounts were restated to include this additional debt. In fiscal year 2014, the Business-type activities Electric Fund notes payable was refinanced and is a Governmental-type activities general obligation taxable bond.

The debt limitation may not exceed 2.50% of the total assessed value of taxable property within the city as ascertained by the last assessment for state and county taxes.

The general obligation debt does not require any reserves.

<b>Jurisdiction</b>	<b>General Obligation Debt Outstanding<sup>1</sup></b>	<b>Percent Allocable to City<sup>1</sup></b>	<b>Amount Allocable to City</b>
Elementary School District No. 1	\$ 33,630,000	72.37%	\$ 24,338,344
High School District No. 1	38,835,000	71.31%	27,691,877
Cascade County	-	-	-
Total overlapping debt			52,030,222
Total direct debt <sup>2</sup>			18,520,918
Total direct and overlapping debt			<u><u>\$ 70,551,140</u></u>

<sup>1</sup> Accounting staff from Great Falls Public Schools

<sup>2</sup> City of Great Falls, Montana

**Note:** Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the city. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of Great Falls. This process recognizes that the entire debt burden borne by the residents and businesses should be taken into account when considering the city's ability to issue and repay long-term debt. However, this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping government.

Full-time equivalent is a term used, whereby the number of scheduled hours is divided by the hours in a full work week.

The hours of several part time employees may add up to one FTE.

The number of employees listed on the major employers listing, page 218, is different from this total due to the calculations of FTE's.

In 2018, the Information Technology employees were separated from the Finance Department and listed on their own.

In 2020, the Park & Recreation Department Golf employees moved to a private management company.

In 2022, the payroll function was moved from Finance to Human Resources and Insurance & Safety was moved to Human Resources.

In 2023, the CC Facilities fund moved from Planning to Events. December 1, 2022, Housing Authority were no long City employees.

In 2024, the Library mill levy passed which allowed for the increase in employees in the Library Fund.

In 2025, the City opened the Aim High Big Sky Recreation Center which added 25.95 FTEs for Park & Recreation.

**Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and  
Other Matters Based on an Audit of Financial Statements Performed in Accordance with  
*Government Auditing Standards***

To the Mayor and City Commission  
City of Great Falls  
Great Falls, Montana

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (*Government Auditing Standards*), the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Great Falls (the City), as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the City's basic financial statements and have issued our report thereon dated December 22, 2025.

**Report on Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the City's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. We identified a deficiency in internal control, described in the accompanying Schedule of Findings and Questioned Costs as item 2025-01 that we consider to be a material weakness.

### **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **City's Response to Findings**

*Government Auditing Standards* requires the auditor to perform limited procedures on the City's response to the findings identified in our audit and described in the accompanying Schedule of Findings and Questioned Costs. The City's response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Denver, Colorado  
December 22, 2025

**Independent Auditor's Report on Compliance for the Major Federal Program; Report on Internal Control Over Compliance; and Report on the Schedule of Expenditures of Federal Awards Required by the Uniform Guidance**

To the Mayor and City Commissioners  
City of Great Falls  
City of Great Falls, Montana

**Report on Compliance for the Major Federal Program**

***Qualified Opinion***

We have audited City of Great Falls's (the City) compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on the City's major federal program for the year ended June 30, 2025. The City's major federal program is identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

***Qualified Opinion on the Community Development Block Grants/Entitlement Grants***

In our opinion, except for the noncompliance described in the Basis for Qualified Opinion section of our report, the City complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on its major Federal program identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs for the year ended June 30, 2025.

***Basis for Qualified Opinion***

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for the major federal program. Our audit does not provide a legal determination of the City's compliance with the compliance requirements referred to above.

***Matter Giving Rise to Qualified Opinion on Community Development Block Grants/Entitlement Grants***

As described in the accompanying schedule of findings and questioned costs, the City did not comply with requirements for *Assistance Listing No. 14.218 Community Development Block Grants/Entitlement Grants as described in finding numbers 2025-002 for Reporting*.

Compliance with such requirements is necessary, in our opinion, for the City to comply with the requirements applicable to that program.

***Responsibilities of Management for Compliance***

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the City's federal program.

***Auditor's Responsibilities for the Audit of Compliance***

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the City's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the City's compliance with the requirements of the major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the City's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.

- Obtain an understanding of the City's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

### ***Other Matters***

*Government Auditing Standards* requires the auditor to perform limited procedures on the City's response to the noncompliance findings identified in our compliance audit described in the accompanying schedule of findings and questioned costs. The City's response was not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

### **Report on Internal Control over Compliance**

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we did identify a deficiency in internal control over compliance that we consider to be a material weakness.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance. We consider the deficiency in internal control over compliance described in the accompanying schedule of findings and questioned costs as item 2025-002 to be a material weakness.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

*Government Auditing Standards* requires the auditor to perform limited procedures on the City's response to the internal control over compliance findings identified in our compliance audit described in the accompanying schedule of findings and questioned costs. The City's response was not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

**Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance**

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the City's basic financial statements. We issued our report thereon dated December 22, 2025, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

City of Great Falls, Montana  
Notes to Schedule of Expenditures of Federal Awards  
Year Ended June 30, 2025

---

**Note 1 - Basis of Presentation**

The accompanying schedule of expenditures of federal awards (the schedule) includes the federal award activity of the City of Great Falls (the City) under programs of the federal government for the year ended June 30, 2025. The information is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the schedule presents only a selected portion of the operations of the City, it is not intended to and does not present the financial position, changes in net assets (*or net position or fund balance*), or cash flows.

**Note 2 - Summary of Significant Accounting Policies**

Expenditures reported in the schedule are reported on the accrual basis of accounting, except for subrecipient expenditures, which are recorded on the cash basis. When applicable, such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

**Note 3 - Indirect Cost Rate**

The City does not draw for indirect administrative expenses and has not elected to use the 10% *de minimus* cost rate.

**Section II – Financial Statement Findings**

---

**2025-001: Restatements and Material Audit Adjustments**  
**Material Weakness**

*Criteria:* The City is required to provide accurate GAAP basis financial data for preparation of the annual financial statements. Additionally, a good system of internal accounting control contemplates an adequate system for recording, processing and reconciling account balances to the financial statements and ensuring cutoff is accurate for both accounts receivable, accrued expenses and related revenues and expenditures.

*Condition:* Based on audit procedures performed as of June 30, 2025, we identified the following material adjustments that were recorded in order to fairly present the financial statements in accordance with GAAP.

- Internal engineering service expenses were improperly capitalized over a period spanning from fiscal year 1994 through fiscal year 2024. This resulted in an overstatement of capital assets (net of depreciation) by \$9,753,754 as of June 30, 2024.
- Additionally, Federal grant revenue and corresponding receivable totaling \$111,950 in the CDBG Fund was not recorded in FY2024. These funds were identified and drawn down from the grant in FY2025. Because the associated expenses occurred in FY2024, the grant revenue became available at that time and should have been recognized in the same corresponding year.
- Lastly, payroll expenditures incurred during fiscal year 2025 and paid in fiscal year 2026 were not accrued as of June 30, 2025, resulting in a restatement to the general fund of approximately \$563,000.

*Cause:* The City's financial reporting process lacked sufficient review and reconciliation procedures to ensure accurate classification of costs, timely recognition of grant revenues, and proper accrual of year-end expenditures.

*Effect:* Financial statements were materially misstated prior to audit adjustments, impacting the accuracy of reported capital assets, grant revenues, and expenditures. This could lead to misinformed decision-making by management, noncompliance with GAAP, and potential reputational risk.

*Recommendation:* We recommend the City Implement enhanced review and reconciliation procedures for capital asset transactions and ensure controls are in place at year end to ensure timely recognition of grant revenues and other accruals that may be necessary.

*Views of Responsible Officials:* Agree

City of Great Falls, Montana  
Schedule of Findings and Questioned Costs  
Year Ended June 30, 2025

---

---

**Section III – Federal Award Findings and Questioned Costs**

---

**2025-002: U.S. Department of Housing and Urban Development, ALN # 14.218  
Community Development Block Grants/Entitlement Grants  
Reporting  
Material Weakness in Internal Control over Compliance and Material Noncompliance**

*Criteria:* The Uniform Guidance, Section 200.303 Internal Controls, requires that the non-Federal entity must establish and maintain documentation of effective internal controls over Federal awards that provide reasonable assurance that awards are being managed in compliance with Federal statutes, regulations and the terms and conditions of the Federal award.

*Condition:* During testing of reporting compliance for the CDBG program, we reviewed three quarterly PR29 Cash on Hand reports submitted to HUD. One of the three reports contained an inaccurate amount in Line 13 – Revolving Funds Received During the Reporting Period. The incorrect figure did not reflect actual program activity for the quarter, resulting in a discrepancy between reported and actual cash activity. As such, ending Cash on Hand does not agree to underlying accounting records.

Additionally, we tested the annual PR26 CDBG Financial Summary Report for Program Year 2023 which was filed during the City's current fiscal year. The City was unable to support the accuracy of the amount reported within line 5, current program income.

*Cause:* The City's internal review process for CDBG reporting was insufficient to detect and correct errors prior to submission. Specifically, the lack of a documented secondary review and reconciliation of source data to the PR29 and PR26 reports contributed to the inaccurate reporting within both reports.

*Effect:* The submission of inaccurate information to HUD could lead to misinterpretation of program cash flow and compliance status. While the error was isolated, it indicates a weakness in internal controls that could result in future reporting inaccuracies, potentially impacting Federal oversight and funding decisions.

*Questioned Costs:* None Reported

*Context/Sampling:* A nonstatistical sample of 4 reports out of 6 were selected for Reporting testing.

*Repeat Finding from Prior Year:* No

*Recommendation:* We recommend the City ensure review and approval controls are in place to ensure all required reports are accurate and submitted timely.

*Views of Responsible Officials:* Agree
