Police Advisory Board No meeting was held this quarter.

New Business:

Jolene Schalper briefed the group on the proposed 3 mil tax levy to support economic development.

Other Business:

The committee discussed a concern brought by Mr. Harry Kokko, a neighborhood resident. Mr. Kokko is concerned at the parking of automobiles near intersections which blocks the vision of motorists nearing the intersection. Mr. Kokko contacted our police department and learned that there is a 30 foot restriction on parking near intersections. He also learned that the issuance of citations is "complaint driven". The police will not issue a citation unless a citizen complains about a specific vehicle. Committee member Mike Flaherty will raise this issue with the chief of police and report at our next meeting.

Mr. Ryan Buffington informed the group about his plans to construct an indoor sports facility near Flood Road. He will attend a future meeting to present updates as they develop.
