Unfinished Business: none

Minutes—accepted with typo correction

Committee Reports

School Board—3 candidates for Board(number of vacancies), no election needed (save \$40K),
Will not seek a levy this year. Budget meetings continue.

Council of Councils will meet May 29, 2019.

Calumet Report—Joe Downer and Marlene Halko attended and gave an update on the fire event at the refinery last month. Thankfully there were no injuries and much was learned from the event. Refinery will continue to improve communication between them and emergency personal in the the community, clarify and communicate what is meant by lockdown, remain in place, etc. during an emergency. They will improve procedures regarding weather issues and equipment.

Vision and Goal setting for council will be held in the Fall.

New Business

Will contact Get Fit Great Falls for a presentation in May.

Selected Jan, 2020, for our council's work session with the city commission, after we work on goals and vision.

Neighborhood Concerns—questions about the field east of Riverview School as to whether it will be developed—no info on that. Still concerned about an additional street light at the SW corner of North Middle school. Concerns about RV's parked along the streets now that summer is approaching. Neighbors are encouraged to report those violations if they occur.

Other Business

Filing dates for neighborhood council election is June 17. Cyndi Baker and Tim Austin will not be running again. Sue Dickenson, Kathleen Gessman and Max Mauch will run again. All are encouraged to find additional people to serve on Council.

Meeting adjourned. Next Meeting---May 2, 2019
