

Great Falls Public Library's Update on the 'Little Free Libraries in the Park' Project

Council 2: Rhodes Park

We are excited to announce that new Little Free Library structures have been ordered and will be installed by Summer-Fall 2021!

Parks & Recreation has graciously offered to install all the structures, including that of Rhode's Park. The library will partner with their team to ensure that each structure is ADA accessible and can be enjoyed by everyone in the community. Should you have any comments or concerns on the location of your LFL, please reach out to Amy, the VISTA on the project! Her email is atruong@greatfallslibrary.org!

We can't wait to share new photos with you all of the Little Free Library at Rhodes Park once the project is complete!

✓ 2014: Installed with Community Support

Project Partners:
NeighborWorks (Grant)
Parks & Recreation
Pat McConnell (Little Free Library Builder)
Neighborhood Council 2

✓ Summer –Fall 2021: NEW Little Free Library Structure Will Be Installed

✓ Future Discussion on Stewardship

Library staff place books into the Little Free Library structures for the community to enjoy! In the past, the neighborhood councils informed library staff if the structures were without books or if they needed immediate repair. We invite councils to champion their Little Free Libraries, encouraging those in their communities to engage with the books! In other cities, stewards may host a Book Club in the Park! There is so much potential!

repairs & weather-proofing needed

Having survived over 7 Montana winters, Rhodes Park's Little Free Library has some wear and tear, but is still in decent condition! We appreciate the repairs your council has initiated in maintaining the structure!
