- Females comprise over 17% of the US Armed Forces & 10% of veteran population.
- The fastest growing segment of unhoused persons is female veterans.
- Almost 80% of unhoused female veterans also have dependent children.
- Available transitional housing was not created to house females or children.

The strategy behind Grace Haven is to empower unhoused women to improve their life through stable housing, addressing mental health and/or addiction issues, and finding stable employment. Within a homelike environment, Grace Haven provides safe zelly1“sober living” housing, food, and clothing. Within the community, we ensure access to education, job training and opportunities for safe, sober leisure activities. Grace Haven is led and supported by St. Vincent DePaul of North Central Montana. Consistent with the SVDP mission to give priority to the poorest of the poor and the most rejected by society, we work with *people, organizations, and outreaches* to help meet unhoused female veterans’ and their children’s greatest needs.

About Grace Haven:
