

GREAT FALLS NEIGHBORHOOD COUNCILS

GET INVOLVED IN YOUR LOCAL GOVERNMENT

Established in 1997, Neighborhood Councils operate within the City as advisory bodies to City staff, the City Commission, and residents of their districts. The Councils act as liaisons between residents and their city government conveying successes and concerns back and forth. Neighborhood Council (NC) meetings take place monthly in a location within each Council's district.

Notable NC accomplishments include: improvement of city parks, feedback on safety and traffic issues, and involvement in city policy such as the Downtown Master Plan and the Growth Policy. The Councils are also utilized as sources of community outreach and input by private entities such as Energy West Montana, Calumet, and Benefis Hospital.

GREAT FALLS
NEIGHBORHOOD COUNCILS

If community involvement is
on your radar, now is the
time to take action by
attending a meeting!
