Michael Shell who is running for City Commission spoke at meeting and gave us information about him and why he is running. He believes Citizen Input very important in City Government.

Jeff Key, Traffic Engineer, gave us a brief overview of the Transportation Plan and also asked residents for their input and if any questions. They will present their report and hold public meeting sometime in October.

**Barbara had made a request that minutes from meeting be sent to all the members so they had time to review and make corrections before the following meeting. I am sending out these notes just so you are aware of what went on at our September meeting. I would also like to let you know that I will not be here in October I am going to Houston to spend some time with son so please let Patty know as soon as possible if you will not be able to make the October meeting.
