## EXHIBIT C

May 14, 2004

Property Owner  
400 Beaverhead Court  
Great Falls, MT 59405

Parcel No.: 1217900

Dear Property Owner:

Today there are approximately 33,000 trees lining our streets and throughout our park system which comprise our public "Community Forest" in Great Falls. A healthy, vigorous Community Forest helps to attract new businesses, tourists, makes neighborhoods safer and more sociable, adds 10% or more to property values, reduces heating and cooling costs and is a wise investment of Community dollars. All of these benefits depend on healthy trees and landscaping. Healthy trees and landscaping requires quality care and quality care depends on us.

In order to provide for a comprehensive method for planting, pruning, maintaining and caring for street trees and other right-of-way landscaping a new City-Wide Tree and Landscaping Program to assess properties is currently being considered.

The **estimated** annual cost to a property owner with an average size lot consisting of 7,500 square feet would result in an annual assessment of \$47.69 in your district. This amount would appear on your property tax assessment bill each year beginning with the 2004/2005 assessment year.

Montana State Law requires sending individual notices of intent to each affected property owner in addition to the publication of the legal notice relating to the creation and assessment of the district. The enclosed notice is scheduled to be published in the *Great Falls Tribune* on Monday, May 24, 2004 through Friday, May 28, 2004.

At any time within 15 days after the date of the first publication of the notice of passage of the resolution of intention, any owner of property liable to be assessed for said work may make written protest against the extent or creation of the district to be assessed. Such notice must be in writing and be delivered to the City Clerk who shall endorse thereon the date of its receipt.

You are invited to attend the public hearing for the City-Wide Tree and Landscaping Program on Tuesday, June 15, 2004 at 7:00 o'clock p.m. in the Commission Chambers in the Civic Center.

If you have any questions regarding this new assessment, please call me at 455-8477.

Sincerely,
