Wayne Klind

Staff/Consultant:

Brock Cherry
Alaina Mattimiro
Andrew Finch
Allison Mouch

General Public:

Jenn Rowell, The Electric
Jeanie Price (left early)

Overview

The meeting began at about 3:30 PM with an introduction to the meeting by Planning & Community Development Director Brock Cherry. Mr. Cherry then directed Allison Mouch of Orion Planning+Design to begin her presentation.

Ms. Mouch began by going over some key information regarding the Existing Conditions Analysis that was conducted in the scope of the Growth Policy. There was discussion amongst the committee members about the analysis, specifically regarding the population projections.

Ms. Mouch also introduced the workshop mapping activity that would be used for the January community workshops happening at the end of the month. Ms. Mouch asked for feedback regarding the maps and questions being asked. Some of the feedback from the steering committee members included adding points of reference for participants and changing vocabulary to be more user friendly.

Steering committee members were encouraged to attend the upcoming workshop meetings if they could, but attendance was not mandatory.

There was no public comment.

Meeting adjourned at 5:30 PM.
