Overview

The meeting began at 3:30 PM with an introduction to the meeting by Planning & Community Development Director Brock Cherry. Mr. Cherry brought up a proposal to change the steering committee meetings from monthly to every other month. Steering committee members agreed to move forward with the proposal, meaning that the next meeting would be in May.

Mr. Cherry also walked through the steering committee responsibilities moving forward, including the need for committee members to continue to push the Growth Policy Community Survey throughout the next two weeks.

Staff presented on preliminary results for the Community Survey as well as the feedback that was received at the Planning Week workshops. Committee members discussed the feedback that presented.

There was no public comment.

Meeting adjourned at 4:55 PM.
