

CITY OF GREAT FALLS INFORMATION FOR BIDDERS AND SPECIFICATIONS FOR Asphaltic Concrete Material

1.0 INFORMATION FOR BIDDERS

- 1.1 Bids: All bids shall be made on the attached forms provided by the City of Great Falls (City). All bids shall be legibly written in ink.
- 1.2 Delivery of Bid: Each bid must be signed and submitted in a sealed envelope. Envelope containing bid shall be addressed to the City Clerk, 2 Park Drive South, Civic Center Room 204, Great Falls, MT 59401, and plainly marked on the outside with the statement, "Bid for 14,000 Tons of Asphaltic Concrete Material." Signed and sealed bids are due no later than **10:30 am, Wednesday, June 7, 2023.** Bids will be opened in the Civic Center Rainbow Room at 10:30 AM, Wednesday, June 7, 2023.
- 1.3 Bid and Performance Guarantee: Bids must be accompanied by a cashier's check, certified check, or bank money order and issued by a national banking association located in the State of Montana, or by any banking corporation incorporated in the State of Montana; or by a bid bond or bonds executed by the Surety Corporation authorized to do business in the State of Montana in the amount of ten percent (10%) of the amount of the bid as a guarantee that the successful bidder will satisfy all requirements of the bid. Upon the successful bidder's satisfactory performance of the terms and conditions of the bid, the guarantee will be returned to bidder.
- 1.4 Affidavit of Non-Collusion: Signed and notarized.
- 1.5 Rejection of Bid: If deemed by the City of Great Falls to be in its best interests, the City of Great Falls reserves the right to reject any and all bids or to accept any bid.

2.0 SPECIFICATIONS

- 2.1 Materials: Bituminous materials shall conform to Section 702 of the "Standard Specifications for Road and Bridge Construction" adopted by the Montana State Highway Commission.

	Meets or Exceeds Specifications Yes or No	Explanation of any Exceptions
a. 1.) Asphalt concrete shall consist of aggregate conforming to <u>the Montana Public Works Standard Specification, Sixth Edition dated April 2010, Section 02510.</u> Aggregate gradation shall be Type B as provided for in Table 1.	<hr style="width: 100%;"/>	<hr style="width: 100%;"/>
2.) Asphalt concrete shall consist of aggregate conforming to <u>the Montana Public Works Standard Specification, Sixth Edition dated April 2010, Section 02510.</u> Aggregate gradation shall be Type C as provided for in Table 1.	<hr style="width: 100%;"/>	<hr style="width: 100%;"/>
b. Asphaltic cement shall be performance graded	<hr style="width: 100%;"/>	<hr style="width: 100%;"/>

asphalt binder, PG58-28.

c. A job mix design performed within the last twelve months shall be provided for the proposed asphaltic concrete mixes. All information listed in Section 02510 subsection 2.5 shall be included in the design.

d. The City will order six Marshall Quality Control tests to be performed by an independent testing laboratory during the course of accepting delivery on the 14,000 tons. The contractor shall provide the tests at no cost to the City. Three tests found to be not in compliance with specifications may be considered as cause to void the contract with supplier and purchase asphalt from the next responsive bidder.

e. The contractor shall certify that the plant conforms with the mixing plant specifications in the **Montana Public Works Standard Specification, Sixth Edition dated April 2010**, Section 02510, subsections 2.1 and 3.6. The City may inspect the plant during normal working hours to verify compliance.

f. Unreasonable delays, as determined by the City will result in required materials being purchased from the next responsive bidder and that amount being deducted from the quantities of this contract.

2.2 **Bid Extension:** The bid price for asphaltic concrete material shall be the guaranteed price for the period July 1, 2023 through December 31, 2023. Prior to December 15, 2023 the asphaltic concrete supplier shall provide a proposed guaranteed price for the period January 1, 2024 through June 30, 2024. Any deviation from the price from the previous period shall be fully documented to the satisfaction of the City. The City, using its sole discretion, shall decide whether to accept the proposed price for the period January 1, 2024 through June 30, 2024 and extend this contract or to rebid the contract for the asphalt acquisition for January 1, 2024 through June 30, 2024. Any accepted increase may decrease the total amount of asphaltic concrete purchased.

3.0 ESTIMATED TONNAGE/HAULING COSTS

a. The 14,000 tonnage figure is to be used only for the purpose of submitting a bid and determining a bid bond amount; actual usage for the 2023 asphalt season may vary from the estimate.

b. The City of Great Falls Pavement Preservation Program will start on or about July 1, 2023 and end December 31, 2023.

c. The bid shall be by the ton at the supplier's plant. Hauling costs will be calculated by the City of Great Falls Street Division and added to the per ton cost. Bidder shall provide samples of asphaltic concrete material upon request of the City of Great Falls Street Division. Bidder shall be responsible for proper product, temperature and consistency.

d. The City Street Manager or his designated representative shall place orders with the successful bidder Monday through Friday by the close of prior business day.

e. Pick-up/acquisition of product shall be made at the supplier's plant by City of Great Falls Street Division personnel.

- f. The listed quantities are based on preliminary project programming, which is subject to change. The City reserves the right to vary the quantities of each line item and may alter tonnage without additional price negotiation.

4.0 TESTING

The Bidder will be responsible for any testing necessary to ensure that the asphaltic concrete material meets the gradation enumerated under Section No. 2 of these Specifications.

5.0 METHOD OF MEASUREMENT AND BASIS OF PAYMENT

- 5.1 Measurement: Tonnage shall be measured by a certified weigh scale. The actual weight will be used as a basis for payment.

- 5.2 Payment:

- a. Asphaltic Concrete Material shall be paid for at a unit price bid per ton as furnished to the City. Payment shall be full compensation for materials furnished in full compliance with the Specifications.
- b. No payment will be made for material rejected for deviations from these Specifications.

BID SHEET

Bid for: Asphaltic Concrete Material

Item	Description	Est. Unit Quantities	Unit Price	Total Bid
1.	MPWSS Type B	11,000 Tons	\$ /Ton	\$
2.	MPWSS Type C	3,000 Tons	\$ /Ton	\$
3.	Total of line (1.) and line (2.)		Total Bid	\$

(Unit price shall be used to correct mathematical errors)

4. Designate site (location address) of bidder's source _____

5. Miles to City Shop, direction, nearest town or specific address*

*(A predetermined cost per mile factor shall be uniformly applied to the base price to determine low bid.)
